VACANT	Director, Project Delivery

Letter of Transmittal

We are pleased to submit for your review the FY2017 Budget of the North Texas Tollway Authority ("NTTA" or "Authority").

Section 505 of the Trust Agreement for the NTTA System requires that the Board adopt a Preliminary Budget of current expenses (operating budget) and the deposit to the Reserve Maintenance Fund for the following year in October of the current year. The Final Budget must be adopted in December or the budget for the previous year will remain in force until the Board adopts a new budget.

This chart provides an overview of the FY2017 Budget with a comparison to the FY2016 Final Budget.

North Texas Tollway Authority		
	FY2017 Budget	FY2016 Budget
Estimated Revenues	\$735,088,415	\$663,999,523
Operating Budget	\$155,100,000	\$142,640,000
Total Net Debt Service	\$371,854,285	\$369,794,943
Estimated Coverage First Tier	1.87	1.69
Estimated Coverage All Debt	1.45	1.32
Reserve Maintenance Deposit	\$32,796,968	\$33,519,360
Estimated Capital Improvement Fund Deposit	\$183,855,825	\$125,628,850

If you have any questions, or need additional information, please let us know. We look forward to presenting and discussing the FY2017 Budget at the October Board meeting.

Very truly yours,

Gerald Carrigan, *Executive Director*

Horatio Porter, *Chief Financial Officer*

NTTA Overview

Founded in FY1997, the NTTA is authorized by the State of Texas to acquire, construct, maintain, repair and operate turnpike projects in the North Texas region. By law, a nine-member board oversees the work of NTTA. Two board members are selected by the commissioners' courts of the following counties: Collin, Dallas, Denton and Tarrant. The governor of the State of Texas appoints the ninth member.

NTTA is a non-appropriated (state) organization that uses all revenue generated for projects within the North Texas region. NTTA advances projects in alignment with the North Central Texas Council of Governments' 2040 Metropolitan Transportation Plan. The NTTA operates two separate enterprise systems. The original NTTA System facilities are: Dallas North Tollway (DNT), President George Bush Turnpike (PGBT), Sam Rayburn Tollway (SRT), Addison Airport Toll Tunnel (AATT), Lewisville Lake Toll Bridge (LLTB) and Mountain Creek Lake Bridge (MCLB). In FY2011, NTTA created the Special Projects System (SPS) that consists of the President George Bush Turnpike Western Extension (PGBTWE) and Chisholm Trail Parkway (CTP). The CTP is NTTA's first project in Tarrant and Johnson counties.

Additionally, NTTA is the tolling services provider on all toll projects in the region that are owned and operated by other entities. NTTA is paid for the services it provides under tolling services agreements (TSAs) with these other entities.

The NTTA System trust agreement requires the Board of Directors to approve an annual operating budget in December of the preceding year and to adopt a toll rate schedule that will produce net revenues to satisfy debt service requirements. A separate trust agreement governs NTTA's Special Projects System and that budget is approved in July.

NTTA collects toll revenues through all-electronic toll collection, or cashless tolling. Tollway drivers have two options to pay their tolls:

- With a TollTag: Electronic receptors at each tollway gantry scan vehicles TollTags, and toll payment is automatically deducted from users' accounts. TollTag customers pay the lowest rates.
- Through ZipCash: High-speed cameras photograph the license plates of vehicles passing under each tollway gantry NTTA sends ZipCash bills by mail to the registered vehicle owners. ZipCash customers pay a higher rate to offset the additional cost of collecting through this option.

Today, NTTA continues working to meet the demands for transportation in the North Texas four-county region, which boasts 5.1 million registered vehicles and an estimated FY2015 population of 6.2 million that has grown by 22.3 percent in the last 10 years.

Strategic Plan

FIVE-YEAR STRATEGIC GOALS

GOALS

OBJECTIVES

Customer-Driven Organization	<ul style="list-style-type: none">• Provide a high quality customer service experience• Ensure equitable collection of tolls• Drive corporate branding and educate the public about using toll roads
Financially sound and vibrant organization	<ul style="list-style-type: none">• Maintain compliance with trust agreements• Maintain effective internal controls• Improve, maintain, and optimize financial processes• Align performance metrics to manage costs
Delivering transportation solutions	<ul style="list-style-type: none">• Plan and build quality, environmentally responsible toll facilities• Efficiently maintain and operate system assets• Drive internal and external safety improvements• Leverage assets to create new customer value
Respected leader and partner in the region's transportation network	<ul style="list-style-type: none">• Build strong, effective relationships with governments, partners and stakeholders• Develop strategies and collaborate on regional road planning• Foster management and business relationships that reflect the region's diversity
Highly qualified, energized and engaged team	<ul style="list-style-type: none">• Recruit, develop and retain high-quality people• Recognize and reward performance• Develop and optimize Human Resources processes• Advance employee communication and engagement strategies

FY2017 STRATEGIC PRIORITIES

Priorities to support the Authority's five-year strategic goals and objectives are established annually.

The chart below illustrates those priorities and their alignment with the strategic goals.

Strategic Priority	Related Strategic Goal(s)
Maintain primacy in region	Respected leader and partner in the region's transportation network
Elevate NTTA brand	Customer-driven organization Financially sound and vibrant organization
Continue to relieve congestion	Delivering transportation solutions
Develop collections breakthrough	Financially sound and vibrant organization
Enhance safety	Customer-driven organization Delivering transportation solutions
Continue to improve diversity	Respected leader and partner in the region's transportation network
Improve vendor quality	Respected leader and partner in the region's transportation network
Execute Capital Plan	Respected leader and partner in the region's transportation network
Continue to bolster staff development	Highly qualified, energized and engaged team

FY2017 Budget Executive Summary

INTRODUCTION

The North Texas region is experiencing vibrant growth due to relocation of major businesses and economic opportunities. This growth shows no sign of slowing down in FY2017, and most of it is occurring along NTTA corridors. NTTA helps ease traffic flow by providing safe and reliable toll road options for millions of customers. The FY2017 budget enables the Authority to increase customer service while maintaining the standards of the NTTA System in alignment with the Authority's five strategic goals:

- Customer-driven organization
- Financially sound and vibrant organization
- Delivering transportation solutions
- Highly qualified, energized and engaged team
- Respected leader and partner in the region's transportation network

Forming the framework for the FY2017 Budget is the Authority's continued focus on customer service, collections and construction. This budget allocates resources to improve operating results and add capacity to the NTTA System. Specifically, NTTA is investing in priorities aimed at bolstering customer satisfaction while increasing collections across all customer groups. The strategic priority focus for FY2017 includes:

- Elevate the NTTA brand by increasing TollTag promotions and marketing, including videos and infographics, to reach the increasing number of customers who rely on mobile technology and new social media channels
- Develop collections breakthrough by: (a) Bolstering the ability to invoice more transactions by continuing to invest in "out-of- state" lookup services and expanding the vehicle registration block and other programs (b) Improving customer response time by augmenting staffing with a temporary contract service program for maximum flexibility (c) Strengthening early-stage cash collections through continued implementation of legislation
- Enhance safety by adding resources to roadway safety services
- Continue to relieve congestion and execute the capital plan by adding capacity to the System and maintaining it to the Authority's standards in order to enhance the customer driving experience.

As NTTA continues to advance these efforts, there are critical assumptions about drivers and components that shape the FY2017 Budget:

1. Revenues are growing due to anticipated traffic growth and a scheduled rate increase.
2. Debt service payments are escalating. The anticipated increase coincides with traffic growth on new and existing toll roads. Despite the higher debt obligations, NTTA expects to outperform the 1.50 first-tier debt service coverage established by the Board.
3. The Operation and Maintenance Fund will increase to fund the strategic priorities listed above. Additionally, there are other general cost increases fueled by transaction growth. These include postage, bank charges and credit card processing fees.
4. The Reserve Maintenance Fund increases for scheduled maintenance of roads, facilities and equipment.

- The Construction and Capital Improvement Funds are increasing, primarily because of the ongoing construction to add a fourth lane to the DNT, PGBT and SRT. These additional lanes will help mitigate congestion along the corridors.

The following pages offer details on the key components of the FY2017 Budget. Also provided is a summary of each department's strategic efforts and significant variance explanations (see pages 53-128).

The NTTA System and Special Projects System consist of revenue-producing toll roads and service roads. The combined roads represent the total lane miles NTTA must maintain. With the opening of the Chisholm Trail Parkway in FY2014 and adding 16 lane miles of capacity to the PGBT in late FY2016, total lane miles have increased by 13.6% during the last five years, from 850 lane miles in FY2013 to 966 lane miles in FY2017.

FY2017 TRANSACTIONS

The FY2017 Budget primarily focuses on increasing the number of TollTag customers and also efficiently processing, invoicing and collecting non-TollTag (ZipCash) transactions.

Overall, the toll transactions for the NTTA System are estimated to increase to 724.1 million in FY2017. Separately, the Special Projects System has 99.2 million transactions. In addition, the TSAs, discussed later, will add an estimated 110.0 million transactions in FY2017.

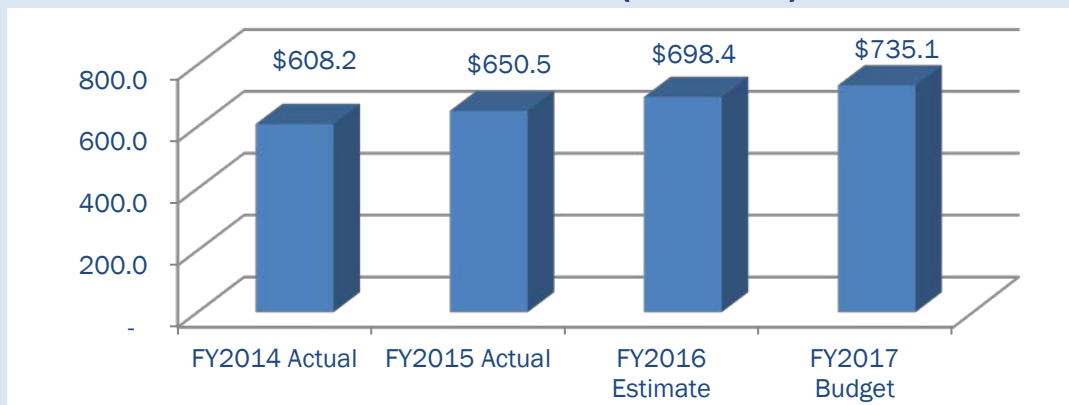

Transactions Trends (millions)

FY2017 REVENUES

Uniquely positioned, NTTA brings a businesslike approach to a traditional government sector, providing transportation alternatives to customers for a reasonable fee. The business model approach of fee for service requires a keen focus on customers to ensure they continue to use the roads. As a business entity, NTTA does not receive taxes to support its operations. Revenues are derived from tolls, service fees and interest income. Total FY2017 estimated revenues for the NTTA System are \$735.1 million. The primary source is toll revenues from TollTag account customers and ZipCash invoices. The toll revenue budget of \$703.9 million is split: \$586.3 million for TollTag account revenue and \$117.6 million for ZipCash revenue (see CDM Smith projection on pages 211-217). Estimated toll revenues increase by \$38.0 million from FY2016 estimates. Other income consists of administrative fees, miscellaneous fees and claims recovery for a combined estimate of \$23.0 million, or approximately 3.1% of total revenue. The administrative fees are based on business rules that include a \$10 fee for the first notice of nonpayment and a \$25 fee for the second notice of nonpayment. Finally, projected interest income is \$8.2 million, or approximately 1.1% of total revenue.

Revenue Trends (millions)

FY2017 DEBT SERVICE AND LOAN REPAYMENT

Total net debt service will increase to \$405.0 million in FY2017, or 0.8%, from \$401.9 million estimated for FY2016. This anticipated increase funds the obligation to NTTA bondholders. The debt service was structured to mirror the traffic and revenue growth of new and existing facilities. Additionally, the NTTA System helped finance the construction of the Chisholm Trail Parkway through subordinated debt. The subordinated debt payment due for the loan is \$24.1 million. There is also an ISTEAL loan payment of \$9.0 million due for the financing of PGBT. While the subordinated debt payment and ISTEAL loan payments represent a portion of the NTTA System's indebtedness, they are not funded from the Debt Service Fund but instead from the Capital Improvement Fund. Estimated FY2017 total bond debt service coverage is 1.87 times first-tier debt service, above the 1.35 times as required by the Trust Agreement. Estimated coverage for all debt service, including the CIF-funded subordinated debt payment and the ISTEAL loan, is 1.45 times compared to the required 1.00 times.

FY2017 EXPENDITURES (OPERATING AND CAPITAL RELATED FUNDS)

The overall anticipated expenditures total \$442.5 million for all funds. Those funds include Operation and Maintenance (OMF), Reserve Maintenance (RMF), Construction (CF), Capital Improvement (CIF), Feasibility Study (FSF) and Enterprise Fund (EF). The requirement of the Trust Agreement is the adoption of an annual OMF budget and deposits to RMF. The OMF and RMF annual budgets total \$207.0 million, the capital related funds are \$223.2 million, and the TSAs budgets are \$12.3 million.

OPERATION AND MAINTENANCE FUND (OMF)

The FY2017 OMF budget is \$155.1 million. Detailed variance explanations as compared to the FY2016 budget are on the department budget and information documents (see pages 53-128). For FY2017 the Finance Department has been renamed to the Accounting Department. The Collections and Toll Enforcement and the Customer Service Contact Center departments have been reorganized into the Contact Center and Collections and the Customer Care departments. All of the NTTA System labor costs are budgeted in the Operation and Maintenance Fund. Transfers are made to OMF from other funds (RMF, CF, CIF and FSF) for their share of salaries. This allows the Authority to present a complete view of salaries and benefits and to better track staffing-related costs.

Operation and maintenance costs directly associated with operational services of the NTTA System (Contact Center and Collections, Customer Care, Information Technology, Maintenance, Operations,

System and Incident Management, and Project Delivery departments) are \$129.9 million, or 83.8% of the total budget.

Costs directly associated with the Administrative Services of the NTTA System (Accounting Administration, Board, Cash and Debt Management, Financial Planning and Analysis, Human Resources, Internal Audit, Legal, Procurement and Business Diversity, Public Affairs and Shared Services departments) are \$25.2 million, or 16.2% of the total budget.

As NTTA strategically manages its operations, major budget increases were limited to the four departments critical to customer initiatives: Contact Center and Collections, Customer Care, Information Technology, and System and Incident Management. Budgets for all other departments had a net decrease.

The Contact Center and Collections Department is responsible for delivering high-quality customer service to more than 7 million customers and implementing collection strategies for the organization. The FY2017 budget increases by approximately \$9.5 million, mainly due to addition of \$6.1 million for contract staffing, \$2.6 million for credit card processing and \$0.6 million for costs necessary to accelerate early stage collections and pursue more transactions for invoicing. The contract staffing will be used as part of an initiative to answer 70% of all calls within 30 seconds. The other additional costs are necessary to fund growth in TollTag accounts and revenue transactions.

The newly created Customer Care Department is responsible for ensuring customer satisfaction through service and support. The department has an operating budget of \$0.8 million for FY2017.

The Information Technology Department budget is increasing by \$0.9 million for software maintenance and support, customer service enhancements, and strengthening the all-electronic tolling environment.

The System and Incident Management Department provides roadside assistance to motorists and ensures our facilities have timely clearance of incidents, thereby reducing risk and traffic congestion for our customers. The budget is increasing by \$0.6 million for roadway customer service-related costs.

Overall, the FY2017 OMF budget adequately addresses known business demands and needs.

RESERVE MAINTENANCE FUND (RMF)

Ongoing and preventive maintenance of the existing infrastructure, facilities and equipment ensures the assets operate effectively. Annual inspections and the asset management program guide NTTA's budgeted investment in RMF. Estimated project expenditures for FY2017 are \$51.9 million (see pages 140-145). The estimated expenditures include the Project Delivery and Maintenance departments' \$41.1 million for infrastructure maintenance requirements and the IT Department's \$10.8 million primarily to replace outdated servers, computers and equipment. The estimated starting balance in the RMF is \$22.0 million. Therefore, a deposit of \$32.8 million is required to cover FY2017 project expenditures, the \$2.9 million transfers for overhead to OMF and to maintain the \$5.0 million required reserve (see calculation on page 141).

CAPITAL FUNDS

The following funds correspond directly to the FY2017 - FY2021 Five-Year Capital Plan. Summary explanations are provided below.

Construction Funds (CF)

Estimated expenditures for FY2017 are \$20.6 million (see pages 132-139). This includes \$18.7 million for project construction costs for DNT, PGBTEE and SRT, \$1.5 million for Letter of Credit (LOC) fees for the SRT, and \$0.4 million for professional and legal fees.

Capital Improvement Fund (CIF)

FY2017 estimated expenditures are \$200.9 million (see pages 146-157). It contains \$143.0 million for Project Delivery expansion projects; mainly \$77.6 million for expansion of the DNT and \$33.9 million for PGBT expansion and improvements. It also includes \$2.7 million for Maintenance infrastructure reconstruction and repairs, \$4.6 million for System and Incident Management safety improvement projects; and \$44.6 million for Information Technology system upgrades, enhancements and replacements. The remaining expenditures of \$6.1 million are from various departments, which include: \$2.0 million LOC fees for commercial paper, \$2.2 million for professional fees, traffic and revenue studies and legal fees; and \$1.9 million for TollTag promotions on SH 360 South. The estimated revenue deposit to the CIF is \$183.6 million.

CIF-Revolving Account/Feasibility Study Fund (FSF)

Estimated expenditures for FY2017 are \$1.7 million (see pages 158-165). This includes \$1.0 million for projects under study and \$0.7 million for professional fees, traffic and revenue studies, and legal fees. The primary focus is environmental studies of various projects.

ENTERPRISE FUND/TOLLING SERVICES AGREEMENTS

The region provides a transportation option with the introduction of TEXpress Lanes or “managed lanes”, which offer an alternative that helps relieve traffic congestion in the region. Customers choosing this alternative pay a toll for this service. The Authority is responsible for the collection of tolls on all tolled projects in the North Texas region. The Authority created the Enterprise Fund to account for the revenue and expenses associated with tolling services agreements (TSAs). Currently, the Authority has TSAs with LBJ Express (on LBJ Freeway, or Interstate 635), North Tarrant Express (NTE) 1 & 2W, NTE 3A/3B as well as the Regional TSAs (DFWConnector, I-30, I-35E, SH 114 and LBJ East). The Enterprise Fund has a FY2017 budget of \$12.3 million (see pages 166-168). This includes \$0.8 million for software maintenance, \$1.5 million for professional and legal fees, and \$10.0 million for allocated salaries, benefits and transaction processing-related costs.

PERSONNEL

Total budgeted full-time employee (FTEs) positions for FY2017 are 819 (see Staffing Summary page 45). Contact Center and Collections (CCC) added nine FTE's, System and Incident Management added five, Information Technology added three, and Project Delivery added one. These employees give the departments the resources to address service levels and increase customer service. The CCC is implementing voice-recognition software that will eliminate five FTE positions. The FY2017 Budget has \$40.4 million for salaries and wages. Continuing the pay-for-performance program, the salaries and wages amount includes \$1.3 million, equal to 3.5% of total base salaries and wages, for compensation adjustments or increases.

HEALTHCARE AND RETIREMENT BENEFITS

NTTA offers a comprehensive health care plan for its employees, which is managed by Public Employees Benefit Cooperative (PEBC). NTTA and employees jointly share in the cost of health insurance. Currently, NTTA pays approximately 80% of the cost and the employee, through payroll deductions, pays the remaining 20%. At present, 756 employees are expected to be covered by NTTA's plan in FY2017. In addition, NTTA provides retiree health care benefits through the Authority's Benefits plan, administered by PEBC. Employees retiring from NTTA with 10 years of service are eligible to participate in the company's insurance program. There are currently 15 individuals participating in the program. NTTA also participates in the Employees Retirement System of Texas Group Benefit Program for employees prior to FY1997 that remain eligible to retire under the State's plan. Currently 48 individuals participate in this plan. The FY2017 Budget includes \$8.9 million for overall group insurance costs. Based on historical experience, this amount will cover claims and provisions of the Affordable Care Act. Insurance accrual rates increased by a modest 3.8% for FY2017.

Through Texas County and District Retirement System (TCDRS), NTTA provides pension retirement benefits to its retirees. Employees with 10 years of service are eligible to receive 250% of the amount they contribute to their retirement. Currently the plan is overfunded at 106.2%. In FY1997, NTTA created a mandatory 401(K) because NTTA opted out of Social Security. The opt-out did not include the hospital insurance portion of the Federal Insurance Contribution Act so NTTA also contributes to Medicare. As a condition of employment, employees must contribute a percent of their salary to these plans: 6.00% to TCDRS, 4.00% to 401(K) and 1.45% to Medicare. NTTA contributes an amount of total salary as follows: 8.09% to TCDRS, 3.50% to 401(K) and 1.45% to Medicare. The FY2017 Budget includes \$5.3 million for overall retirement benefits. This amount includes an additional \$0.2 million due to TCDRS contribution rate increases from a rate of 7.63% in FY2016 to 8.09% in FY2017.

The budget reflects the accounting for healthcare costs of all future retirees. Accounting standards require the Authority to recognize this long-term potential obligation known as Other Post-Employment Benefits (OPEB). The annual allocation of this obligation is \$1.9 million. While the annual obligation is an estimate of future claims, NTTA currently pays the cost of actual retiree health care claims. As claims are less than \$40,000 annually, no additional funding is recommended.

SUMMARY

The FY2017 Budget positions NTTA to deliver a safe and reliable toll road system to more than 7 million customers annually while operating as a financially sound and vibrant organization. It allows the Authority to continue its commitment to bond holders by maintaining a 1.87 debt service coverage ratio. The budget also provides for strategic investments in operating departments as NTTA enhances the customer experience and accelerates invoicing and collections. Overall, it is a balanced budget, with estimated revenues exceeding the operational expenses, debt service and asset maintenance. The FY2017 Budget ensures that NTTA can perform responsibly and responsively for the benefit of all its stakeholders.

Fund Account Descriptions

The NTTA System operates as an enterprise fund in accordance with United States generally accepted accounting principles (GAAP). The Trust Agreement also requires that certain funds and accounts be established and maintained. The Authority considers these funds to be major funds and creates a schedule of net assets reporting the funds and accounts as separate columns. This schedule is presented as supplementary information in the basic financial statements and is audited by external independent auditors. The Authority is a non-appropriated, political subdivision of the state of Texas with no Authority funds subject to appropriations.

The funds and accounts established by the Trust Agreement are as follows:

REVENUE FUND (RF) - 1101

The Revenue Fund accounts for all revenues (all tolls, other revenues, and income) arising or derived by the Authority from the operation and ownership of the System. All revenues of this fund are distributed to other funds in accordance with the Trust Agreement. (See Revenue Distribution pages 209-210)

OPERATION AND MAINTENANCE FUND (OMF) - 1001

The Operation and Maintenance Fund accounts for and pays current operating expenses of the System.

RESERVE MAINTENANCE FUND (RMF) - 1201

The Reserve Maintenance Fund accounts for those maintenance expenses that do not recur on an annual or more frequent basis.

CAPITAL IMPROVEMENT FUND (CIF) - 1501

The Capital Improvement Fund accounts for the costs of repairs, enlargements, extensions, additions, improvements, reconstruction and replacement and capital expenses.

CIF-REVOLVING ACCOUNT/FEASIBILITY STUDY FUND (FSF) - 1601

The Feasibility Study Fund accounts for the initial cost of determining if a project is viable. While the Feasibility Study Fund is being separately identified, it is defined as a revolving fund in Chapter 366 of the Texas Transportation Code and is funded from surplus of the Capital Improvement Fund. The estimates for this fund vary from year-to-year based on the number of projects that are under consideration. The majority of the costs are recorded as deferred charges until the feasibility of the projects are determined; at that time the costs will either be reimbursed or recorded as an expense.

CONSTRUCTION FUND (CF) - 3700

The Construction Fund accounts for that portion of the proceeds from the sale of revenue bonds or other financing sources and funds received from other entities to pay all costs of construction of new projects of the System. A separate Construction Fund is created and maintained for each project. The estimates for this fund vary from year-to-year based on the amount of construction estimated for that year.

INTEREST AND SINKING FUNDS (I&SF) - 4211, 4221, & 4231

The Interest and Sinking Funds are the debt service funds of the Authority and account for all the payments of debt obligations. The Amended and Restated Trust Agreement, dated April 1, 2008, re-designated the funds as First-, Second-, or Third-Tier Interest and Sinking Funds. The First-Tier debt obligations have a security interest in the Net Revenues senior to that securing the Second-Tier and the Third-Tier debt obligations. The Second-Tier debt obligations have a security interest in the Net Revenues senior to that securing the Third-Tier debt obligations. Three accounts were created within each of these I&SF Tiers as follows:

- First, Second, or Third Tier Bond Interest Account – This account was created to account for the interest payments for the debt obligation within each tier.
- First, Second, or Third Tier Reserve Account – This account was created to account for any required reserves provided for in the Supplemental Agreement associated with the issuance of debt within each tier.
- First, Second, or Third Tier Redemption Account – This account was created to account for the principal payments for the debt obligation within each tier.

The following fund is not part of the Trust Agreement but was established by the Authority:

ENTERPRISE FUND (EF) - 7800

The Enterprise Fund was established by the Authority to account for the revenue and expenses associated with Tolling Services Agreements. The Authority is responsible for the collection of tolls on all tolled projects in the North Texas region.

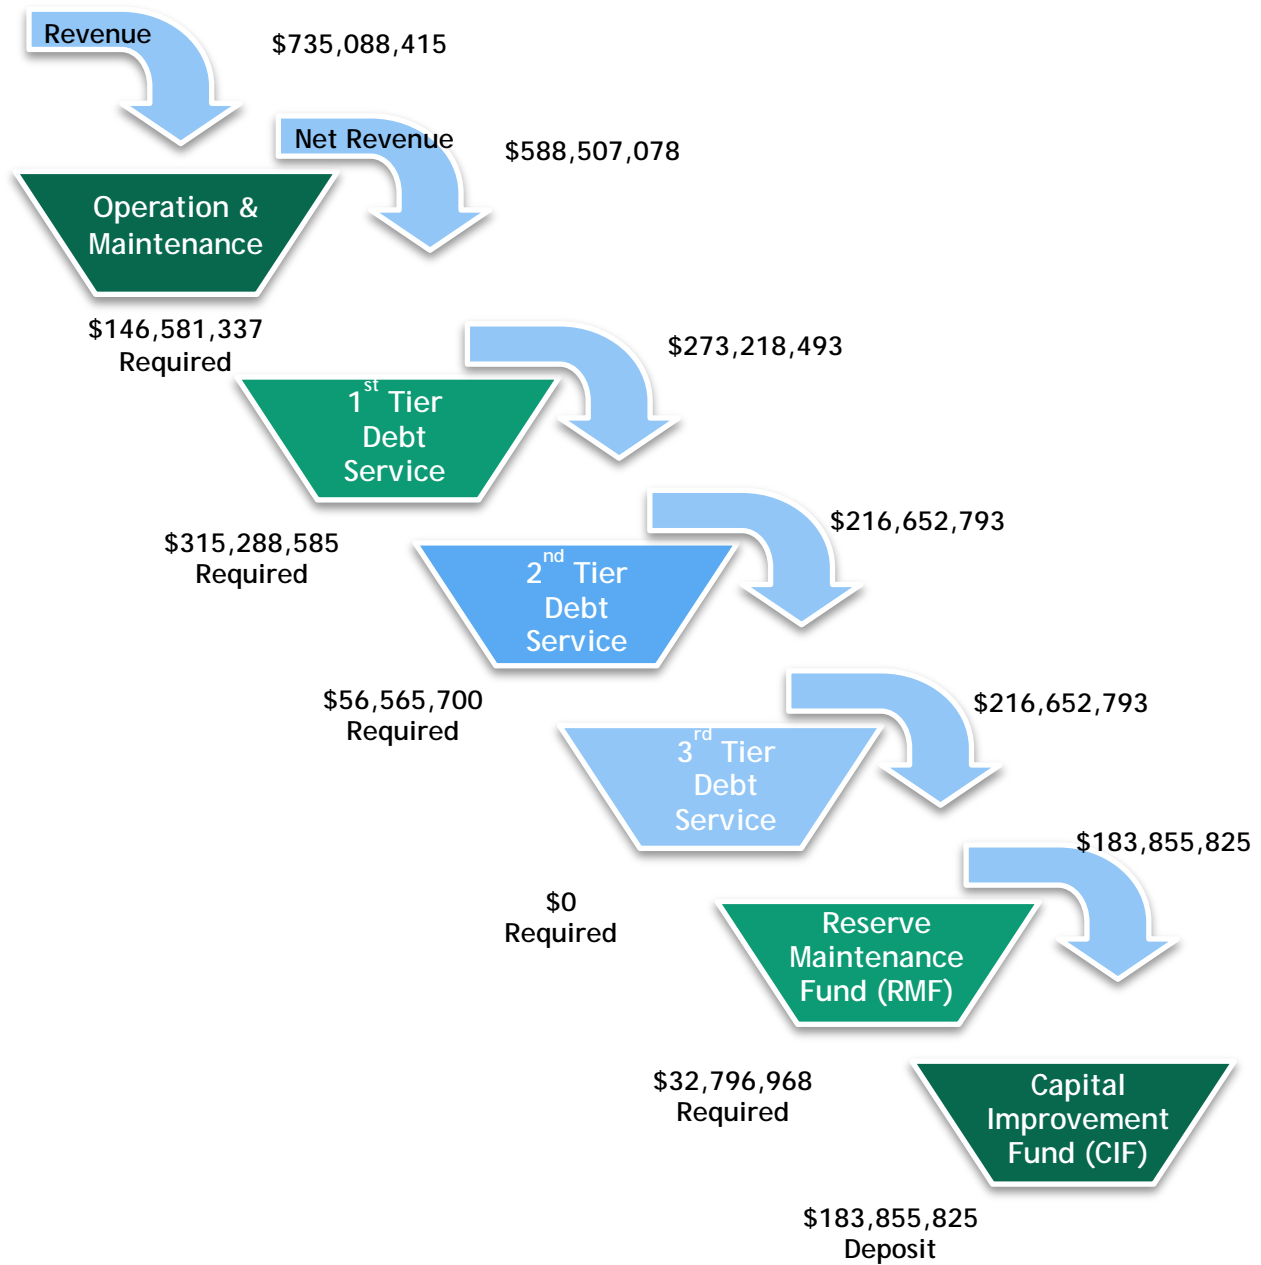

Departments and Funds Matrix

The relationship between the Authority's departments and the major funds is illustrated below in a matrix format. The utilization of a fund by the department is highlighted in blue, and the percent of the budget associated with the department is shown in the square. The dollar amounts are shown in detail on the Departmental Budget and Information documents in the Departmental Budget Section' starting with the Administration Department on page 53. The amounts for the Enterprise Fund are on page 167.

Department	Operation & Maintenance Fund	Construction Fund	Reserve Maintenance Fund	Capital Improvement Fund	Feasibility Study Fund	Interest and Sinking Funds	Enterprise Fund
Administrative Services:

Summary of Fund Budgets FY2014 to FY2017

FUND	FY2014	FY2015
Operation and Maintenance Fund (1)(2)	\$ 122,700,000	\$ 137,513,520
NTTA System Construction Fund (2)	12,341,590	9,527,799
Reserve Maintenance Fund (2)	27,394,112	22,572,948
Capital Improvement Fund (2)	87,670,977	184,843,775
CIF/Feasibility Study Fund (2)	8,194,000	3,091,000
Enterprise Fund (TSA's)	3,947,097	4,645,394
Total Budgets	\$ 262,247,776	\$ 362,194,436

(1) FY2017 detail by account on pages 39-41.

(2) FY2017 detail by account for all funds combined on pages 42-44.

(3) Change due mainly to \$10.2 million associated with increased customer service efforts and transaction processing (see page 95); and \$2.0 million for maintenance and safety (see pages 106 and 112).

(4) Change due mainly to the construction of DNT Phase 4B and SRT widening (see page 132-139).

(5) Change mainly due to system-wide Roadway Improvements (see pages 140-145).

(6) Minor change due to capacity and safety improvement projects (see pages 146-157).

(7) Change mainly due to reduction in traffic and revenue studies (see pages 158-165).

(8) Change mainly due to increase in transactions and adding Regional TSAs (see pages 166-168).

Accounting Department

OVERVIEW

As the foundation for a fiscally sound organization, the Accounting Department provides comprehensive financial strategies and solutions, oversight of debt service covenants and compliance with trust agreements. The department is responsible for measuring the Authority's profitability and financial performance with integrity, accuracy, timeliness and transparency. In partnership with its internal and external stakeholders, Accounting will continue its focus in FY2017 on managing costs, performing rigorous financial analyses and delivering tangible results that advance the strategic goal of being a financially sound and vibrant organization. The Accounting Department was previously known as the Finance Department.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Financially Sound & Vibrant Organization

- Continuously improve the annual plan process for clarity and added transparency.
- Continue the complete and accurate reporting of the Authority's finances, including producing monthly financial statements, and focus on development of policies and procedures.
- Produce Comprehensive Annual Financial Report (CAFR) and expand on reporting of Tolling Services Agreements (TSAs).
- Evaluate and implement electronic banking technology in the area of accounts payable and payment processing.
- Submit new required reporting related to Affordable Care Act

Delivering Transportation Solutions

- Begin back office processing of payments to TSAs partners for new facilities opening in FY2017, which include NTE 3A/3B, I-35, and SH114 projects.

Respected Leader & Partner in Region's Transportation Network

- Elevate outreach efforts through regional organizational participation.
- Promote best-in-class business relationships that reflect the diversity of the region.

Highly Qualified, Energized & Engaged Team

- Provide thorough analysis to ensure compliance, illustrate transparency, highlight opportunities, and forewarn of potential hazards.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET – ACCOUNTING

Account	FY2016 Budget	FY2017 Budget	Variance	Variance %

Total Expenses	\$1,489,641	\$1,310,817	(\$178,824)	(12.0)%

MAJOR FY2017 OMF BUDGET ITEMS

Accounting

The department's OMF budget decreased by **(\$178,824)**; from FY2016 budget of \$1,489,641 to FY2017 budget of \$1,310,817. The reduction is mainly due to the cost allocations to SPS and the Enterprise Fund. All variances that exceed \$50,000 are addressed below. Additionally, variances that are greater than 15.0% and \$5,000 are further explained.

- Salaries and Wages-Direct net decreased by **(\$171,696)** due to the allocation to SPS and Enterprise Fund for financial management of these funds.

FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET – SHARED SERVICES

Account	FY2016 Budget	FY2017 Budget	Variance	Variance %
Salaries and Wages-Direct - (511101)	(\$840,800)	\$0	\$840,800	(100.0)%
Salaries and Wages-Comp Adj. - (511103)	1,137,601	0	(1,137,601)	(100.0)%
Group Insurance - (512101)	9,042,372	8,349,010	(693,362)	(7.7)%
Retirement Contributions - (512401)	(104,550)	0	104,550	(100.0)%
Retirement Contr.-Comp. Adj. - (512403)	143,090	0	(143,090)	(100.0)%

Total Expenses	\$12,020,650	\$10,962,970	(\$1,057,680)	(8.8)%

MAJOR FY2017 OMF BUDGET ITEMS

Shared Services

Shared Services is a division within Finance where agency-wide expenditures are budgeted. The division's OMF budget decreased by **(\$1,057,680)**; from FY2016 budget of \$12,020,650 to FY2017 budget of \$10,962,970. The net reduction is mainly due to a change in recording some line items as agency-wide to recording them as individual department costs for FY2017. All variances that exceed \$50,000 are addressed below. Additionally, variances that are greater than 15% and \$5,000 are further explained.

- Salaries and Wages-Direct and Retirement Contributions of \$945,350 were agency-wide adjustments for all positions not being hired on January 1st and to account for vacancies throughout the year. This amount has been recorded at the department level for FY2017.
- Salaries and Wages-Compensation Adjustments and Retirement Contributions-Compensation adjustments which is the pay-for-performance program decreased by **(\$1,280,691)** due to this amount being recorded at the department level for FY2017.
- The following agency-wide budget items reported in the Shared Services budget are the responsibility of the Human Resources department:
 - Group Insurance decreased by **(\$692,362)** mainly due to SPS and Enterprise Fund allocations of \$660,000.

- No changes in FTE's.

MAJOR BUSINESS FUNCTIONS

The Accounting Department directs, manages, oversees and measures the overall financial health of NTTA through:

- **Accounting** – The division is responsible for maintaining the general ledger; producing monthly financial statements and ensuring ethical and accurate accounting of the Authority's finances. Accounting is responsible for the completion of the annual external audit and the preparation of the Comprehensive Annual Financial Report (CAFR).
- **Payroll** – The division is responsible for preparing and processing the Authority's bi-weekly payroll and maintaining compliance with all applicable federal and state wage and hour laws and reporting requirements.
- **Accounts Payable** – The division is responsible for timely and accurate payments to NTTA's vendors and customer refunds via twice weekly check runs.
- **Financial Services** – The division is responsible for daily distribution of funds as per NTTA's Trust Agreement as well as processing of payments to TSAs partners.

Administration Department

OVERVIEW

Serving as the executive office of the Authority, the Administration Department directs and oversees the strategic planning process and communicates and implements the policies of the NTTA Board of Directors. Through its allocation of resources, the department will continue to administer and oversee the delivery and quality of operational programs, products and services that support the mission.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Customer-Driven Organization

- Orchestrate the delivery of NTTA's strategic directives to increase value and mobility options for NTTA customers.

Financially Sound & Vibrant Organization

- Execute performance reporting and trend analysis of organizational-wide metrics to drive the business and meet financial targets.

Delivering Transportation Solutions

- Oversee the delivery of regional transportation and system improvement projects including the execution of NTTA's Five-Year Capital Plan.

Respected Leader & Partner in Region's Transportation Network

- Ensure the organization and its mission, programs, products and services are consistently presented with a strong, positive image to relevant local, state and national transportation stakeholders.
- Develop and foster relationships with local, regional, state and national transportation partners through projects and programs that advance NTTA's mission to meet the region's growing need for transportation infrastructure.

Highly Qualified, Energized & Engaged Team

- Expand employee engagement opportunities to develop and recruit talent and maintain a preferred work environment.
- Set the tone, values and culture of the organization and manage internal communications.

MAJOR FY2017 OMF BUDGET ITEMS

The department's OMF budget increased by \$129,285; from FY2016 budget of \$546,903 to FY2017 budget of \$676,188. All variances that exceed \$50,000 are addressed below. Additionally, variances that are greater than 15.0% and \$5,000 are further explained.

- Salaries and Wages-Direct decreased by (\$27,335) due to allocation to Enterprise Fund for management of TSAs.
- Consulting and Professional fees increased by \$150,491 due to re-allocation of costs to SPS of \$23,491 and \$127,000 for services previously budgeted in Strategy and Innovations.

ALL FUNDS

The following is a summary of the departmental total budget for OMF and all other funds in the NTTA System FY2017 Budget (see Other Funds section pages 132-165).

Account	OMF 1001	CF 3700	RMF 1201	CIF 1501	CIF/FSF 1601	Total Budget

- CF - \$0
- RMF - \$0
- CIF - \$0
- CIF/FSF - \$0

ENTERPRISE FUND

The fund was created to account for revenues and expenses associated with tolling services agreements (see Other Funds section pages 166-168).

- EF \$51,071

SPECIAL PROJECTS SYSTEM

The following amounts were budgeted in the FY2017 Special Projects System Budget.

- OMF PGBT-WE \$43,637
- OMF CTP \$40,222
- MMF PGBT-WE \$4,446
- CEF PGBT-WE \$4,446
- CF CTP \$4,446

POSITION SUMMARY

Administration Department			
Full-Time Positions	FY2016	FY2017	Difference
Executive Assistant	1	1	0
Executive Director	1	1	0
Total Full-Time Positions	2	2	0

- No changes in FTE's.

MAJOR BUSINESS FUNCTIONS

The Administration Department provides important direction and oversight as NTTA works to fulfill its mission. Interfacing with internal and external stakeholders, the department manages:

- Board relations and strategic planning
- Communications and planning with stakeholders
- Organizational performance reporting
- Employee engagement

Board of Directors Department

OVERVIEW

The Board of Directors ensures the fiscal integrity of the Authority, preserves and protects NTTA's assets and directs governance policies and practices. Through its allocation of resources, the Board will continue to advocate and monitor progress to achieve strategic goals and objectives and to position the Authority as a partner in meeting the region's growing transportation infrastructure needs.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Financially Sound & Vibrant Organization

- Work with executive leadership to update the strategic plan and promote a cohesive long-term strategy that ensures sustainability, drives performance and fuels Authority growth.

Delivering Transportation Solutions

- Promote regional transportation and system improvement projects aligned with NTTA's mission.

Respected Leader & Partner in Region's Transportation Network

- Engage and regularly advocate with elected officials and stakeholders in support of NTTA's goals.
- Continue to enhance relationships with local, regional, state and national transportation partners through projects and programs supporting NTTA's mission.
- Continue to support and guide NTTA's policy development and review process.
- Conduct Board, Special-Called Board and Committee and Workshop meetings, as necessary and appropriate.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET

Account	FY2016 Budget	FY2017 Budget	Variance	Variance %
Salaries and Wages-Direct - (511101)	\$67,570	\$69,440	\$1,870	2.8%

SPECIAL PROJECTS SYSTEM

The following amounts were budgeted in the FY2017 Special Projects System Budget.

- OMF PGBT-WE \$13,877
- OMF CTP \$12,791
- MMF PGBT-WE \$912
- CEF PGBT-WE \$912
- CF CTP \$912

POSITION SUMMARY

Board Department			
Full-Time Positions	FY2016	FY2017	Difference
Secretary to the Board	1	1	0
Total Full-Time Positions	1	1	0

- No change in FTE's.

MAJOR BUSINESS FUNCTIONS

As the governing body and policy-making function of the North Texas Tollway Authority, the Board of Directors monitors and provides:

- Strategic insight and direction to achieve short and long-term business goals and objectives.
- Oversight of NTTA's annual budget process.
- Oversight for the planning, design, construction and operation of NTTA projects, including final approval of contracts over \$300,000.
- Advocacy for the NTTA's legislative agenda.
- Review and oversight of all activities related to project financing and internal audit functions.

Cash and Debt Management Department

OVERVIEW

The department administers all short- and long-term financing for the Authority and coordinates post-issuance administrative functions. In addition, the department is responsible for all banking relationships, cash management and investment portfolio management, as well as the establishment and monitoring of all investment debt, and continuing disclosure policies and procedures.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Financially Sound & Vibrant Organization

- Ensure that sufficient funds are available (liquid) to meet ongoing operation and capital improvement requirements.
- Work with consultants to capitalize on favorable market conditions to lower the cost of borrowing.

Delivering Transportation Solutions

- Assist with renegotiation of the performance security provision in the LBJ TSAs.

Highly Qualified, Energized & Engaged Team

- Provide analysis to ensure compliance with policies and federal/state laws, illustrate transparency and highlight opportunities.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET

Account	FY2016 Budget	FY2017 Budget	Variance	Variance %
Salaries and Wages-Direct - (511101)	\$232,565	\$218,141	(\$14,424)	(6.2)%

OTHER FUNDS VARIANCE

- **CF - (\$512,063)** The Construction Fund decrease from FY2016 budget, primarily due to the reduction in estimated fees related to the Letter of Credit.
- **RMF - \$0**
- **CIF - \$216,000** The Capital Improvement Fund increase from FY2016 budget, mainly due to \$200,000 in estimated fees related to the Commercial Paper Letter of Credit.
- **CIF/FSF - \$0**

ENTERPRISE FUND

The fund was created to account for revenues and expenses associated with tolling services agreements (see Other Funds section pages 166-168).

- EF \$37,786

SPECIAL PROJECTS SYSTEM

The following amounts were budgeted in the FY2016 Special Projects System Budget.

- OF PGBT-WE \$138,791
- OF CTP \$75,436
- CF PGBT-WE \$51,449
- CF CTP \$51,449
- MMF PGBT-WE \$4,323
- MMF CTP \$2,162
- CEF PGBT-WE \$2,162

POSITION SUMMARY

Cash and Debt Department			
Full-Time Positions	FY2016	FY2017	Difference
Administrative Assistant	1	1	0
Debt Manager	1	1	0
Director of Cash & Debt Management	1	1	0
Treasury Investment Manager	1	1	0
Total Full-Time Positions	4	4	0

- No change in FTE's.

MAJOR BUSINESS FUNCTIONS

- Coordinate all matters relating to short- and long-term financing for NTTA.
- Administer all post-issuance administrative functions including continuing disclosure.
- Manage all banking relationships, cash management and investment portfolio management.
- Establish and monitor all investment, debt and continuing disclosure policies and procedures.

Financial Planning and Analysis Department

OVERVIEW

The department is responsible for the planning, development and maintenance of annual budgets and Five-Year-Capital Plans and the analysis and reporting of the Authority's financial data. It serves as the liaison to all departments to help forecast and manage departmental operational and project budgets and to ensure continuing feedback on financial matters.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Financially Sound & Vibrant Organization

- Continuously improve the annual plan process for clarity and more transparency.
- Produce a Five-Year Capital Plan based on best estimates for future planning.
- Meet monthly/quarterly with all departments on budget variance reviews. Assign scorecards and metrics to measure departmental efficiencies and opportunities for improvement.
- Develop short-term and long-term forecasts to identify risks and determine future resource needs.
- Continue the complete and accurate reporting of the Authority's finances, including producing monthly financial statements, and focus on development of policies and procedures.

Highly Qualified, Energized & Engaged Team

- Provide thorough analysis to ensure compliance, illustrate transparency, highlight opportunities and forewarn of potential hazards.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET

Account	FY2016 Budget	FY2017 Budget	Variance	Variance %

Budget & Compliance Manager	1	1	0
Director of Financial Planning and Analysis	1	1	0
Finance Planning Manager	1	1	0
Senior Finance Analyst	2	2	0
Total Full-Time Positions	6	6	0

- No changes in FTE's.

MAJOR BUSINESS FUNCTIONS

- Plan develop and maintain the Authority's annual budgets and Five-Year-Capital Plans
- Serves as the liaison with all departments to help forecast and manage departmental operational and project budgets and to ensure continuing feedback on financial matters
- Maintain cash flow module
- Maintain financial planning models
- Create monthly financial reports for Board presentation
- Analysis of the Authority's financial data

Human Resources Department

OVERVIEW

The Human Resources Department supports the mission of NTTA by administering comprehensive and high-quality employee programs and services to prospective, current and former employees. The FY2017 budget will enable the department to provide a greater level of service in employee and labor relations, compensation and benefits, recruiting and retaining top talent, training and development, organizational design and process improvement and maintaining a high level of employee engagement and satisfaction.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Highly Qualified, Energized & Engaged Team

- Conduct 2017 employee engagement survey. Work with each department to develop, communicate and implement action plans based on survey results. Work with the Executive Director and Assistant Executive Directors to create a “three-deep bench” succession plan for directors and above.
- Enhance the performance review process by changing to a goals-based instead of competency-based merit system for 2018 performance reviews.
- Research, develop and identify new automated, user-friendly processes that are beneficial to all departments.
- Continue to conduct desk audits to ensure consistency between duties performed and the job description content for all NTTA positions.
- Continue to conduct leadership training courses to develop our management team and provide consistency in the interpretation and administration of policies and procedures.
- Improve employee engagement and retention strategies.
- Work in collaboration with all NTTA departments to identify and remedy skills gaps and improve bench strength through training, succession planning and other developmental strategies.
- Rollout a new Applicant Tracking System to enhance NTTA’s ability to attract and retain highly-qualified staff and create bench strength for future roles. This system will integrate with other HR systems.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET

- CIF/FSF \$0

ENTERPRISE FUND

The fund was created to account for revenues and expenses associated with tolling services agreements (see Other Funds section pages 166-168).

- **EF - \$123,078** - Salaries allocated for the employee and benefits functions associated with the fund.

SPECIAL SYSTEMS PROJECTS

The following amounts were budgeted in the FY2017 Special Projects System Budget.

- PGBT-WE OF \$150,869
- CTP OF \$139,060

POSITION SUMMARY

Human Resources Department			
Full-Time Positions	FY2016	FY2017	Difference
Assistant Director of Human Resources	1	1	0
Benefits Support Analyst	1	1	0
Compensation/Benefits Analyst	1	1	0
Compensation/Benefits Manager	1	1	0
Director of Human Resources	1	1	0
HR Training Manager	1	1	0
HRIS Systems Analyst	1	1	0
Human Resources Coordinator	1	1	0
Human Resources Generalist I	1	1	0
Receptionist	1	1	0
Recruiter	1	1	0
Senior Human Resources Generalist	1	2	1
Senior Recruiter	1	0	(1)
Total Full-Time Positions	13	13	0
Temporary Positions	FY2016	FY2017	Difference
Interns	5	8	3
Total Part-Time Positions	5	8	3

- The Senior Recruiter position was reclassified to a Senior Human Resource Generalist to align the position with the duties.
- Three additional interns were added for FY2017.

MAJOR BUSINESS FUNCTIONS

The Human Resources Department trains and develops NTTA employees to augment skills necessary to drive the business and comply with local, state and federal laws and regulations. To achieve a highly qualified and engaged team and align human capital with organizational performance, the department manages the following programs:

- **Total Rewards - Compensation and Benefits Services** – Total Rewards is considered the total remuneration provided to employees and summarizes the value of both financial and non-financial elements in the employment package (i.e. salary, incentives, benefits and perquisites).
- **Employee Development and Training Services** – The framework for helping employees develop their personal and organizational skills, knowledge and abilities. Training focuses on developing a workforce where the organization and individual employee can accomplish their work goals in service to both internal and external customers.
- **Employment Sourcing and Recruitment Services** – Commitment to attract and retain top talent to increase productivity and help drive the business forward. Commitment to the continuous refinement of recruitment strategies that enable the organization to build bench strength.
- **Employee Relations** – The outreach, plan and process of developing, implementing, administering and analyzing the employer-employee relationship, and providing management and employees with professional, discreet and timely counsel regarding the interpretation and consistent application of policy.

- **Performance Management** – A continuous process of communicating and clarifying job responsibilities, priorities and performance expectations in order to ensure mutual understanding between supervisor and employee. A philosophy which values and encourages employee development provides frequent feedback and fosters teamwork.
- **HR Administration – Policies and Procedure** - The daily administration of all employee-related work activities for NTTA with policies and procedures that are intended to serve as guidelines to assist in the uniform and consistent administration of employee policies.

Internal Audit Department

OVERVIEW

The Internal Audit department provides independent and objective assurance and consulting services guided by a philosophy of adding value to improve NTTA operations. Internal Audit helps the Authority accomplish its objectives through a systematic, disciplined approach to evaluate risks, internal controls and governance. Audits encompass all areas including but not limited to operations, financial compliance and information systems/technology.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Customer-Driven Organization

- Continue to participate on NTTA initiatives that have direct impact externally.

Financially Sound & Vibrant Organization

- Complete assurance and consulting projects identified by a risk-based assessment and through management requests.
- Continue to monitor the Chase Paymentech instant alerts.
- Continue developing and implementing the enterprise risk management function.

Highly Qualified, Energized & Engaged Team

- Continue to monitor the NTTA's ethics hotline.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET

Account	FY2016 Budget	FY2017 Budget	Variance	Variance %
Salaries and Wages-Direct - (511101)	\$622,608	\$638,835	\$16,227	2.6%

- **CIF - \$1,936** The Capital Improvement Fund outside auditor's fees increased due to work effort on the fund.
- **CIF/FSF - \$0**

ENTERPRISE FUND

The fund was created to account for revenues and expenses associated with tolling services agreements (see Other Funds section pages 166-168).

- EF \$113,576

SPECIAL PROJECT SYSTEM

The following amounts were budgeted in the FY2017 Special Projects System Budget.

- PGBT-WE OF \$103,314
- CTP OF \$91,711

POSITION SUMMARY

Internal Audit Department			
Full-Time Positions	FY2016	FY2017	Difference
Administrative Assistant	1	1	0
Assistant Director of Internal Audit	1	1	0
Director of Internal Audit	1	1	0
Information Technology Auditor	2	2	0
Internal Audit Analyst	1	1	0
Internal Audit Manager	1	1	0
Internal Auditor	1	1	0
Senior Internal Auditor	1	1	0
Total Full-Time Positions	9	9	0

- No changes to FTEs.

MAJOR BUSINESS FUNCTIONS

The Internal Audit Department leverages its budget to evaluate and provide objective analysis of NTTA business functions and operations through:

- **Annual risk assessment** – Performed to identify the higher risk areas.
- **Assurance audits** – Provide an objective examination of evidence to provide an independent assessment on governance, risk management and control processes.
- **Consulting services** – Intended to add value and improve NTTA's governance, risk assessment, and control processes without internal audit assuming management responsibilities.
- **Ethics and Fraud Hotline** – Monitors to ensure items are resolved.
- **Enterprise Risk Management** – Function is being established; includes the methods and processes used to identify and manage risks by management.

Legal Services Department

OVERVIEW

The Legal Services Department supports NTTA's mission by providing, through its own staff and the prudent and monitored use of highly skilled outside legal experts, an array of high-quality legal services at reasonable expense for NTTA.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Customer-Driven Organization

- Deliver legal services in an efficient and cost-effective manner.
- Provide timely and responsive legal advice and counsel to the Board and staff.

Financially Sound and Vibrant Organization

- Ensure that NTTA is receiving legal services commensurate with outside counsel expenditures.
- Working with staff, provide legal support for cybersecurity compliance and optimization.
- Work with internal finance managers and outside bond counsel on bond and refinancing documents, and support the Board's discharge of its resulting legal obligations.
- Protect NTTA's intellectual property from misuse, appropriation, or diminution.

Delivering Transportation Solutions

- Support efforts to deliver needed infrastructure for the region via timely and prudent agreements with project stakeholders.

Respected Leader & Partner in Region's Transportation Network

- Develop relationships in the regional transportation community to further NTTA's long-range legal and transportation goals.
- Stay current with emerging legal theories or challenges that may pose harm to NTTA and develop responsive strategies.
- Seek diversity in the retention of outside counsel and other providers.

Highly Qualified, Energized and Engaged Team

- Evaluate and implement legal training as needed or requested.
- Develop a comprehensive and easily accessible repository of legal research and forms.
- Oversee, evaluate, coordinate, and manage existing and pending NTTA policies and procedures.
- Work with the Board and staff related to conflicts-of-interest and other ethics-related duties under NTTA's Ethics Policies, applicable statutes, and common law.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET

Account	FY2016	FY2017	Variance	Variance %
	Budget	Budget		
Salaries and Wages-Direct - (511101)	\$444,609	\$572,018	\$127,409	28.7%

- RMF – \$0
- CIF – \$0
- CIF/FSF – **(\$150,000)** decreased due to historical spend.

ENTERPRISE FUND

The fund was created to account for revenues and expenses associated with tolling services agreements (see Other Funds section, pages 166-168).

- EF – **\$130,904** – This amount is for legal fees associated with TSAs.

SPECIAL SYSTEMS PROJECTS

The following amounts were budgeted in the FY2017 Special Projects System Budget.

- PGBT-WE OF \$ 2,538,056
- PGBT-WE CF \$ 0
- CTP OF \$ 5,170,782
- CTP CF \$ 0

POSITION SUMMARY

Legal Services Department			
Full-Time Positions	FY2016	FY2017	Difference
Assist Executive Director General Counsel	1	1	0
Asst. Director General Counsel	1	1	0
Bankruptcy Specialist	0	1	1
Executive Assistant	0	1	1
Executive Assistant to AED	1	1	0
Paralegal	1	1	0
Records Retention Coordinator	1	1	0
Total Full-Time Positions	5	7	2
Part-Time & Temporary Positions	FY2016	FY2017	Difference
P/T Intern-Legal (Law Students)	3	3	0
Total Part-Time Positions	3	3	0

- 1 Executive Assistant moved from Strategy and Innovation.
- 1 Bankruptcy Specialist moved from Collections and Toll Enforcement.

MAJOR BUSINESS FUNCTIONS

To provide high-quality, cost-effective support for NTTA's mission and to protect and advance NTTA's interests, the Legal Services Department provides the following professional services:

- Provide legal advice and counsel on a wide variety of issues for all departments
- Assist in negotiating and drafting agreements
- Conduct ethics training for new employees
- Respond to Public Information Act requests, subpoenas, search warrants, and court orders
- Support collections and toll enforcement efforts

- Direct, coordinate, and oversee outside legal counsel services
- Oversee policies and procedures
- Supervise litigation matters (including dispute resolution)
- Provide prompt and effective counsel upon identification of a significant legal issue
- Protect intellectual property
- Counsel Board and staff on open meetings, bylaws, and ethics policies
- Review Board documents and supervise Board Secretary
- Serve as Parliamentarian at Board meetings
- Administer document retention
- Manage legal risk

Procurement and Business Diversity Department

OVERVIEW

The department is responsible for: The procurement of all Authority supplies, services and construction purchases; ensuring fairness is maintained throughout the purchasing process; inclusion and reporting of Disadvantaged, Minority, Women-Owned, and Small Business Enterprises (D/M/W/SBEs); and managing and maintaining requisitions, purchase orders and contracts. The division also coordinates and manages the formal bid process including RFBs, RFPs and RFQs.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Customer-Driven Organization

- Collaborate with other departments to develop the necessary contracts and procurement strategies that best support operations while delivering a high-quality level of customer service.
- Ensure the inclusion of disadvantaged, minority, women-owned, and small business enterprises (D/M/W/B/SBEs) as part of NTTA's strategic sourcing and procurement process.

Financially Sound & Vibrant Organization

- Seek savings opportunities and improvements by negotiating better pricing as well as procuring goods and general services from alternative sources.
- Evaluate each procurement for cost savings and fiscal reasonability. This is accomplished by evaluating total spend of the Authority and analyzing the market analysis to determine the best procurement methods.
- Monitor and report progress toward achieving business diversity goals and objectives with an emphasis on continuous improvement.
- Communicate business diversity metrics on a regular basis. The defined metrics are: diversity spends compliance, prime performance, outreach, certification and organizational performance.

Delivering Transportation Solutions

- Collaborate with other departments to develop necessary contracts for supporting operations and planned roadway improvements.

Respected Leader & Partner in Region's Transportation Network

- Elevate outreach efforts through regional organizational participation.
- Promote best-in-class business relationships that reflect the diversity of the region.

Highly Qualified, Energized & Engaged Team

- Develop, train and increase certified purchasing professionals to achieve and maintain a high level of performance.
- Provide thorough analysis to ensure compliance, illustrate transparency, highlight opportunities and forewarn of potential hazards.

- The Procurement Services changes were done to align the duties with the positions.

MAJOR BUSINESS FUNCTIONS

- Procurement of all supplies, services and construction needs of the Authority.
- Ensuring fairness is maintained throughout the purchasing process.
- Inclusion and reporting of Disadvantaged, Minority, Women-Owned, and Small Business Enterprises (D/M/W/SBEs).
- Managing and maintaining requisitions, purchase orders and contracts.
- Coordinating and managing the formal bid process, including RFBs, RFPs and RFQs.
- Creating and maintaining procurement policies and procedures.

Public Affairs Department

OVERVIEW

The Public Affairs Department amplifies the Authority's strategic goals and objectives through quantifiable communications and marketing to customers, stakeholders, elected officials, bondholders, business leaders, media and employees. The department's FY2017 budget is tailored to meet three strategic communications goals:

1. Get a TollTag on every windshield and a payment for every toll.
2. Elevate NTTA's brand as the top regional transportation provider.
3. Empower all NTTA employees to boost their job performance to advance NTTA and its mission.
 - a. Tell the NTTA story by fostering a positive image to humanize NTTA's brand by featuring clever advertising campaigns, creating robust programs that immerse NTTA in the communities we serve and developing advocates to carry the NTTA story forward.
 - b. Tap into Public Affairs' marketing, communications, legislative and government affairs, media and public relations resources to build a fully integrated plan to increase TollTag penetration by one percent and strengthen TollTag distribution.
 - c. Support customer service enhancements and toll collection initiatives to improve the customer journey.
 - d. Fill every communications channel with information focused on our customers to help create the ultimate toll road experience.
 - e. Renew our employee "HERO" series by combining it with compelling communications to sustain employee engagement and each individual employee's personal connection to achieve NTTA's goals.
 - f. Magnify NTTA's story and value proposition to new markets with augmented and focused public relations, promotions and an aggressive external speaker's bureau outreach plan.
 - g. Deepen relationships and improve advocacy among elected stakeholders.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Customer-Driven Organization

- Expand TollPerks, NTTA's customer loyalty program, with incentives to reward NTTA's 4 million best customers and convert ZipCash customers into TollTag customers. We will increase TollPerks enrollment with inventive marketing promotions and public relations programs, adding refer-a-friend program and incentivizing customer service and the rest of our employees as enrollment advocates.
- Execute a creative public relations campaign to support and promote new downloads of the Tollmate mobile app and notification systems that inform customers about account status and traffic conditions. Bundle Tollmate and the cash-backed TollTag as a solution to customers who want to control their toll spend.
- Produce visually engaging communications, including videos and infographics, to reach the increasing number of customers who rely on mobile technology. Share this content in new social media channels, via NTTA.org, with news media and public relations.

- Creatively and effectively redesign NTTA.org as a more customer-friendly experience and valuable tool. Take similar customer-first steps with our mobile website. Get closer to our customers and learn more about their preferences through research, analytics and other relevant data, including valuable information from the biennial customer survey to help shape how we work with our customers; develop new service options and products.

Financially Sound & Vibrant Organization

- Employ unique marketing and communications tactics, such as a referral program and strategic partnerships, to target new and high-potential markets in an aggressive effort to increase TollTag penetration to 82%.
- Boldly pursue non-toll revenue through business partnerships and asset sales (e.g., specialty TollTags, advertising in NTTA e-newsletters, mobile app and on website).
- Put the customer in control of their account and help increase ZipCash payment rates and reduced costs through higher adoption of self-service options, including online and mobile channels.

Respected Leader & Partner in Region's Transportation Network

- To increase TollTag use on managed lanes and to further enhance cooperative alliances with operational partners (airports, toll managed-lane developers, tolling entities, TxDOT, DMV and others), Public Affairs will launch cooperative advertising and promotions and coordinated messaging to the public.
- Build and maintain elected official support for NTTA programs, issues and public policy.
- Guide communications for NTTA and regional projects through grassroots efforts and government affairs.
- Develop and promote 2017 legislative priorities. The FY2017 Government Affairs budget supports the department's strategic planning goals and collaboration with Public Affairs to:
 - Preserve NTTA tools and priorities during the 2017 legislative session through robust outreach to member counties, the Texas Legislature and other affected stakeholders.
 - Reconnect and develop effective relationships with area legislators to enhance the delegation's understanding of NTTA's role in the region.
 - Share the NTTA story of value to the region with local, state and federal officials and other stakeholders. Focus on major initiatives identified for 2017, which include:
 - Leverage relationships with elected officials to promote TollTags for new hires and new businesses in under-tapped communities.
 - Identify opportunities to share information learned from the biennial survey.
 - Improve communications to all stakeholders.
 - Promote NTTA's strong financial position.
 - Foster additional transparency opportunities.
 - Elevate NTTA's role as a resource in transportation planning with corridor cities to improve communications.
 - Implement any actions necessary following the 2017 legislative session.
 - Continue general advocacy for NTTA's role as the toll road provider in the region.

Highly Qualified & Engaged Team

- Foster understanding and alignment of strategic priorities through compelling executive communication and engage employees with creative programs and communications.

- Empower employees to inspire and motivate by strategically helping them understand how each of them contribute to NTTA's success.
- Increase NTTA leadership team interaction and communications with employees.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET

- No change to positions.

MAJOR BUSINESS FUNCTIONS – PUBLIC AFFAIRS

With the FY2017 budget, the Public Affairs Department will successfully support the Authority’s strategic goals and objectives through:

- **Strategy and Planning** – Develop innovative strategies to take NTTA to the next level by identifying trends, using data analytics and market research to craft new products and programs to support operations.
- **Media Relations** – Spread the NTTA story and value proposition throughout North Texas by developing strong relationships with reporters and influencers across all media outlets in the region. Create stories that lead to placement of positive news. Control and effectively communicate NTTA messaging. Leverage new tools to provide more depth and data around media placements and effectiveness of new media plan.
- **Marketing and Advertising** – Customer data and related analytics will serve as our roadmap for developing dynamic and clever advertising campaigns with an aggressive “Get a Tag” and savings messages. Imaginative promotions and events, including one-of-a-kind, branded experiences, will draw in new customers and help convert ZipCash customers.
 - Draw on NTTA best practices from previous new toll road openings for a triumphant opening of SH 360 South. Develop widespread and geo-targeted promotional campaigns featuring NTTA’s value proposition, products, services and customer appreciation programs to help increase TollTag distribution and penetration.

- **Project Communications** – Create and widely disseminate communications using online and traditional communication channels to notify customers of ongoing construction and maintenance activity including the Fourth Lane and SH 360 South projects. Communications will include toll road value and safety program messaging.
- **Speakers' Bureau** – Educate and expand external audiences through grassroots community outreach, including staff presentations and meetings with community leaders, businesses and industry groups. Further engage the business community to be advocates for transportation.
- **Public Relations** – Expansive public relations (branding) campaigns to share the NTTA story and value proposition across North Texas, including new markets. Develop new partnerships in communities NTTA serves, including safe-driving organizations.
- **Internal Communications** – Reinforce NTTA culture and business goals with employees. Create imaginative campaigns to help each employee understand their direct contribution to the organization's success and how they can take their performance to the next level.
- **Government/Legislative Affairs** – Cultivate and maintain powerful relationships with elected officials and stakeholders to advance public policy that supports NTTA's mission and role in the region.

Contact Center and Collections Department

OVERVIEW

The Contact Center and Collections Department supports NTTA's mission by delivering high-quality customer service. The department is responsible for providing outstanding customer service and developing innovative methods to improve the customer experience. It is responsible for implementing toll collection strategies for the organization. Additionally, the department oversees back-office operations and ensures payments are properly posted to customer accounts. For customers who are designated habitual violators, the department ensures notification, collection and execution of toll enforcement remedies. The department uses a mix of staff and vendors to accomplish departmental goals. The Contact Center and Collections Department was created by joining the departments previously known as Collections and Toll Enforcement and the Customer Service Contact Center.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Customer-Driven Organization

- Focus on improving key drivers of customer satisfaction, which include reducing wait times and increasing the number of full-service locations where customers may register for new TollTag accounts or pay ZipCash invoices.
- Expand proactive customer outreach via targeted outbound messaging to inform TollTag customers of account issues.
- Research new contact channel opportunities to provide additional customer access and to leverage existing technology, such as the Tollmate mobile application, for ease of access.
- Sell and promote TollTag benefits at targeted events, such as corporate events, sporting games, and university events.
- Foster relationships with car dealerships to distribute TollTags and increase ability to collect transactions for car sales, fleet and loaner vehicles.
- Implement speech analytics to analyze contact volumes and build efficiencies.
- Implement screen pops to reduce average call and handling times.
- Implement virtual queueing and automated call backs to improve customer satisfaction.
- Improve contact with customers through targeted customer outreach campaigns to include outbound dialing, text messaging, e-mails and other communication vehicles.
- Augment current payment options to facilitate customers' ability to pay.
- Create an internal infrastructure that has the appropriate technology and analytical horsepower to fulfill core functions.
- Develop and deliver programs to assist cash customers with access to payment locations and other payment options.

Financially Sound & Vibrant Organization

- Continue to increase TollTag penetration to the FY2017 goal of 82%.
- Leverage business intelligence tools for more advanced analysis of cause and effect.
- Explore smart-IVR technology with alphanumeric capabilities to be rolled out in 2018.
- Implement appropriate actions to reduce call talk time by 10%.
- Continue focus on payments from out-of-state drivers.

- Improve pursuable transactions to achieve a FY2017 goal of 95.7%.
- Drive collectables to the FY2017 goal of 93% collected within 24 months.
- Reduce the percent of customers identified as habitual violators, increase payments from scofflaws and enhance public perception of equity by deploying enforcement tools provided by the Legislature, including vehicle registration blocks and roadway bans.
- Execute an enhanced collection strategy through management of two collection agencies to provide: (1) General and specialized collection services for outstanding ZipCash invoices, past due accounts, unpaid fees and other charges, including court judgments; (2) Provide skip tracing for returned mail, chargebacks and bounced checks; (3) assist in the early stage of collections through customer outreach programs.
- Work with counties for one consistent billing rate on vehicle registration block submittals.
- Leverage business intelligence environment for more advanced analysis of cause and effect.
- Explore smart-IVR technology with alphanumeric capabilities to be rolled out in 2018.

Highly Qualified, Energized & Engaged Team

- Collaborate with the Human Resources Department to develop staff, build core skills and provide career path development.
- Focus on training programs designed to cross train staff to handle multiple departmental functions.
- Enhance analytical skills and business process management methodology for supervisors and management staff to drive efficiencies.
- Formalize a department succession plan for management strength and career pathing.

Office Supplies - (531101)	196,760	204,044	7,284	3.7%
Freight and Express - (531105)	1,088	1,136	48	4.4%
Inven for resale(toll tags) - (531501)	8,921,481	9,400,237	478,756	5.4%
Uniforms - (531701)	15,853	16,566	713	4.5%
Bank Charges - (573001)	768,686	856,078	87,392	11.4%
Credit Card Fees - (573002)	14,696,169	17,257,181	2,561,012	17.4%
Total Expenses	\$59,647,383	\$69,210,601	\$9,563,218	16.0%

MAJOR FY2017 OMF BUDGET ITEMS

The department's OMF budget increased by \$9,563,218; from FY2016 budget of \$59,647,383 to FY2017 budget of \$69,210,601. The increase is directly related to an increased volume of transactions and improvements to customer service, additionally the Agency's vehicle registration block (VRB) initiative. This initiative keeps a habitual toll violator from registering a vehicle until outstanding tolls are paid. All variances that exceed \$50,000 are addressed below. Additionally, variances that are greater than 15.0% and \$5,000 are further explained.

- Salaries and Wages-Direct net decreased by (\$907,099) mainly due to adding nine new positions for \$360,000, transferring positions to other departments, 8 to the new Customer Care and 1 to the Legal for (\$484,656) and allocations to SPS and Enterprise Fund of (\$680,847).
- Salaries and Wages-Overtime increased by \$66,036 because of the need to cover workflow with overtime.
- Consulting/Professional Fees increased \$872,882 due to the VRB initiative. The increase will allow the department to handle the increased volume of blocks and standardize the fees paid to the participating counties.
- Armored Car Services increased by \$7,380, mainly due to adding an additional TollTag store location.
- Postage increased by \$351,402 due to the increase in invoicing for out-of-state drivers and notices to habitual violators, in order to improve contact rates, combined with an increase in transactions.

- Temporary Contract Labor increased by \$6,066,924 due to anticipated growth in call volumes and the addition of approximately 110 call center positions and supervisors to answer 70 percent of calls within 30 seconds.
- TollTags and Supplies increased by \$478,756 due to the sticker tag purchase for the phase-out of existing hard-case TollTags by mid-FY2018.
- Bank Charges increased by \$87,392 due to the expected increase in lockbox payment volumes, which are based on T&R estimates and TSAs projects.
- Credit Card Fees increased by \$2,561,012 due to the increased volumes of payment processing based on growth in invoices and T&R estimates.

Total Part-Time Positions	29	29	0

- For FY2017 the Collections and Toll Enforcement and the Customer Service Contact Center Departments are being combined into the Contact Center and Collections Department.
- The Customer Service Call Center Division transferred the Asst. Dir. of CSC position to the Operations Department. Transferred the Call Center Manager and Dir. of Customer Service to the new Customer Care Department. It added the Dir. of Contact Center & Collections by reclassifying the Dir. of Collections. The deployment of a web chat function added 6 CSS III

positions. The implementation of voice recognition software will eliminate 3 Senior CSS and 1 Contact Center Supervisor. The other 2 Contact Center Supervisor positions transferred to Collections. The changes with the CSS II positions is due to the normal process of assigning personal to the areas they are needed.

- The Front Counter Division additional store front is adding 2 Senior Customer Service Specialist and 1 Contact Center Supervisor.
- The Workforce Division reclassified the Workforce Manager to Sr. Workforce Manager to align the duties with the position.
- The Regional Toll Partners Division added 1 Manager of Key accounts to oversee activities of the team.
- The Collections Division reclassified the Collections Supervisor into one CSS II positions and moved it to the Call Center. The Dir. of Collections position was transferred to Customer Service Call Center. A Bankruptcy Specialist position created during FY2016 has been moved to the Legal Department for FY2017. Within the Toll Enforcement Remedies Division 1 TER Manager was reclassified into a Sr. TER Manager and 1 TER Supervisor position was created by reclassifying a CSS II position. The 2 Contact Center Supervisor positions were transferred from the Customer Service Call Center. The Collections Team Lead position was reclassified to the Project Coordinator I to align the duties with the position.
- The Cash Posting Division transferred 1 CSSI to the Customer Service Call Center.
- The QA/QC Manager, QA/QC Supervisor, and 6 QA/QC coordinator II's were transferred to the newly created Customer Care Department.

MAJOR BUSINESS FUNCTIONS

The Contact Center and Collections Department contributes to NTTA's financial position by driving TollTag use and collection of unpaid tolls. The department is divided into eight divisions:

- **Customer Service Call Center** – Serves more than 4 million customers each year through TollTag distribution, TollTag account maintenance, ZipCash monthly statement payments and resolving customer concerns via multiple contact channels.
- **Front Counter** – Serves as the “face of the NTTA” for more than 250,000 customers each year via three retail locations in Fort Worth, Irving, Plano and the new South Dallas location planned in 2017.
- **Workforce** – Serves as the command center for the Customer Service Call Center division and the Collections and Toll Enforcement Department. Their primary functions include scheduling work shifts analysis and projection of contact volumes, and real-time assignments of personnel to ensure prompt service is available in all contact channels at all times.
- **Regional Toll Partners** – Local retailers such as Albertson's, Kroger, Tom Thumb and Minyards in addition to several municipalities in the DFW area who issue new TollTags on behalf of NTTA. These locations account for more than 15,000 TollTag activations per year. Breadth of the division has been expanded to focus on increasing TollTag awareness for large employers in proximity to NTTA roadways, increasing NTTA's fleet TollTag program and enhancing NTTA's car dealership relationships.
- **Collections** – Provides strategic direction for collections efforts on outstanding ZipCash invoices, from first notice of nonpayment through assignment to external collection agencies. Manages internal staff as well as collection agencies.

- **Toll Enforcement Remedies** – Implements tools provided by the Legislature to encourage equitable payment from all drivers. Tracks and manages payments from habitual violators and ensures payment plan/TollTag account obligations are met. Works with the Department of Public Safety for the issuance of failure-to-pay toll citations, and coordinates with Justice of the Peace offices in legal proceedings.
- **Cash Posting** – The team is made up of several smaller teams that provide back-office support, including posting of payments received, fulfillment and mail delivery for NTTA and responding to written customer correspondence.
- **Training and Quality Assurance** – Partners with Collections and Toll Enforcement and Customer Service Center leadership to:
 - Provide new-hire training for all Call Center and back-office staff.
 - Coordinate supplemental/refresher training for all customer-facing contact agents.
 - Ensure the ZipCash invoices are quality reviewed for the utmost accuracy.

Customer Care Department

OVERVIEW

The Customer Care Department solidifies the reputation and financial strength of NTTA as a best-in-class service provider by anticipating and responding to increasing customer demands. The department supports NTTA's mission by striving to ensure customer satisfaction, soliciting customer feedback and providing guidance and coaching for improved customer relationships. The department handles customer contact escalations and oversees quality assurance and quality control for all customer service specialists (CSSs). The department is responsible for reporting and trend analysis for internal customers and facilitates process improvement. The department enhances NTTA's relationship with customers and embraces innovative technology that will strengthen NTTA's ability to provide exceptional customer service.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Customer-Driven Organization

- Improve the customer experience by serving as the “Voice of the Customer” through robust customer communications and the provision of customer feedback opportunities.
- Implement speech analytics to enhance the reporting of customer experiences, assist with quality assurance and quality control, and provide a clearer understanding of our customers' end-to-end experience.
- In the role of Ombudsman, collaborate with all departments regarding customer feedback and disputes.
- Actively seek and identify industry best practices.
- Leverage Mystery Driver program to gain insight of our customers' experience with departments across the organization, including road maintenance and safety.
- Develop a closed-loop process that ensures customer escalations are resolved in a timely fashion and root causes are addressed to prevent re-occurrence.

Financially Sound & Vibrant Organization

- Ensure CSSs receive coaching to enhance our customers' experience. Coaching may include:
 - Specialized, targeted training to CSSs based on customer feedback and recommendations.
 - Coaching supervisors regarding customer feedback and recommendations.
 - Building a library of exemplary customer calls featuring escalation-prevention techniques for training.

Highly Qualified, Energized & Engaged Team

- Collaborate with the Public Affairs Department to develop outreach communications and survey data.
- Collaborate with the Customer Service Contact Center and the Collections and Toll Enforcement departments regarding evaluation of front line staff and quality assurance/quality control.
- Cross-train staff to handle multiple departmental functions.
- Ensure that reporting and trend analysis targets key areas and meets the needs of internal customers.
- Facilitate process improvements.
- Formalize departmental succession plan for management strength and career pathing.

ENTERPRISE FUND

The fund was created to account for revenues and expenses associated with tolling services agreements (see Other Funds section pages 166-168).

- EF \$90,258

SPECIAL PROJECTS SYSTEM

The following amounts were budgeted in the FY2017 Special Projects System Budget.

- PGBT-WE OF \$52,781
- CTP OF \$27,018

POSITION SUMMARY

Customer Care Department			
Full-Time Positions	FY2016	FY2017	Difference
Customer Care Coordinator	0	1	1
Customer Care Manager	0	1	1
Director of Customer Care	0	1	1
QA/QC Coordinator II	0	5	5
QA/QC Coordinator II - Bilingual	0	2	2
QA/QC Supervisor	0	1	1
Total Full-Time Positions	0	11	11

- The positions for the Customer Care department were transferred from the Collections & Toll Enforcement, Operations and the Customer Service Contact Center departments. Some were renamed to match the new department.

MAJOR BUSINESS FUNCTIONS

With the FY2017 budget, the Customer Care Department will successfully support the Authority's strategic goals and objectives through:

- **Voice of the Customer** – Ensure customers receive exceptional service and support, which generates loyalty and respect from customers, by gathering and analyzing feedback from customers and developing appropriate action plans.
- **Quality Assurance/Quality Control** – Provide in-depth QA/QC of all customer/agent interactions. Review key processes to ensure NTTA standards are met or exceeded and work with Internal Audit to implement new quality control initiatives to minimize risk to the organization. Identify root causes or key drivers of customer contact escalations and work with the applicable departments to resolve those issues. Closed-loop metrics include:
 - Time to resolve issues
 - Time to deliver coaching
 - Training delivered and completed to prevent recurrence
 - Identification of root causes
 - Survey results from post-escalation resolution
- **Ombudsman** – Review customer concerns in an unbiased and impartial manner. Ensure fairness and consistency by reviewing and responding to disputes received by customers regarding their experience with NTTA
- **Reporting/Trend Analysis** –
 - **Effortless Customer Experience - All Levels**
 - Focusing on reducing the customer effort required to use self-help channels to encourage use of those channels and reduce use of higher-cost channels.
 - Measure and track the number of customer attempts needed to resolve a dispute. This extends current focus on first-call resolution to include all contact channels, including use of multiple contact channels.
 - **Closing the Loop**

- Follow up with customers after escalation resolution and provide internal after-action reports.
- **Net Promoter Score**
 - Provide customers with a positive experience to increase their willingness to recommend NTTA services to other customers including:
 - Recommending self-help channels
 - Recommending TollTags to ZipCash customers
- **Deploy SMS/Text surveys**
 - Gain better insight into the motivations of ZipCash users and their experiences with NTTA.
- **Establish Service-Level Objectives**
 - Time required to resolve customer escalations
 - Time required to deliver training that closes the loop on opportunities for improvement
 - Time required to deliver coaching to CSSs for calls that have escalated

Information Technology Department

OVERVIEW

The Information Technology (IT) Department supports the mission of NTTA by advancing innovative technology solutions aligned with NTTA's Strategic Plan. The department installs, integrates, manages, maintains and supports hardware, software, telecommunications and network functions. In FY2017, the IT Department will focus on key initiatives related to improving customer experience and safety, collection efficiency and data security. Underscoring all of these initiatives is a program of continuous maintenance and improvement to IT infrastructure systems to ensure system stability and availability.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Customer-Driven Organization

- Implement the IT strategic plan, ensuring IT projects are aligned with the needs of our internal customers and the strategic objectives of NTTA.
- Continue the four-year Intelligent Transportation Systems(ITS) program to further customer safety and service by increasing camera and dynamic message sign coverage across NTTA facilities. This project includes the addition of 45 new cameras and six new dynamic message signs.
- Identify and implement new methods for customer payment of TollTag accounts and ZipCash invoices, with particular focus on increasing the geographic distribution of payment locations and options for cash-based customers.
- Remain focused on security and compliance in order to ensure customer data is protected. Maintain payment card industry (PCI) compliance as a level-1 merchant.
- Replace the current back office toll system with a new system that will streamline business processes and enable NTTA to provide better customer service to our internal and external customers.

Financially Sound & Vibrant Organization

- Complete implementation of the IT business continuity plan to minimize impact to the NTTA revenue stream and service to customers in the event of a disaster. Periodically test the plan to ensure readiness.
- Complete implementation of the tracking and reporting application for toll enforcement remedies to ensure the equitable collection of tolls.
- Continue the expansion and adoption of Business Intelligence program to meet the analytical reporting needs of the organization, including Operations, Collections, Toll Enforcement, Public Affairs, Finance, System and Incident Management and the Call Center. Leveraging analytics optimizes internal processes and maintains NTTA's leadership role in driving industry-wide initiatives like revenue management, traffic optimization, and interoperability.

Delivering Transportation Solutions

- Continue participating in National Interoperability Committees of the International Bridge, Tunnel and Turnpike Association(IBTTA) and leading statewide interoperability programs. Implement central and southern states interoperability, and begin system modifications to support national interoperability that will provide a seamless tolling experience for customers throughout the United States.

- Continue to provide the required levels of service for the LBJ Express, North Tarrant Express and regional Toll Service Agreements.

Respected Leader & Partner in Region's Transportation Network

- Continue to participate in the regional Incident Corridor Management project, the North Central Texas Council of Governments (NCTCOG) Managed Lanes Committee, and regional geographic information systems (GIS) through the NCTCOG.
- Continue to partner with Dallas/Fort Worth International and Dallas Love Field airports for processing parking transactions. Implement modifications to the RITE System to support Dallas Love Field's parking system upgrade.
- Support the data needs of NTTA's internal departments such as Public Affairs and System and Incident Management to ensure they can continue to be responsive to requests to assist and partner with peer agencies and government officials within the region.

Highly Qualified, Energized & Engaged Team

- Optimize the department's organizational structure to align with the revised IT strategic plan. Ensure that employees are working to their strengths and that their skills are kept fresh through continued training.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET

Account	FY2016	FY2017	Variance	Variance %
	Budget	Budget		
Salaries and Wages-Direct - (511101)	\$6,081,450	\$6,397,323	\$315,873	5.2%
Salaries and Wage-Overtime - (511301)	90,000	85,663	(4,337)	(4.8)%
Retirement Contributions - (512401)	760,940	854,741	93,801	12.3%

Telecommunications - (523202)	838,078	927,703	89,625	10.7%
Travel - (523501)	22,219	23,223	1,004	4.5%
Dues & Subscriptions - (523601)	5,544	5,421	(123)	(2.2)%
Education and Training - (523701)	103,678	107,112	3,434	3.3%
Office Supplies - (531101)	178,349	170,729	(7,620)	(4.3)%
Other Materials and Supplies - (531102)	89,958	68,508	(21,450)	(23.8)%
Software - (531651)	4,987,470	5,436,608	449,138	9.0%
Total Expenses	\$17,447,699	\$18,356,303	\$908,604	5.2%

MAJOR FY2017 OMF BUDGET ITEMS

The department's OMF budget increased by \$908,604; from FY2016 budget of \$17,447,699 to FY2017 budget of \$18,356,303. All variances that exceed \$50,000 are addressed below. Additionally, variances that are greater than 15.0% and \$5,000 are further explained.

- Salaries and Wages-Direct increased by \$315,873 due to adding three core-competency positions.
- Retirement Contributions increased by \$93,801 commensurate with an increase in salaries.
- Telecommunications increased by \$89,625 due to the addition of new communication circuits for the Fort Worth TollTag store and DPS offices. NTTA implemented a new phone service

technology called Session Interface Protocol(SIP) to handle incoming and outgoing calls more efficiently.

- Other Materials and Supplies decreased by **(\$21,450)** after adjusting to historical spending.
- Software increased by \$449,138 due to anticipated increases in software maintenance costs.

ALL FUNDS

The following is a summary of the departmental total budget for OMF and all other funds in the NTTA System FY2017 Budget (see Other Funds section pages 132-165).

Account	OMF 1001	CF 3700	RMF 1201	CIF 1501	CIF/FSF 1601	Total Budget

FY2016 Totals	\$17,447,699	\$0	\$13,636,000	\$50,591,558	\$0	\$81,675,257
Increase/(Decrease)	\$908,604	\$0	(\$2,819,500)	(\$5,952,158)	\$0	(\$7,863,054)

OTHER FUNDS VARIANCE

- CF - \$0
- RMF – **(\$2,819,500)** The Reserve Maintenance Fund decreased mainly due to the replacement of aging cameras and unlimited power supplies (UPS) on the system, which were completed in FY2016.
- CIF – **(\$5,952,158)** The Capital Improvement Fund decreased due to the scheduling of projects and achieved milestones earlier than expected.
- CIF/FSF - \$0

ENTERPRISE FUND

The fund was created to account for revenues and expenses associated with tolling services agreements (see Other Funds section pages 166-168).

- EF - \$1,684,921 including \$939,206 for software development and \$745,715 of allocated salaries.

SPECIAL PROJECTS SYSTEM

The following amounts were budgeted in the FY2017 Special Projects System Budget.

- PGBT-WE OF \$1,287,036
- PGBT-WE CF \$0
- PGBT-WE MMF \$385,821
- CTP OF \$1,799,732
- CTP CF \$0

- The IT Department has added three new positions for FY2017: Sr. Storage Architect, Data Integration Architect and ServiceNow System Administrator. The positions are being added to bring core competency duties in-house.
- The other changes are reclassifications to align the duties with the positions.

MAJOR BUSINESS FUNCTIONS

The IT Department supports the mission of NTTA by providing robust, relevant and increasingly sophisticated solutions in the mission-critical realm of technology. The department is divided into four business functions that partner with internal and external stakeholders.

- **Business Applications** – Focused on all tolling back-office systems: Toll Enforcement Remedies application; PeopleSoft HR and financials; the asset management system used by the Maintenance Department; enterprise project delivery system (EPDS); geographic information systems (GIS); and all other enterprise applications.
- **Roadway Systems Operations and Support** – Focused on the installation and support of the tolling system at the lane level, as well as the parking system at Dallas Love Field. The Intelligent Transportation System (ITS) group manages and supports the extensive network of dynamic message signs, closed-circuit television cameras and incident detection system utilized by SIM.
- **Enterprise Systems and Operations** – Focused on the deployment and support of user workstations and desktop applications; all aspects of the network including, routers, switches, cabling, telephones and telephone service; and all servers, systems and storage devices. The IT Service Desk resides within this area.

- **Information Security** – Focused on information security and compliance. Implements and monitors security infrastructure and evaluates systems and processes for compliance. Also, leads IT efforts with Internal and External Audits.

Maintenance Department

OVERVIEW

The Maintenance Department is responsible for providing safe and reliable roadways and facilities for our customers, employees and contractors. The driving factor of the department is to ensure assets are maintained in accordance with trust and project agreements. The department uses a balance of in-house and contracted maintenance to create a competitive environment in which the cost and quality of work being performed is measured.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Customer-Driven Organization

- Measure and encourage quality, efficiency and customer service through the Maintenance Rating Program.
- Repair deficiencies and damage in accordance with established performance metrics.

Financially Sound & Vibrant Organization

- Optimize inventory by limiting on-hand products and storage of items to support a lean yet responsive operation.

Delivering Transportation Solutions

- Integrate a “total cost” (life-cycle) approach to the development of new projects as well as the implementation of rehabilitation or modification projects.
- Conduct annual and specialized inspections, report on results and budget for deficiencies.

Respected Leader & Partner in the Region's Transportation Network

- Collaborate with Texas Department of Transportation, Texas Transportation Institute and other industry leaders to improve safety for our employees, contractors and the traveling public.

Highly Qualified, Energized & Engaged Team

- Develop position-specific training programs to prepare employees for advancement in the department.
- Use the in-field capabilities of the computerized maintenance management software to get crews more involved in the work order process.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET

Total Expenses	\$25,057,513	\$26,568,538	\$1,511,025	6.0%

MAJOR FY2017 OMF BUDGET ITEMS

The department's OMF budget increased by \$1,511,025; from FY2016 budget of \$25,057,513 to FY2017 budget of \$26,568,538. All variances that exceed \$50,000 are addressed below. Additionally, variances that are greater than 15.0% and \$5,000 are further explained.

- Salaries and Wages-Direct increased by \$420,103 due to compensation adjustments of \$300,000 previously recorded in Shared Services department.
- Retirement Contributions increased by \$94,422 commensurate with increase in salaries.
- Outside Maintenance Services increased by \$481,416 in order to contract maintenance on specialized equipment and repairs of assets.
- Landscaping increased \$5,900 due to adding 12 acres of new landscaping beds.
- Rentals – Equipment decreased by (\$27,000) based on historical data and current usage rates.
- Travel increased by \$6,350 to send personnel to specialty training and conferences to improve skills and knowledge as it relates to snow/ice response and concrete maintenance.
- Temporary Contract Labor decreased (\$53,280) due to innovative ways to make ready RSS trucks that reduces required man power.
- Other Materials and Supplies increased \$552,736 due to fully funding the five-year average for purchase of de-icing materials needed for the 2017 snow and ice plan.
- Electricity increased by \$100,000 based on historical data and current usage rates.

- Small Tools and Shop Supplies decreased **(\$56,125)** due to recent replacement in tools and purchases of specialty tools that result in less wear and tear.

ALL FUNDS

The following is a summary of the departmental total budget for OMF and all other funds in the NTTA System FY2017 Budget (see Other Funds section pages 132-165).

Account	OMF	CF	RMF	CIF	CIF/FSF	Total Budget

Increase/(Decrease)	\$1,511,025	\$0	(\$20,379,053)	(\$32,715,500)	\$0	(\$51,583,528)

OTHER FUNDS VARIANCE

- **CF - \$0**
- **RMF - (\$20,379,053)** The Reserve Maintenance Fund varies year by year based on projects identified in the five-year capital plan and as a result of the Annual Inspection. The decrease is due to most projects being managed by Project Delivery in FY2017.
- **CIF - (\$32,715,500)** The Capital Improvement Fund varies by year and is based on projects identified in the five-year capital plan and as a result of the Annual Inspection. The decrease is due to most projects being managed by Project Delivery in FY2017.
- **CIF/FSF - \$0**

ENTERPRISE FUND

The fund was created to account for revenues and expenses associated with tolling services agreements (see Other Funds section pages 166-168).

- EF \$0

SPECIAL PROJECTS SYSTEM

The following amounts were budgeted in the FY2017 Special Projects System Budget.

- PGBT-WE OF \$2,539,056
- PGBT-WE MMF \$0
- CTP OF \$5,170,782
- CTP MMF \$0

Total Full-Time Positions	187	187	0

- One Lead Bldg. Maintenance Technician was reclassified to a HVAC&R Technician.

MAJOR BUSINESS FUNCTIONS

To maintain and operate the NTTA's toll facilities at or above industry standards, the Maintenance Department is divided into the following divisions:

- **Roadway Division** - Provides in-house maintenance of the SRT, DNT, LLTB, and AATT, including bridges, safety devices and associated appurtenances.
- **Facilities Division** - Responsible for the maintenance of NTTA facilities, electrical services and roadway lighting.

- **Landscape Division** - Responsible for the maintenance of all landscape assets as well as project management of the contracted landscape maintenance.
- **Support Services Division** - Provides maintenance of the authority-owned fleet and equipment, oversight of the NTTA warehouse, maintenance and fabrication of signs.
- **Administration Division** - Oversight of contracted maintenance of the PGBT, management of the department's RMF and CIF funds, and building renovations.

Operations Department

OVERVIEW

The Operations group will continue to pursue and implement opportunities to enhance collections, increase the percentage of pursued transactions, streamline operational processes, advance interoperability both regionally and nationally, and manage NTTA's provision of toll services.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Customer-Driven Organization

- Implement programs to improve customers' experience through projects intended to reduce the need for customers to contact NTTA (e.g., update credit card expiration dates), improve average speed of answer to 70/30, reduce talk times by 10%, and solicit customer feedback across more contact channels.
- Increase pursuable transactions to 95.7% of total transactions and collection rate to 93% within 24 months.
- Implement alternative payment options, with a focus on expanding current options and locations to handle cash-backed TollTag accounts and ZipCash payments.
- Working with Public Affairs, expand the rewards program to ZipCash customers who register and pay their monthly statements in a timely fashion.
- Implement interoperability with the Kansas Turnpike Authority and the southern states.

Financially Sound & Vibrant Organization

- Procure a new toll collection system.
- Implement an alternative payment option, which leverages mobile phones as a payment device and consolidates payment of toll charges with a customer's mobile phone bill.
- Implement a full business continuity program.

Respected Leader & Partner in Region's Transportation Network

- Implement toll services for NTE Segment 3B and IH-35E.
- Participate on the NCTCOG managed lanes committee and in the implementation of a pilot project for regional HOV occupancy technology.
- Implement central- and southern-states interoperability programs thereby extending payment of tolls through a TollTag to include Kansas and Gulf Coast states to Florida and North Carolina.
- Actively participate in state, regional and national interoperability efforts.

Highly Qualified, Energized & Engaged Team

- Implement succession planning and a career path development program.
- Continue identifying and participating in agency-to-agency sharing of best practices and innovative ideas.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET

Account	FY2016	FY2016	Variance	Variance %
	Budget	Budget		
Salaries and Wages-Direct - (511101)	\$476,701	\$578,350	\$101,649	21.3%

Project Manager	1	1	0
Sr. Project Mgr. / Business Analyst	1	1	0
Total Full-time Positions	5	5	0

- The Executive Assistant position was transferred to the Customer Care Department.
- The Business Operations Manager was added in FY2016 by transferring the Asst. Dir. of CSC from the Customer Service Contact Center Department.

MAJOR BUSINESS FUNCTIONS

By providing executive-level oversight, the department provides direction for continual improvements and strives to create an environment of accomplishment, accountability, partnership, trust and integrity within the Customer Service Contact Center, Collections and Toll Enforcement, Customer Care, Information Technology and Human Resources departments.

Project Delivery Department

OVERVIEW

The Project Delivery Department is responsible for the planning, design and construction of toll facilities in the region. Its goals are to improve mobility and quality of life in the North Texas area through the successful delivery of regional transportation projects and the continual improvement of the planning, design and construction process.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Delivering Transportation Solutions

- Continue construction of the Dallas North Tollway improvements and the President George Bush Turnpike fourth lane project.
- Integrate a “total cost” (life-cycle) approach to the development of new projects as well as the implementation of rehabilitation or modification projects.
- Conduct annual routine and specialized inspections, report on results, budget for deficiencies and implement improvement plans.
- Continue development of Sam Rayburn Tollway fourth lane project.

Respected Leader & Partner in the Region’s Transportation Network

- Collaborate with the Texas Department of Transportation on the design and construction of SH 360.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET

Account	FY2016 Budget	FY2017 Budget	Variance	Variance %
Salaries and Wages-Direct - (511101)	\$1,213,162	\$1,582,446	\$369,284	30.4%
Retirement Contributions - (512401)	147,084	208,193	61,109	41.5%

OTHER FUND VARIANCE

- **CF - \$4,225,460** The Construction Fund increased due mainly to the anticipated start of construction of SRT Widening.
- **RMF - \$37,098,360** Reserve Maintenance Fund projects were previously managed in the Maintenance department.
- **CIF - \$47,790,900** The Capital Improvement Fund increase is mainly due to the addition of \$37.9 million worth of projects previously managed by the Maintenance department. The rest is the normal scheduling of projects. Some of the major projects are as follows:
 - DNT Fourth lane (PGBT to SRT) - \$36,416,000
 - DNT Improvements (I-635 to PGBT) - \$12,986,000
 - DNT/PGBT Interchange Modification - \$28,202,000
 - PGBT Fourth Lane (Belt Line Road (Irving) to SH 78) - \$33,887,900
- **CIF/FSF - \$580,000** The Feasibility Study Fund increase is due mainly to general feasibility of potential projects.

ENTERPRISE FUND

The fund was created to account for revenues and expenses associated with tolling services agreements (see Other Funds section pages 166-168).

- EF \$0

SPECIAL PROJECT SYSTEM

The following amounts were budgeted in the FY2017 Special Projects System Budget.

- CTP OF \$70,626
- CTP CF \$6,560,464
- CTP MMF \$1,087,106
- CTP CEF \$0
- PGBT-WE OF \$76,625
- PGBT-WE CF \$199,073
- PGBT-WE MMF \$2,699,939
- PGBT-WE CEF \$647,419

POSITION SUMMARY

Project Delivery				
Full-Time Positions	FY2016	FY2017	Difference	
AD Infrastructure Engineer	1	1	0	
AED Infrastructure	1	1	0	
Chief Engineer Construction	1	1	0	
Civil Engineering Technician	1	1	0	
Construction Manager	1	1	0	
Contracts Manager	1	1	0

Roadway Project Manager	1	1	0	
Senior Corridor Manager	1	1	0	
Senior Manager of Project Delivery	0	1	1	
Senior Project Manager Design Guidelines	1	1	0	
Total Full-Time Positions	17	18	1	

- Adding the position of Director of Project Delivery. Reclassified the Design Manager to Sr. Manager of Project Delivery to align the duties with the position.

MAJOR BUSINESS FUNCTIONS

With the carefully considered FY2017 budget, the Project Delivery Department will continue to benefit the Authority and the people of North Texas by performing a number of key functions:

- **Project Management** - Overall management of all planning, design and construction of NTTA projects, ensuring a consistent application of standards of project delivery across all corridors.
- **Planning** - Facilitate/manage decision-making to carry out project development with consideration given to the environmental, social, political, and economic and governance factors.
- **Design** - Provide requirements and guidance on current highway design methods and policies and ensure consistency between NTTA, TxDOT, and FHWA and AASHTO guidelines. Plan review through all phases of projects.
- **Construction** - Implement safe and efficient toll road systems within budget and schedule requirements without compromising quality, ensuring a consistent application of standards across all corridors.

System and Incident Management Department

OVERVIEW

The System and Incident Management Department supports the mission of the NTTA through enhanced traffic, safety and emergency operations.

FY2017 DEPARTMENT OBJECTIVES (SUPPORTING 5-YEAR STRATEGIC GOALS)

Customer-Driven Organization

- Continue to implement Roadside Safety Services delivery strategies to remove vehicles and debris from NTTA roadways allowing for reduced congestion and lane closures.
- Implement a Traffic Safety Program that evaluates crash patterns and causes to identify ways to reduce the severity of or eliminate crashes.

Financially Sound & Vibrant Organization

- Continue to develop strategies that support NTTA's Toll Enforcement Remedies program to help bring NTTA's top violators into compliance.
- Continue to improve the process to recover the costs to repair assets damaged by third parties.

Delivering Transportation Solutions

- Increase the use of NTTA's traffic management software and share information regarding incidents and accidents on the System with the region.

Highly Qualified, Energized & Engaged Team

- Increase opportunities for employee advancement, as well as the ability for the employees to learn and develop additional skills.
- Increase employee involvement in NTTA Safety Committee activities and safety fairs.

DEPARTMENTAL FY2017 OPERATION AND MAINTENANCE FUND (OMF) BUDGET

Account	FY2016 Budget	FY2017 Budget	Variance	Variance %

Total Expenses	\$11,809,386	\$12,371,917	\$562,531	4.8%

MAJOR FY2017 OMF BUDGET ITEMS

The department's OMF budget increased \$562,531, from FY2016 budget of \$11,809,386 to FY2017 budget of \$12,371,917. All variances that exceed \$50,000 are addressed below. Additionally, variances that are greater than 15.0% and \$5,000 are further explained.

- Salaries and Wages-Direct increased by \$360,483 due to adding five new positions in the amount of \$273,000. The remainder is for compensation adjustments previously recorded in Shared Service.
- Retirement Contributions increased by \$85,337 commensurate with salaries.
- Consulting and Professional Fees increased \$39,933 for anticipated need in FY2017.
- Outside Maintenance Services increased by \$90,022 due to the transfer of maintenance of the facility's security system from the IT Department to SIM.
- Insurance Expense decreased **(\$59,075)** due to expected insurance premiums being reduced.
- Liability Claims decreased **(\$5,270)** primarily due to adjustment of historical spend.
- Other Materials and Supplies increased by \$22,068 due to the increase of tools and supplies for the RSS trucks.
- Software increased by \$45,000 due to the transfer of maintenance of the facility's security system from IT to SIM.
- Uniforms decreased **(\$11,533)** primarily due to adjustment of historical spend.

ALL FUNDS

The following is a summary of the departmental total budget for OMF and all other funds in the NTTA System FY2017 Budget (see Other Funds section pages 132-165).

Total Full-Time Positions	108	113	5

- The Asst. Dir. SIM position was reclassified as Roadway Safety Service Supervisor.
- The Roadside Safety Services position count increased by five RSS Team Leads. The positions will allow RSS to provide service when calls and traffic increase on the system.
- All other changes were done to align the duties with the positions.

MAJOR BUSINESS FUNCTIONS

To help get NTTA customers to their destination in a safe and timely manner, and to protect NTTA employees and property, the SIM Department operates the following:

- **Administration Division** – Includes Loss Prevention and Facility Security, Safety, Traffic and Emergency Management, and Traffic Engineering. This group manages agency-wide programs to mitigate risk; recover lost revenue due to traffic interruptions; develop and manage emergency management and business continuity strategies; develop security strategies to

safeguard NTTA customers, employees, facilities and property; and provide Traffic Engineering functions to the Authority.

- **Safety Operations Center Division** – Oversees the activities of Roadway Safety Services, police, fire, EMS, HAZMAT, wrecker service and security at NTTA facilities. The team uses Intelligent Transportation Systems and provides traveler notifications on dynamic message signs and on NTTA's website. They also handle emergency and non-emergency incidents.
- **Insurance Division** – Collects on NTTA property damage caused by third parties; assess insurance needs and manages NTTA's coverages.
- **Roadside Safety Services Division** – NTTA's 24/7 on-the-road customer touch-point providing safety and support to customers and employees in all types of hazardous situations including crashes, vehicle breakdowns, flat tires and debris calls.

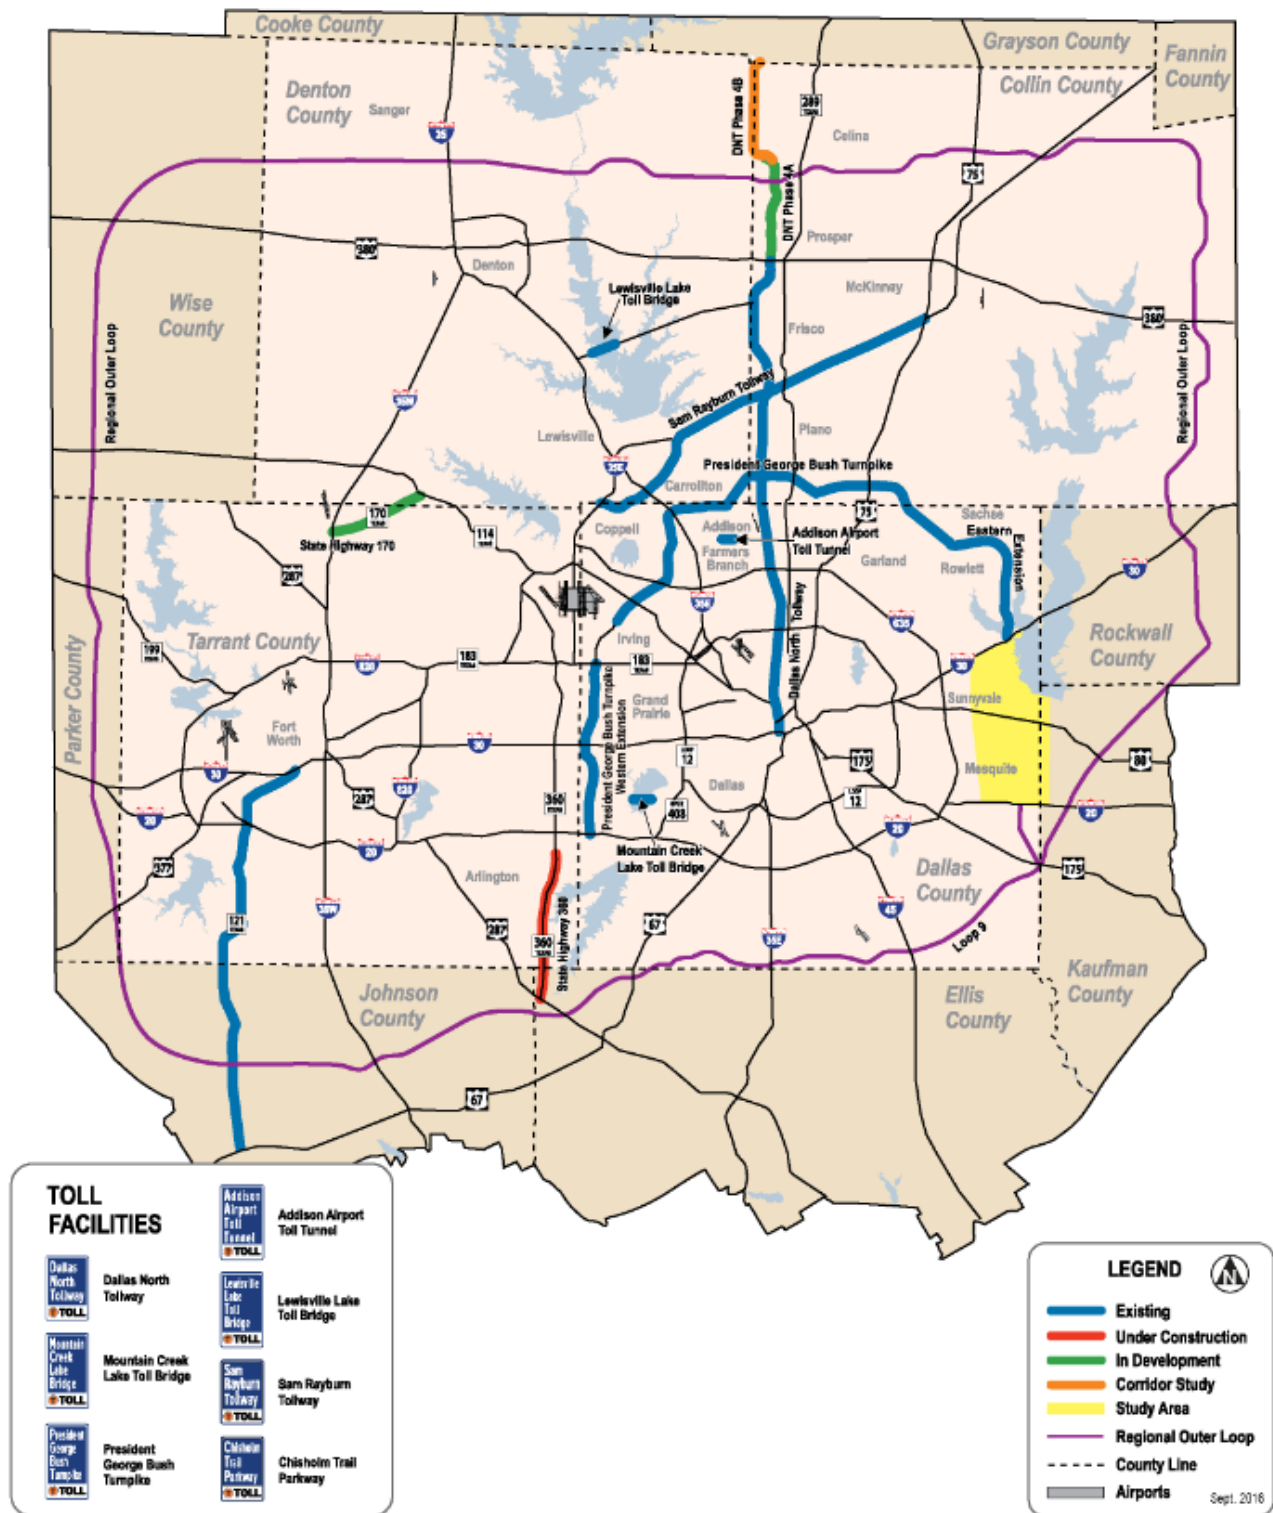

DNT

Demolition of the north portion of the Tennyson Parkway bridge continues

Facility Map of the North Texas Region

The following map shows the toll facilities of the NTTA System and Special Projects System along with other projects of the North Texas region. The projects being constructed, improved, developed or under study are further discussed in this section.

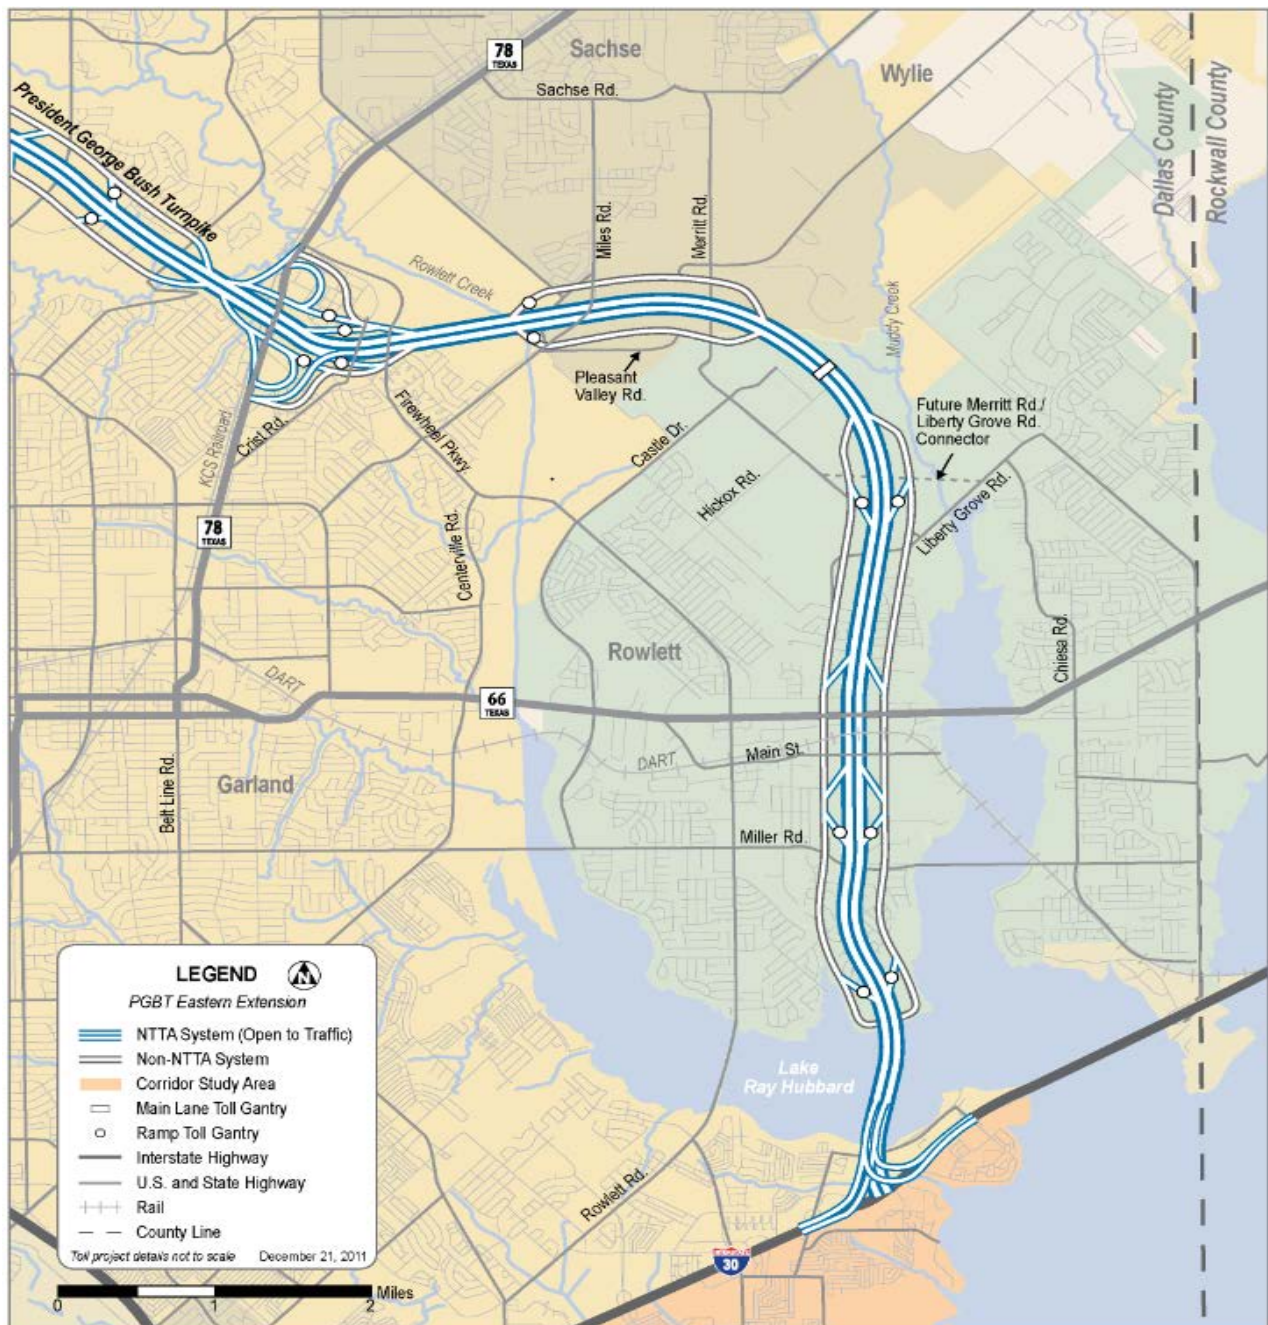

Construction Fund

FY2017 CONSTRUCTION FUND PROJECTS

The funds required to construct or acquire toll projects for the Authority are contained in the Construction Fund. The projects in this fund are typically funded with bond proceeds. The following are the FY2017 construction projects.

PRESIDENT GEORGE BUSH TURNPIKE EASTERN EXTENSION

The Eastern Extension is a portion of the outer loop around Dallas and its suburbs that connects Interstate Highway (IH) 30 to the existing President George Bush Turnpike (PGBT). The project was completed in late FY2012 with only minor cost in FY2017 of \$1.8 million for right-of-way obligations.

SAM RAYBURN TOLLWAY FOURTH LANE (WIDENING) PROJECT

Sam Rayburn Tollway (SRT) stretches approximately 26 miles southwest to northeast, linking the Dallas/Fort Worth International Airport and growing communities in Collin, Dallas and Denton counties. The SRT features six main lanes with all-electronic toll collection. The estimated costs for FY2017 are for the design services for the addition of a fourth lane in each direction from Business 121 to U.S. 75. Construction scheduled to begin in mid-FY2018; open to traffic in FY2020

The FY2017 - FY2021 Capital Plan includes \$162.6 million for this project. The total project construction costs are estimated at \$165.7 million.

DALLAS NORTH TOLLWAY PHASE 3

The six-lane, controlled-access toll way extends approximately 9.2 miles north from Gaylord to US 380 in Collin County. The project was completed in FY2007 with only minor cost in FY2017 for the construction of the Rockhill Road ramp gantries to and from Panther Creek Parkway. The estimate for the gantries is \$1.1 million.

DALLAS NORTH TOLLWAY PHASE 4B (SOUTHBOUND FRONTAGE ROAD)

DNT Phase 4B extension straddles the Collin-Denton county line and extends from FM 428 in Collin County to the Grayson County line. Through an interlocal agreement with Denton County, NTTA is advancing the southbound frontage road through the design and construction phases. Costs associated with this project are reimbursed by Denton County. (See project map on page 161)

PROJECT COSTS FOR FY2017

ESTIMATED NTTA SYSTEM EXPENDITURES FOR FY2017	
PGBT Eastern Extension Construction	\$1,855,060
Sam Rayburn Tollway Construction	8,940,800
Dallas North Tollway Phase 3	1,126,800
Dallas North Tollway Phase 4B	6,803,800
Professional Fees, Legal Fee	1,878,745
Estimated FY2017 Construction Project Cost	20,605,205
Cash Transfer to OMF – Overhead Cost	1,166,114

Reserve Maintenance Fund

FY2017 RESERVE MAINTENANCE FUND MAJOR PROJECTS OR PURCHASES

The Reserve Maintenance Fund was created to account for maintenance expenditures that do not occur on an annual or more frequent basis. In other words, it is for the renewal and replacement of capital assets. The Authority elected to use the GASB 34 Modified Approach to account for maintenance of infrastructure assets. As required by the Trust Agreement, an annual inspection of the Authority's roadways is conducted by the general engineering consultant. This inspection provides an assessment of conditions of all Authority infrastructure assets (roadways, bridges and facilities). The assessment of conditions is made by visual and mechanical tests designed to reveal any condition that would reduce user benefits below the set minimum level of service. The Authority's goal is to maintain the infrastructure assets at a rating of eight or better (1 to 10 scale) and has established a minimum level for GASB 34 purposes of a condition level of six or greater. The roads are maintained at the Authority's level in order to enhance the customers driving experience. The following are some of the major projects and purchases for FY2017.

SYSTEMWIDE MAINTENANCE PROJECTS (ROADWAY, BRIDGES, BUILDINGS, WALLS AND OTHER ASSETS)

Each year after the Annual Asset Condition Inspection is completed by the general engineering consultant; individual projects are prioritized and then selected for inclusion into the following fiscal year budget.

FLEET AND EQUIPMENT PURCHASES/ADDITIONAL & REPLACEMENTS

NTTA purchases additional fleet vehicles and equipment in proportion to any increases in lane miles. It also replaces fleet vehicles and equipment at specific intervals based on useful life and necessity.

HARDWARE/SOFTWARE REPLACEMENTS AND UPGRADES

NTTA purchases and replaces hardware/software at specific intervals based on useful life and necessity. Once implemented the hardware/software are primarily used for ongoing operations and maintenance.

FY2017 Projects	
Annual Inspection - Required by GASB 34 Modified Approach	\$1,033,606
General Engineering Fees	2,027,200
Systemwide Roadway Improvements	10,790,800
Pavement Restriping	2,921,754
Pavement Repairs	20,325,000
Trucks, Fleet & Equipment - New & Replacement	1,986,146
Facility Improvements	1,925,000
Computer, Servers and Equipment - New & Replacement, including software	10,841,500
Professional, Audit and Legal Fees	61,630
Total FY2017 RMF Projects	51,912,636
Cash Transfer to OMF - Overhead Costs	2,896,480
Total FY2017 Reserve Maintenance Fund Cost	\$54,809,116

CALCULATION OF DEPOSIT TO RESERVE MAINTENANCE FUND FY2017

Capital Improvement Fund

FY2017 CAPITAL IMPROVEMENT FUND PROJECTS

The Capital Improvement Fund accounts for the cost of repairs, enlargements, extensions, additions, improvements, reconstruction and replacement of capital assets. Including the purchase or enhancement of information technology hardware and software.

DALLAS NORTH TOLLWAY FOURTH LANE (PGBT TO SRT)

The DNT fourth lane project will add a fourth lane to the DNT in each direction between President George Bush Turnpike and the Sam Rayburn Tollway. Construction is underway and is anticipated to be complete in early FY2018. The estimated FY2017 costs for this project are \$36.4 million. The FY2017 - FY2021 Capital Plan includes \$43.1 million. Total project construction costs are estimated at \$113.9 million.

DALLAS NORTH TOLLWAY FOURTH LANE (I-635 TO PGBT)

The NTTA will add a fourth lane in each direction of the DNT from Belt Line Road to the PGBT within the existing right of way. Construction is underway and scheduled for completion in early FY2018. The estimated FY2017 costs are \$13.0 million for this project. The FY2017 - FY2021 Capital Plan includes \$14.0 million. Total project construction costs are estimated at \$25.0 million.

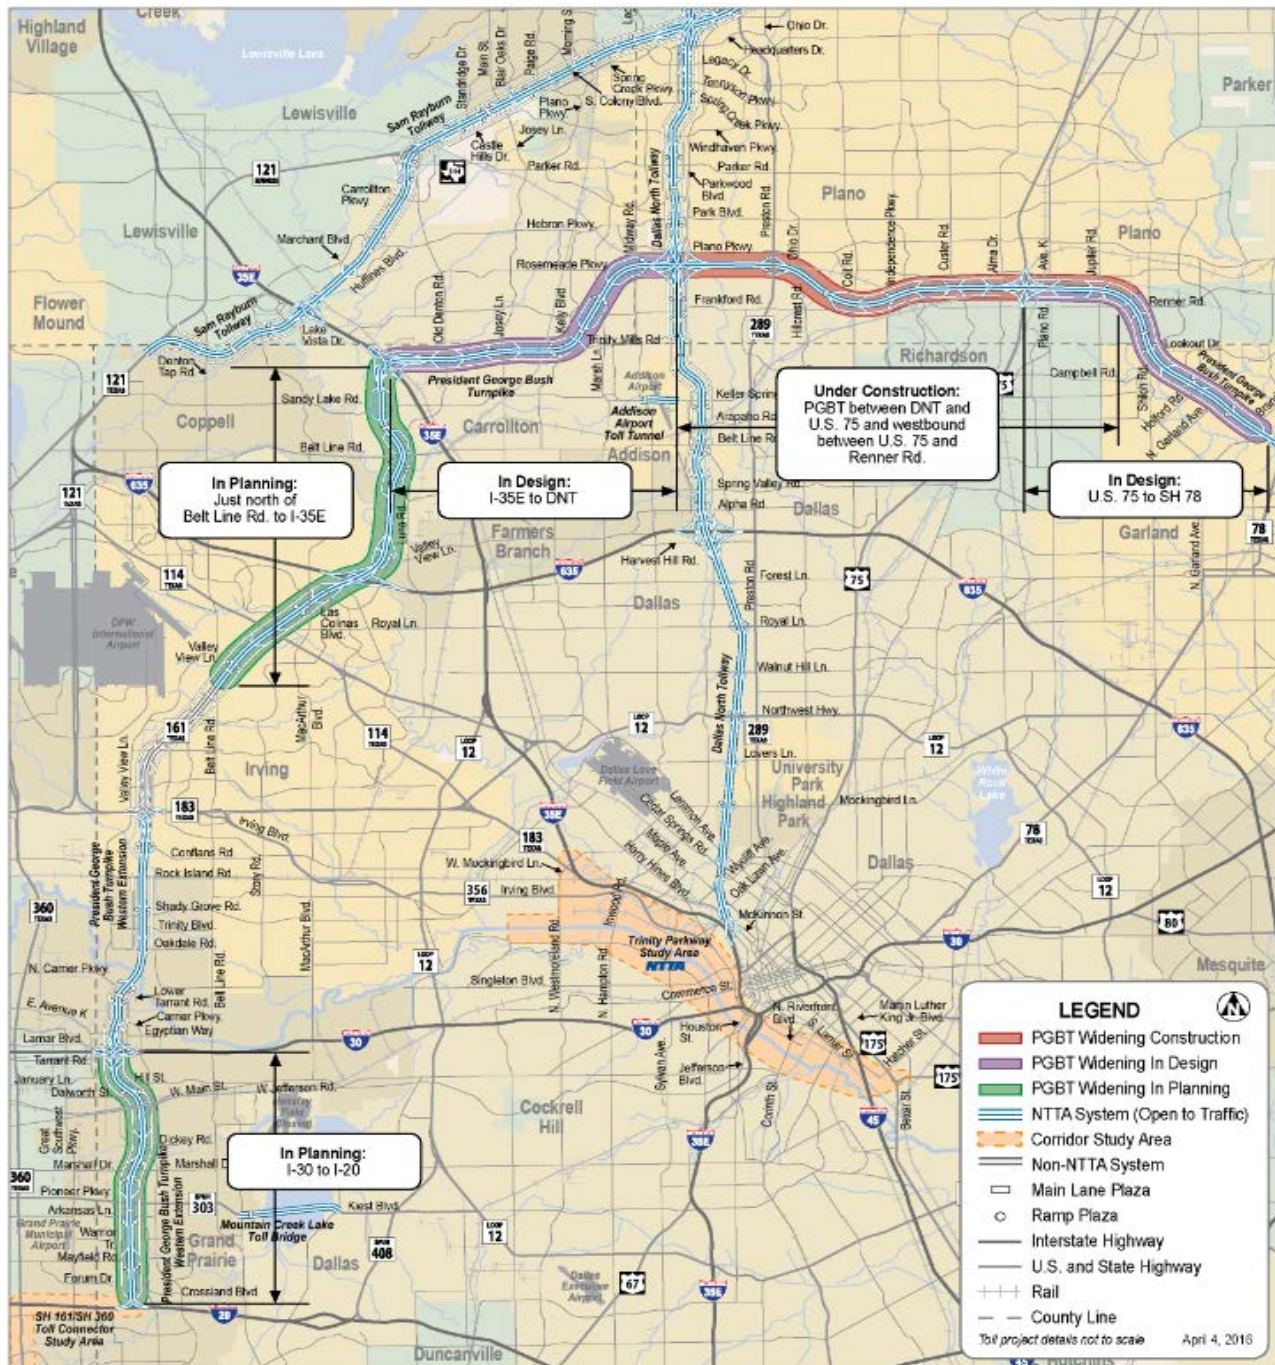

PRESIDENT GEORGE BUSH TURNPIKE WIDENING BETWEEN BELT LINE ROAD AND STATE HIGHWAY 78

The PGBT fourth lane project will add a fourth lane in each direction between Belt Line Road and SH 78. Construction is underway and is anticipated to be complete in stages between FY2016-FY2020.

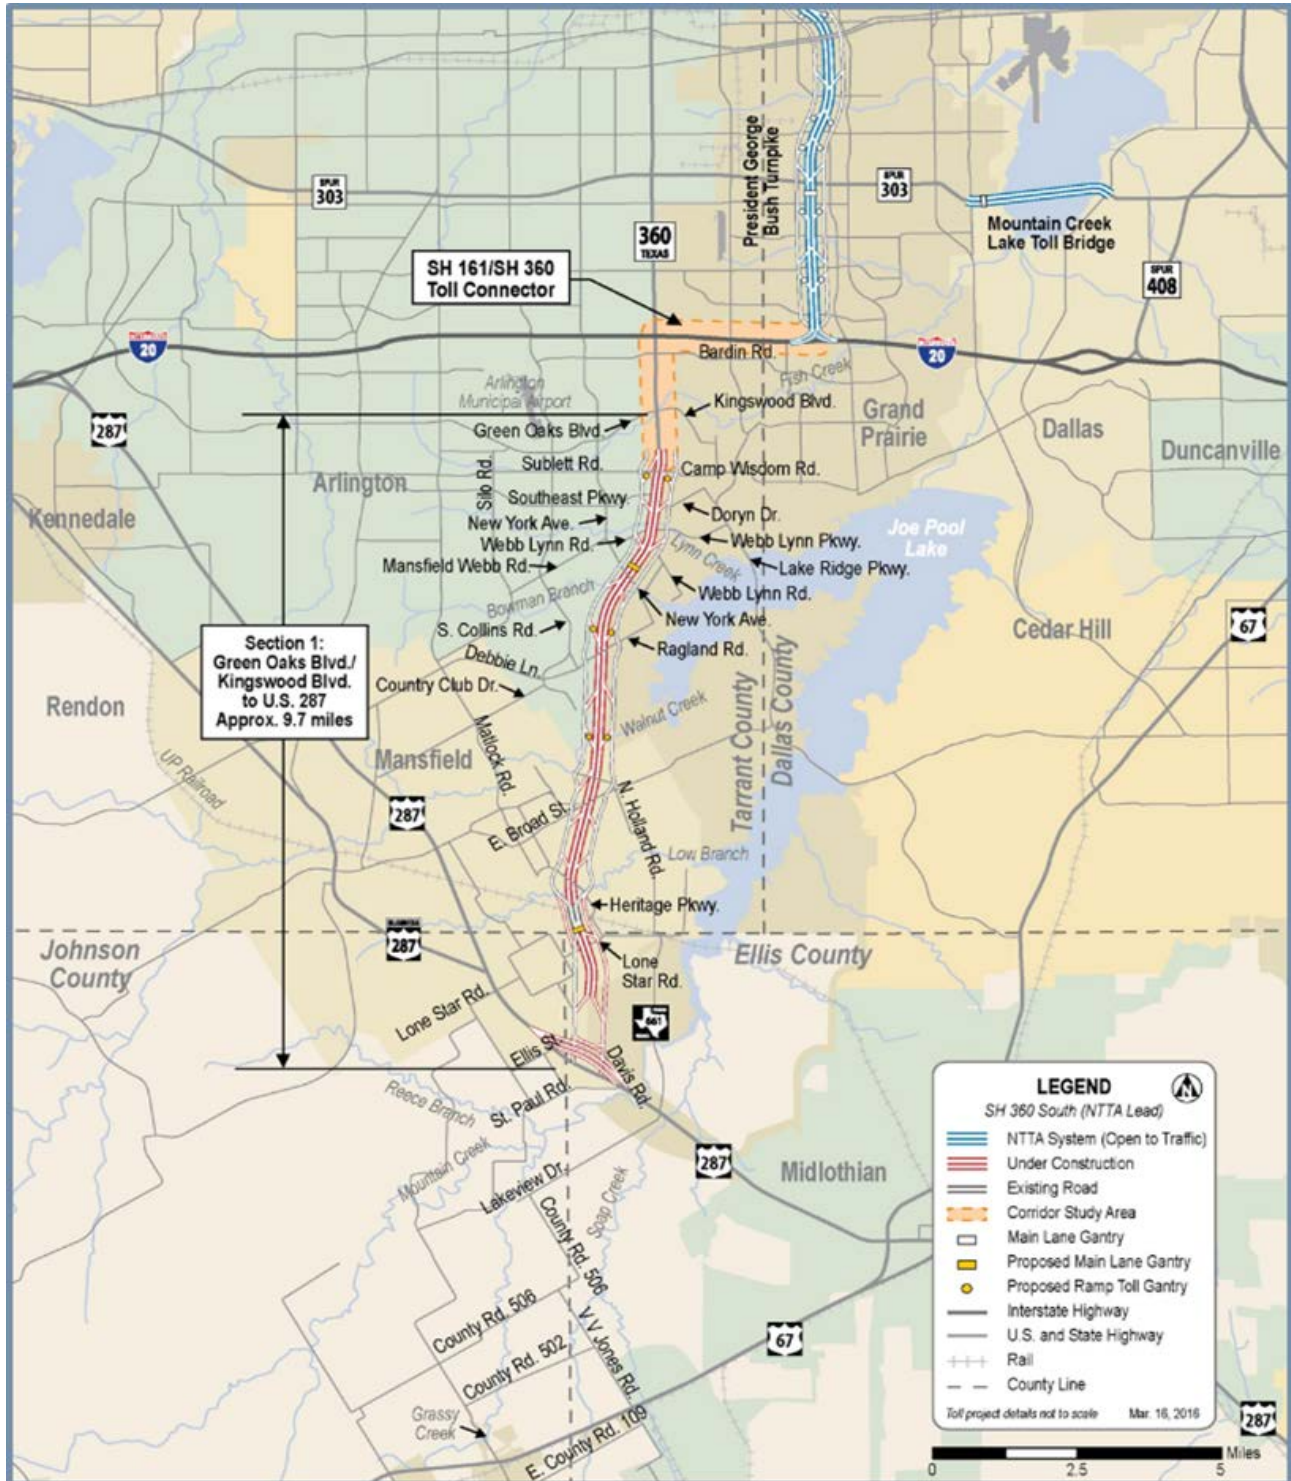

- Phase 1 [between U.S. 75 and DNT]: Construction began May FY2015; anticipated completion: late FY2016.
- Phase 2 [from SH 78 to U.S. 75 and DNT to I-35E]: Construction anticipated to begin in FY2017; anticipated completion: end of FY2019.
- Phase 3 [from I-35E to north of Belt Line Road (Irving)]: Construction anticipated to begin in FY2018 and done in FY2020.

The estimated FY2017 costs are \$33.9 million for this project. The FY2017 - FY2021 Capital Plan includes \$84.1 million for this project. Total project construction costs are estimated at \$96.0 million.

STATE HIGHWAY 360

The proposed SH 360 project will extend the roadway between the existing frontage roads from its current terminus of Green Oaks Blvd in southern Tarrant County to U.S. 287 in northwestern Ellis County and northeastern Johnson County. TxDOT will develop the project through an agreement with NTTA; TxDOT will fund, design and build the SH 360 project and give the project to NTTA upon construction completion to own, operate and maintain. Construction on the project began in November FY2015 and is anticipated to be substantially completed in December FY2017.

DALLAS NORTH TOLLWAY/PRESIDENT GEORGE BUSH TURNPIKE INTERCHANGE IMPROVEMENTS

The DNT/ PGBT interchange improvement project increase capacity and improve the flow of traffic on the north side direct connectors and through the interchange. Construction is underway and is anticipated to be complete in early FY2018. The estimated FY2017 costs are \$28.2 for this project. The FY2017 - FY2021 Capital Plan includes \$33.9 million. Total project construction costs are estimated at \$101.4 million. See project map on page 146.

DALLAS NORTH TOLLWAY PHASE 4A BRIDGES OVER U.S. 380

The NTTA is planning to extend the DNT north by constructing mainlane bridges over U.S. 380. Construction is anticipated to begin in FY2018 and is scheduled for completion in FY2021. The FY2017 - FY2021 Capital Plan includes the total estimated project construction cost of \$102.0 million. See map on page 161.

EQUIPMENT/HARDWARE/SOFTWARE

As the NTTA grows, it is important to upgrade infrastructure to maintain satisfactory services to customers, both internal and external. This includes upgrading equipment, hardware, and software. Some of the major upgrades included: network upgrades, disaster recovery, enterprise storage upgrades, toll collection system enhancements, intelligent transportation systems, and items related to information security and compliance. The estimated FY2017 costs are \$44.6 million. The FY2017 - FY2021 Capital Plan includes \$139.0 million for this category.

REPAIR OF RETAINING WALLS

Several retaining wall projects are being developed to address identified issues. The estimated FY2017 costs are \$13.2 million for this project. The FY2017 - FY2021 Capital Plan includes \$38.0 million.

ROADWAYS

Various improvement projects are planned across the NTTA System including but not limited to repairs, resurfacing, reconstruction and replacements. The estimated FY2017 costs are \$22.0 million. The FY2017 - FY2021 Capital Plan includes \$41.2 million for this category.

BUILDINGS

Buildings are being constructed, modified, improved or expanded as the NTTA System expands. Annual reviews are conducted to identify any required improvements. The estimated FY2017 costs are \$2.4 million. The FY2017 - FY2021 Capital Plan includes \$5.5 million for this category.

THE FOLLOWING IS THE LIST OF PROJECTS AND PURCHASES FOR FY2017:

Capital Improvement Fund Projects	
Document Management and Imaging System	\$850,000
Intelligent Transportation Systems Retrofit	4,150,000
Business Analytics	400,000
Business Diversity Tracking	320,000
PCI Compliance	1,928,000
Disaster Recovery	2,000,000
System Enhancements	4,115,000
EPDS Enhancements	1,090,000
Redesign of Internet and Intranet	850,000
National Interoperability.	2,500,000
PeopleSoft HR HCM Enhancements	530,000
Digital Aerial Photography	148,200

Report contains only project costs.

Feasibility Study Fund

FY2017 CIF/REVOLVING ACCOUNT-FEASIBILITY STUDY FUND PROJECTS

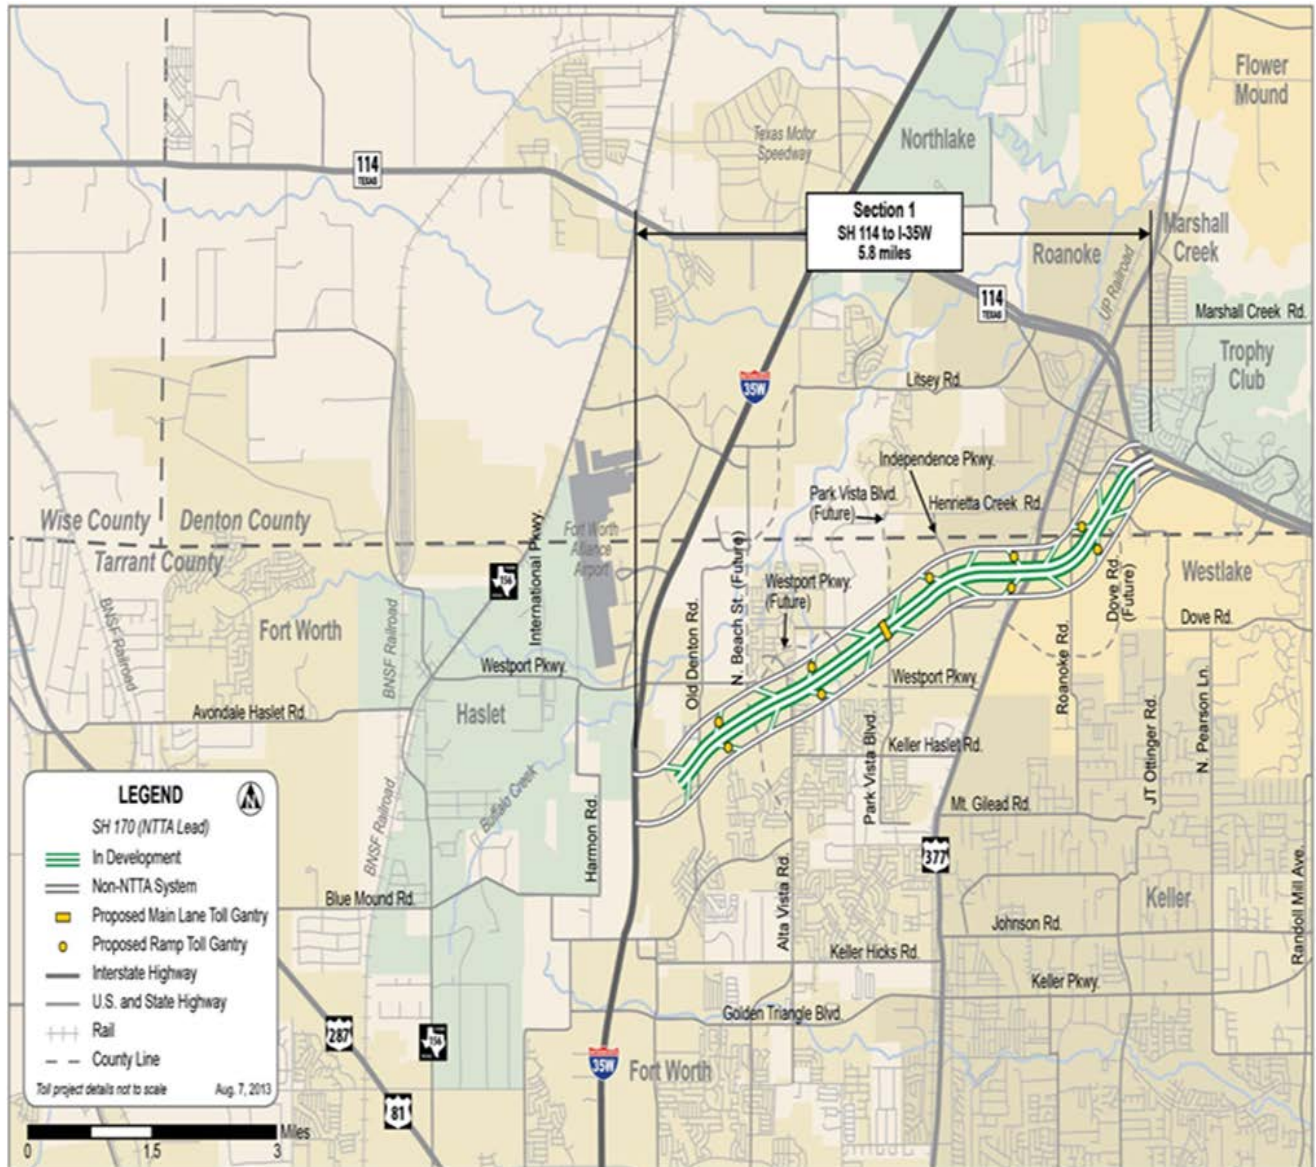

Trinity Parkway

The proposed Trinity Parkway will connect Interstate 35E to U.S. 175, providing a new, approximately 9-mile relief route around the west and south sides of Dallas' central business district. Trinity Parkway is a planned tolled bypass around downtown Dallas, which will provide traffic relief for the I-30 and I-35E corridors. The NTTA is managing preliminary engineering efforts for the City of Dallas to advance the project.

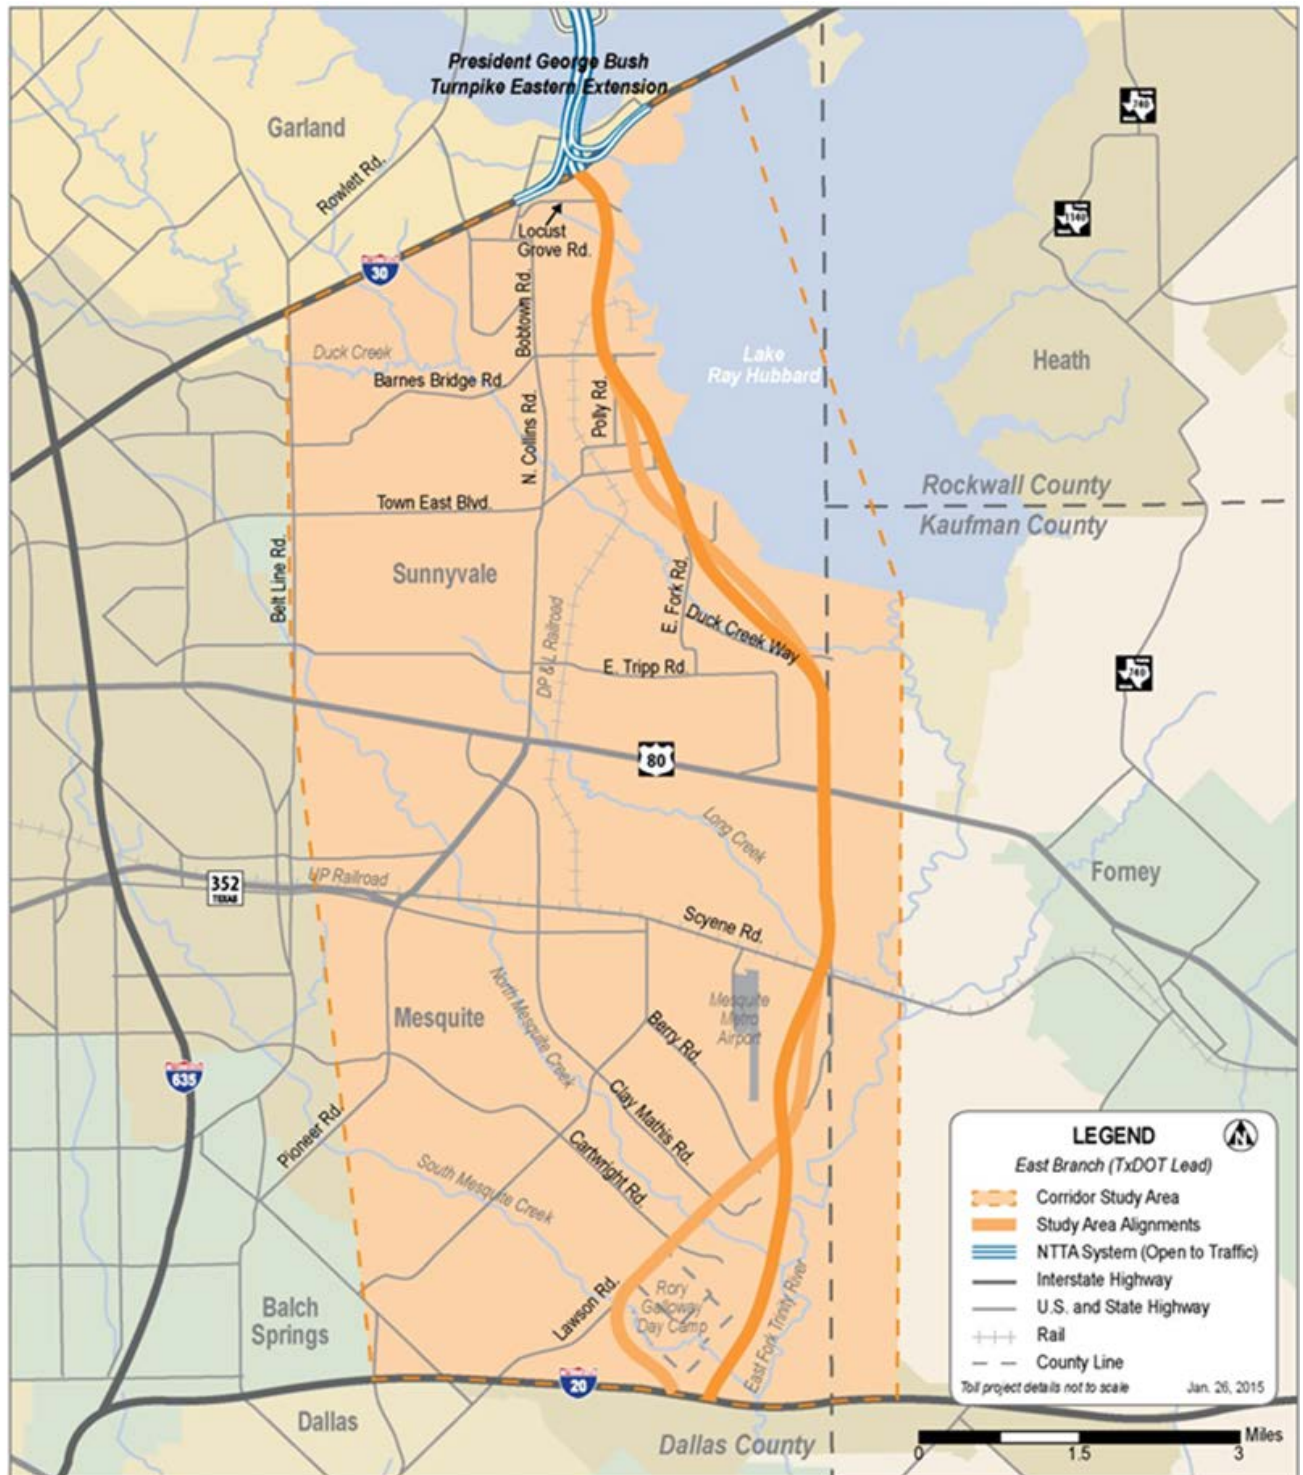

State Highway 170

The proposed State Highway 170 will connect SH 114 to I-35E between the existing frontage roads in southwest Denton and northern Tarrant counties. The corridor is under study and NTTA will continue to work closely with TxDOT and our transportation partners to advance this project.

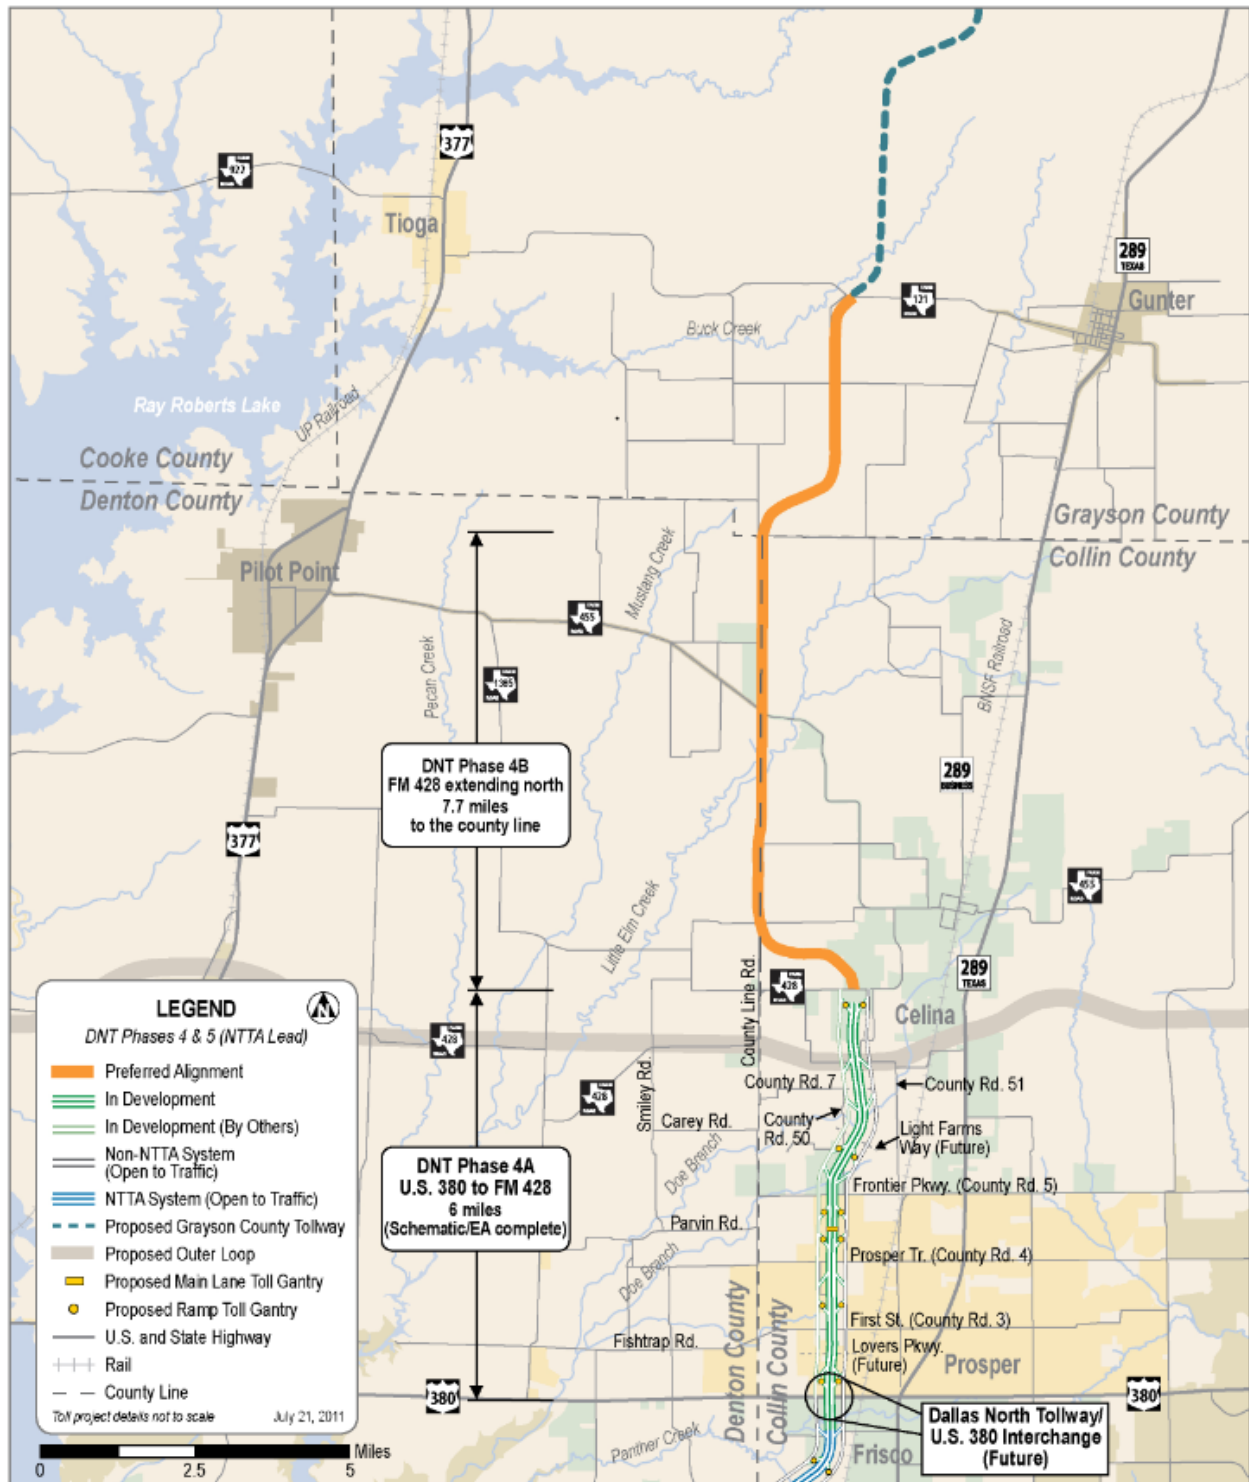

State Highway 190 East Branch

TxDOT is advancing the East Branch/State Highway 190 environmental analysis and documentation. Ongoing review, public input and possible modifications are necessary before the project can proceed.

Dallas North Tollway Phases 4A and 4B

DNT 4A and 4B extension project is a proposed 18-mile extension of the Dallas North Tollway northward from U.S. 380 to FM 428 (Phase 4A) and from FM 428 to Collin/Grayson county line (Phase 4B). The extension will be a limited access toll road with six main lanes and four frontage road lanes. Through an interlocal agreement with Denton County, NTTA is advancing the southbound frontage road (Phase 4B) through the design and construction phases. Costs associated with this project are reimbursed by Denton County. By state law, the Grayson County Regional Mobility Authority has primacy on any toll projects within Grayson County, including portions of the DNT which may extend into Grayson County.

Loop 9

The proposed Loop 9 would extend approximately 35 miles from I-20 in Dallas County to U.S. 67 in Ellis County. The proposed SH 360, SH 190 and Loop 9, along with the existing PGBT Eastern Extension would create a nearly complete loop of toll roads around the greater Dallas area. TxDOT continues to advance the project through the environmental process. (See map on page 131)

PROJECT COST	
DNT Phase 4A	\$0
SH 170	0
Loop 9	0
Trinity Parkway	1,050,000
Professional Fees, Legal Fees	650,000
Total Estimated FY2017 Feasibility Cost (1)	\$1,700,000

(1) For detail list of expenditures see pages 163.

Enterprise Fund

FY2017 ENTERPRISE FUND

The Enterprise Fund was created by the Authority to account for the revenue and expenses associated with TSAs. The Authority is responsible for the collection of tolls on all tolled projects in the North Texas region. Currently, the Authority has TSAs with the developers of two projects (TSAs - IH635 (LBJ) and TSAs NTE 1/2W, NTE 3A/3B). In addition, regional TSAs with TxDOT (DFW-Connector, I-30, LBJ East) and two are being added for FY2017 (I-35E, SH114).

Long-Term Financial Plan

INTRODUCTION

The three major factors in developing the Authority's long-term financial plans are the traffic and revenue estimates provided by the Traffic and Revenue Engineers, the estimated operating expenses provided by the General Engineer Consultants, and the estimated net debt service provided by the Financial Advisors. These estimates are generated during the initial feasibility study phase of tollway projects and are prepared for a total of 50 years. They are updated during the investment-grade phase and at the time of preparing the official statements for the issuance of bond debt.

The All Funds Long-Term Financial Projections included in this section are summary pages from the FY2017 - FY2021 Five-Year Capital Plan. The five-year plan is adopted by the Board on an annual basis.

REVENUE FUND LONG-TERM PLAN

The majority, about 95.8%, of revenue in the long-term revenue plan is the toll revenue estimate provided by the Traffic and Revenue Engineers. The estimated other revenues, about 3.1%, are provided by the Authority and include video tolling fees and other charges, and estimated projected interest earnings at 1.1% on the First and Second Tier Debt Service Funds and an estimated balance of \$223.1 million in the Capital Improvement Fund. Total revenue growth is expected to average 4.9% per year between FY2017 and FY2021. All NTTA revenues on deposit in the Revenue Fund must be distributed to the other funds in accordance to the Trust Agreement.

OPERATION AND MAINTENANCE FUND LONG-TERM PLAN

The Operation and Maintenance Fund long-term plan encompasses all the day-to-day expenses of operating the Authority. The majority of these expenditures are related to employee compensation, retirement, and health and welfare benefits; which account for about 35.0% of operating cost.

The estimated operating expenses for the year are prepared by the individual departments and are compared to the General Consultant Engineer's estimated amount. The operating expenses are expected to increase an average of 2% per year between FY2017 and FY2021.

The Operation and Maintenance Fund is funded from the Revenue Fund. This means that the required revenues to match expenditures and maintain the required balance will be transferred to the fund.

DEBT SERVICE FUNDS LONG-TERM PLAN

The 1st, 2nd, and 3rd Tier Bond Interest and Redemption Funds are used to accumulate the amounts necessary to pay the principal and interest on debt as they become due. The long-term plan estimates are provided by the Financial Advisor. The funds are funded from the Revenue Fund; which means that the revenues are expected to match the required debt service and will be transferred from the Revenue Fund.

RESERVE MAINTENANCE FUND LONG-TERM PLAN

This is the Authority's long-term plan for the renewal and replacement of capital assets. The Authority elected to use the Modified Approach to account for maintenance of the Authority's infrastructure assets. As required by the Trust Agreement, an annual inspection of the Authority's roadways is conducted by the Authority's General Engineering Consultant. This inspection provides an overall rating, indicating the average condition of all of the Authority's infrastructure assets (roadways, bridges, and facilities). The assessment of conditions is made by visual and mechanical tests designed to reveal any condition that would reduce user benefits below the maximum level of service. The Authority's goal is to maintain the Authority's infrastructure assets at a rating of 8 or better (on a 1 to 10 scale), and has established a minimum level for GASB No. 34 purposes of a condition level of 6 or greater. These condition levels were adopted by the Board of Directors by Resolution No. 02-31 on June 19, 2002 and were further clarified by Resolution No. 07-169 on December 19, 2007.

About 80% of the Reserve Maintenance Fund expenditures are identified through the annual inspection of the systems assets. The replacement of information technology hardware and software accounts for another 20%. The FY2017 through FY2021 projected amounts will be adjusted based on the previous year's inspection report.

The Reserve Maintenance Fund is funded from the Revenue Fund. This means that the required revenues to match expenditures and maintain the required balance will be transferred to the fund.

CAPITAL IMPROVEMENT FUND AND CIF - REVOLVING ACCOUNT/FSF LONG-TERM PLAN

The Capital Improvement Fund accounts for the Authority's long-term plan for the enlargements, extensions, additions, improvements, reconstruction and replacement, and certain cost of repairs to the System. This fund receives a transfer from the Revenue Fund to the extent of any available excess revenues. In addition, the Authority may issue bonds to finance these costs of the Capital Improvement Fund.

The Authority issued \$400 million of bonds in May 2010 secured by revenues deposited into the Capital Improvement Fund. These bonds are subordinate to the Authority's Third Tier Bonds. The proceeds of the bonds were used to finance a portion of the cost of developing the PGBT Western Extension (previously SH 161) and Chisholm Trail Parkway (CTP).

The Capital Improvement Fund revolving account, or the Feasibility Study Fund, is to be used only to pay the expenses of studying the cost and feasibility and any other expenses relating to the preparation and issuance of bonds for the acquisition and construction of a proposed turnpike project for the Authority; the financing of the improvement, extension or expansion of an existing turnpike for the Authority; for private participation, as authorized by law, in the financing of a proposed turnpike project for the Authority, or the refinancing of an existing turnpike project for the Authority or the improvement, extension or expansion of a turnpike project for the Authority.

In accordance with House Bill 749, an act of the 72nd Legislature of Texas, the Authority may transfer an amount from a surplus fund (currently Capital Improvement Fund) established for a turnpike project to the Feasibility Study Fund. However, the Authority may not transfer an amount that results in a balance in the surplus fund that is less than the minimum balance required in the trust agreement for that project, if any. The current Trust Agreement does not have a required minimum balance for the Capital Improvement Fund.

Impact of Capital Expenditures on Operations

INTRODUCTION

Capital expenditures can have a major impact on both the cost of operations and the operations themselves. The North Texas Tollway Authority (NTTA) is active in investing in capital projects that allow NTTA to operate efficiently while providing customers with the needed transportation solutions.

NEW ROAD CONSTRUCTION/FACILITIES

As NTTA grows, new road construction and existing road expansions are expected to occur. When additional lane miles are added, a significant increase in operational costs is expected. NTTA budgets approximately \$155,000 for each lane mile. This cost represents the marginal increase for adding an additional lane mile which has remained relatively steady.

NTTA currently has three major widening projects in various stages of planning and construction. The DNT widening adds a fourth lane in each direction from I-635 to SRT. A fourth lane will be added in two phases to PGBT in each direction from I-35E to SH 78. The third widening adds a fourth lane in each direction to SRT from Business 121 to U.S. 75. This project is also being done in two phases, with phase two scheduled to open to traffic in FY2022.

Estimated Impact of Capital Improvements on Operating Budget					
Construction Project	Years				
	FY2017	FY2018	FY2019	FY2020	FY2021
DNT Fourth Lane	\$ -	\$ 2,089,400	\$ -	\$ -	\$ -
PGBT Fourth Lane	\$ 2,833,400	\$ -	\$ 2,833,400	\$ -	\$ -
SRT Fourth Lane	\$ -	\$ -	\$ -	\$ 3,972,650	\$ -
Total	<u>\$ 2,833,400</u>	<u>\$ 2,089,400</u>	<u>\$ 2,833,400</u>	<u>\$ 3,972,650</u>	<u>\$ -</u>

CONVERSION TO ALL-ELECTRONIC TOLL COLLECTION (ALL-ETC)

Beginning in FY2008, NTTA began converting its existing toll collection system into a cashless tolling or all-electronic (all-ETC) system. The main conversion was completed in early FY2011, providing customers with improved traffic flow, improved air quality, reduced travel time and enhanced safety. This project had a major impact on NTTA operations. The Toll Collection and Vault departments were eliminated, and some of the employees transitioned into new positions. The Customer and Support Services Department saw a significant increase in the number and type of customer contacts and has been restructured to accommodate the changes into the Customer Service Contact Center, Customer Care and Collection and Toll Enforcement Departments. Currently, these three departments comprise 45.1% of the total operating budget.

It's estimated the conversion to all-ETC would result in a net present value savings of \$350.0 to \$507.0 million in operations and infrastructure maintenance cost between FY2011 and FY2045.

EQUIPMENT/HARDWARE/SOFTWARE ENHANCEMENTS

The NTTA continues to invest in network and enterprise systems upgrades, disaster recovery, and Payment Card Industry (PCI) information security and compliance software. The investment in new software and enhancement of current software has an impact on the Operating Budget in terms of annual support and maintenance fees as follows:

Estimated Impact of Software and Enhancement Capital Expenditures on Operating Budget					
Project	Years				
	FY2017	FY2018	FY2018	FY2020	FY2021
Annual Support and Maintenance	\$ 450,000	\$ 472,500	\$ 496,125	\$ 520,931	\$ 546,978

PGBT Widening Project

Rebar on PGBT widening project placed in preparation for concrete paving

Statistical Data

The North Texas four county region has 5.1 million registered vehicles as of FY2015. The region's population has grown by 22.3 percent since FY2006. The average household income has grown by 20.6 percent with an average unemployment rate of 6.1%.

FY2016 Strategic Priorities & Accomplishments

Priorities to support the Authority's five-year strategic goals and objectives are established annually. Below is a summary of the FY2016 priorities and key accomplishments.

Customer-Driven Organization

FY2015 Strategic Priorities	FY2015 Accomplishments
<p>Complete customer service experience strategies and initiatives</p>	<ul style="list-style-type: none"> Expanded TollMate app functionality to include setting up TollTag account access. Push notifications for account status expected Q4 2015 or Q1 2016. Launched <i>TrafficMate</i>, a hands-free mobile app that provides traffic conditions on NTTA toll roads.
<p>Convert Zip Cash Customers to TollTag customers</p>	<ul style="list-style-type: none"> Targeted high-potential customers and markets with promotional and advertising campaigns. Negotiating agreement with a leading car dealership to equip all vehicles with TollTags and to set up TollTag accounts during the vehicle purchase process. Anticipate Q4 2015 agreement.
<p>Expand TollTag offering, branding and value</p>	<ul style="list-style-type: none"> Launched <i>TollPerks</i>, a loyalty and rewards program for TollTag customers. Launched co-branded TollTags with Dallas Stars, Dallas Mavericks, University of Texas at Austin, University of North Texas. Additional specialty TollTags planned for end of the year. Initiated discussions with regional universities to develop partnership for on campus TollTag parking. Facilitated discussions on Central US and Southern States US interoperability, targeting fourth quarter 2016 roll out.

Financially Sound & Vibrant Organization

FY2015 Strategic Priorities	FY2015 Accomplishments
<p>Complete toll enforcement implementation</p>	<ul style="list-style-type: none"> Continuing to contact new counties to encourage participation in the scofflaw program. Engaging additional justice of the peace precincts to adjudicate toll violations. Implemented the TER tracking application to assist with the application and monitoring of toll enforcement remedies. Implemented Business Intelligence for the Toll Enforcement

	<p>Remedy application, correlating data between the RITE, TER, Payment Plan, and Bankruptcy databases for improved identification, enforcement, and collections concerning habitual violators.</p> <ul style="list-style-type: none"> Exceeded \$30.7M goal for payment commitments, dollars collected and TollTag transactions from habitual violators; trending to achieve \$45M.
Continue back office system enhancements	<ul style="list-style-type: none"> Enhanced the monthly statement billing process to ensure that all statements are generated on time. Initiated procurement of a new image review system designed to improve the accuracy of the image review process and streamline the process by grouping images of individual transactions associated with the same license plate together. Implementation of the system expected in Q2 2016. Implemented 25-day payment cycle for ZipCash invoices. Initiated procurement of disaster recovery program. Anticipate vendor selection in Q4 2015.
Advance collection strategies, including unpursuable transactions	<ul style="list-style-type: none"> Proactively engaging TxDMV, feasible out-of-state DMVS, and auto dealers to identify opportunities to enhance billing procedures and improve collection opportunities, including consideration of new temporary paper plates and communication access to dealership constituencies. Increased Out-of-State license plate loads from two states per month to twelve by the end of 2015 Procured and implemented two new collection agencies in Q2 2015. Implementing Business Intelligence for RITE data in Q4 2015 for improved analysis of unpursuable and uncollectable transactions and invoices. Continued leadership role in cost and collection benchmarking efforts between NTTA and three other toll agencies. Installed front cameras at all ramp gantries to capture additional license plate images for ZipCash transactions. Installed 288 E6 tri-protocol readers to allow for future national interoperability efforts.

Delivering Transportation Solutions

FY2015 Strategic Priorities	2015 Accomplishments
Execute Capital Plan	<ul style="list-style-type: none"> Launched ProgressNTTA.com, a website dedicated to sharing information about the improvement and fourth-lane projects on DNT, PGBT and SRT.
Continue to deploy safety improvements across system	<ul style="list-style-type: none"> Joined RedThumb movement, a safety campaign aimed at ending texting and driving. The program has gained support from 18 corridor cities and community partners.

Respected Leader & Partner in the Region's Transportation Network

FY2015 Strategic Priorities	FY2015 Accomplishments
Engage region as a partner	<ul style="list-style-type: none"> • Fostered cooperative PR and marketing efforts with TSA partners, DFW Airport and area public information officers • Formed Improvement Projects Community Outreach Team with PIOs from cities, counties and partner agencies near the DNT, PGBT and SRT. • Worked with TxDOT-Dallas and Fort Worth Districts to execute public announcements for major projects (SH 161 & 360). • Rebranded the Jere W. Thompson Jr. Civil Engineering Sponsorship to increase applications and donations. Experienced a 50 percent increase in applications. • Transaction processing for the entire LPLTEExpress project.
Collaborative road planning	
Execute 2015 agenda	<p>in Q1</p> <p>ect</p> <p>y</p>
Increase operational diversity	<p>ity</p> <p>d type of</p> <p>work within each section.</p> <ul style="list-style-type: none"> • Enhanced contract compliance tracking to allow NTTA to view when subcontractors are paid. • Reached highest level of diversity participation. • Proactive outreach has resulted in record attendance in outreach activities.

*****TO BE UPDATED*****

Highly Qualified, Energized and Engaged Team

FY2015 Strategic Priorities	FY2015 Accomplishments
Develop, retain and recruit quality people	<ul style="list-style-type: none"> • Entered and earned multiple awards programs, such as the International Association of Business Communicators' Quill Awards, to recognize employees for their work toward achieving NTTA strategic goals and priorities. • Initiated multi-phase training program focused on employee conduct, corrective action, recruiting and selection, performance management, prioritization and succession planning. Over 300 employees attended a training program. • On schedule to launch a Q4 2015 project management professional (PMP) pilot training program to assist enrolled staff with developing project management skills and obtaining PMP certification.
Increase employee engagement initiatives	<ul style="list-style-type: none"> • Restructured employee-led committees and special events focused on promoting diversity, teamwork, outstanding performance, corporate culture and community involvement. • Developed employee ideas program for improving CSC operations.

GFOA Distinguished Budget Award

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to North Texas Tollway Authority, for its annual budget for the fiscal year beginning Jan. 1, 2016. This is the seventh consecutive year of receiving this award. To be eligible for the award, a government entity must publish a budget document that meets program criteria as a policy document, an operations guide, a financial plan and communications device.

The award is valid for a period of one year. We believe our FY2017 budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

During FY2016 the Authority also received a Certificate of Achievement for Excellence in Financial Reporting from GFOA for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ending Dec. 31, 2015. This is the eleventh consecutive year of receiving this certificate. The certificate is presented to government entities whose CAFRs achieve the highest standards in government accounting and financial reporting.

One of the goals in the Authority's Five-Year Strategic Plan is to maintain a financially sound and vibrant financial system. One of the objectives to accomplish this is to continuously improve and maintain financial processes. Receiving this awards are evidence of the Authority's commitment and dedication to accomplishing its goal and to supply documents that clearly and openly communicate the Authority's financial condition to the board, bondholders, elected officials and the general public.

PGBT Widening Project
Paving beginning near Jupiter Road

Appendix A: Budget Policy and Process

INTRODUCTION

The North Texas Tollway Authority's policy for the adoption of the budget of Current Expenses (sometimes referred to as Annual Budget, Operating Budget, or Operation and Maintenance Fund) and payments into the Reserve Maintenance Fund for the ensuing fiscal year is outlined by the Trust Agreement. In conjunction with developing the Operating Budget, staff prepares a five-year capital plan with estimates of expenditures for the Construction Funds, Capital Improvement Fund, Feasibility Study Fund, and the Reserve Maintenance Fund that is approved by Board resolution. The detailed reports of the FY2017–2021 Five-Year Capital Plan are included under the Other Funds section of the FY2017 Operating Budget.

BUDGETS OVERVIEW

The Authority uses accrual accounting for its budgets and financial information reports. The budget is established in accordance with the practices set forth in the provisions of the Trust Agreement for the North Texas Tollway Authority Revenue Bonds, as interpreted by the Authority. These practices are similar to U.S. generally accepted accounting principles (GAAP) for an enterprise fund on an accrual basis except that depreciation and amortization of certain non-infrastructure capital assets and related acquisition and revenue bond issuance costs are not included as an operating expense, and interest accrued for certain periods during and after official construction completion on certain of the Authority's bond issues is capitalized as allowed by the Trust Agreement and bond resolution, rather than being reflected as an expense. Otherwise, revenues are recognized when they are earned, expenses are recognized in the period in which they are incurred, and all assets and liabilities associated with the operation of the Authority are included in the statement of net assets in accordance with the Trust Agreement as described above. This means that operating budgets are adopted on a non-GAAP basis.

Line-item budgeting and control was adopted for the Authority's Operation and Maintenance Fund. A carefully itemized list of proposed expenses by line items is prepared for each department and compared to same line items for the previous fiscal year. The summation of all departments will be the Authority's annual budget. The Board of Directors approves the annual budget in total, in other words, the bottom line. The budget control is at the department level and is maintained through the purchase requisition approval process.

The Reserve Maintenance Fund, Capital Improvement Fund/Feasibility Study Fund-Revolving Account, and Construction Funds use a program budgeting and control approach, concentrated on programs and projects.

CASH BALANCES

The Trust Agreement requires that some funds maintain a cash balance. These cash balances contain both cash on deposit and investments held in the fund.

- Operation and Maintenance Fund is required to maintain a cash balance equal to one-sixth (1/6) of the total operating budget for the current fiscal year, plus all prior accruals for insurance and other periodic or regularly recurring expenses.
- Reserve Maintenance Fund is required to maintain a reserve balance of \$5,000,000.

Management determined that it is prudent to retain funds within the Capital Improvement Fund as insurance against unanticipated needs. During FY2010, the Authority's executive management requested and the Board of Directors approved a Rainy Day Fund Account in the CIF, with the goal of accumulating a balance of \$50,000,000 over the next three years, as funds are available. Use of this

balance will require specific action by the Board. With the issuance of subordinated CIF debt, a reserve has been created with an amount equal to the next three interest payments.

BUDGET POLICY

The Authority's budget policy outlined in Section 505 and 506 of the Trust Agreement is stated below.

Section 505. Preliminary Budget of Current Expenses, and Payments into Reserve Maintenance Fund; Hearing on Budget; Annual Budget; Failure to Adopt Annual Budget; Amended or Supplemental Annual Budget; Payments for Maintenance, Repair, and Operations.

The Authority covenants that on or before the 60th day prior to the end of each Fiscal Year it will adopt a preliminary budget of Current Expenses and payments into the Reserve Maintenance Fund for the ensuing Fiscal Year. Copies of each such preliminary budget shall be filed with the Trustee and mailed to the Consulting Engineers and each bondholder who shall have filed his name and address with the Board representative designated for such purpose, which shall initially be the Chief Financial Officer of the Authority.

If the holders of at least five percent (5%) in aggregate principal amount of the bonds then outstanding shall so request in writing on or before the 60th day prior to the end of any Fiscal Year, the Authority shall hold a public hearing on or before the 30th day prior to the end of such Fiscal Year at which any bondholder may appear in person or by agent or attorney and present any objections he may have to the final adoption of such budget. Notice of the time and place of such hearing shall be mailed, at least ten (10) days before the date fixed by the Authority for the hearing, to the Trustee, the Consulting Engineers, and each bondholder who shall have filed his name and address with the Board representative designated for such purpose, which shall initially be the Chief Financial Officer of the Authority. The Authority further covenants that on or before the first day of each Fiscal Year it will finally adopt the budget of Current Expenses and payments into the Reserve Maintenance Fund for such Fiscal Year (hereinafter sometimes called the "Annual Budget"). Copies of the Annual Budget shall be filed with the Trustee and mailed to the Consulting Engineers and each bondholder who shall have filed his name with the Board representative designated for such purpose, which shall initially be the Chief Financial Officer of the Authority.

If for any reason the Authority shall not have adopted the Annual Budget before the first day of any Fiscal Year, the preliminary budget for such Fiscal Year or, if there is none prepared, the budget for the preceding Fiscal Year, shall, until the adoption of the Annual Budget, be deemed to be in force and shall be treated as the Annual Budget under the provisions of this Article.

The Authority may at any time adopt an amended or supplemental Annual Budget for the remainder of the then current Fiscal Year, and, when so adopted, the Annual Budget as so amended or supplemented shall be treated as the Annual Budget under the provisions of this Agreement; provided, however, that before the adoption of any such amended or supplemental Annual Budget, the Authority shall have obtained and filed with the Trustee the recommendations of the Consulting Engineers in connection therewith. Copies of any such amended or supplemental Annual Budget shall be filed with the Trustee and mailed to the Consulting Engineers and each bondholder who shall have filed his name with the Board representative designated for such purpose, which shall initially be the Chief Financial Officer of the Authority.

The Authority covenants that all payments for maintenance, repair and operation in any Fiscal Year will not exceed the reasonable and necessary amount required therefore, and that it will not expend any amount or incur any obligations for maintenance, repair, and operation in excess of the amounts provided for Current Expenses in the Annual Budget, or amended or supplemental Annual Budget, except as provided in Section 506 of this Article and except amounts payable from the Reserve Maintenance Fund and Capital Improvement Fund. Nothing in this Section contained shall limit the amount which the Authority may expend for Current Expenses in any Fiscal Year provided any

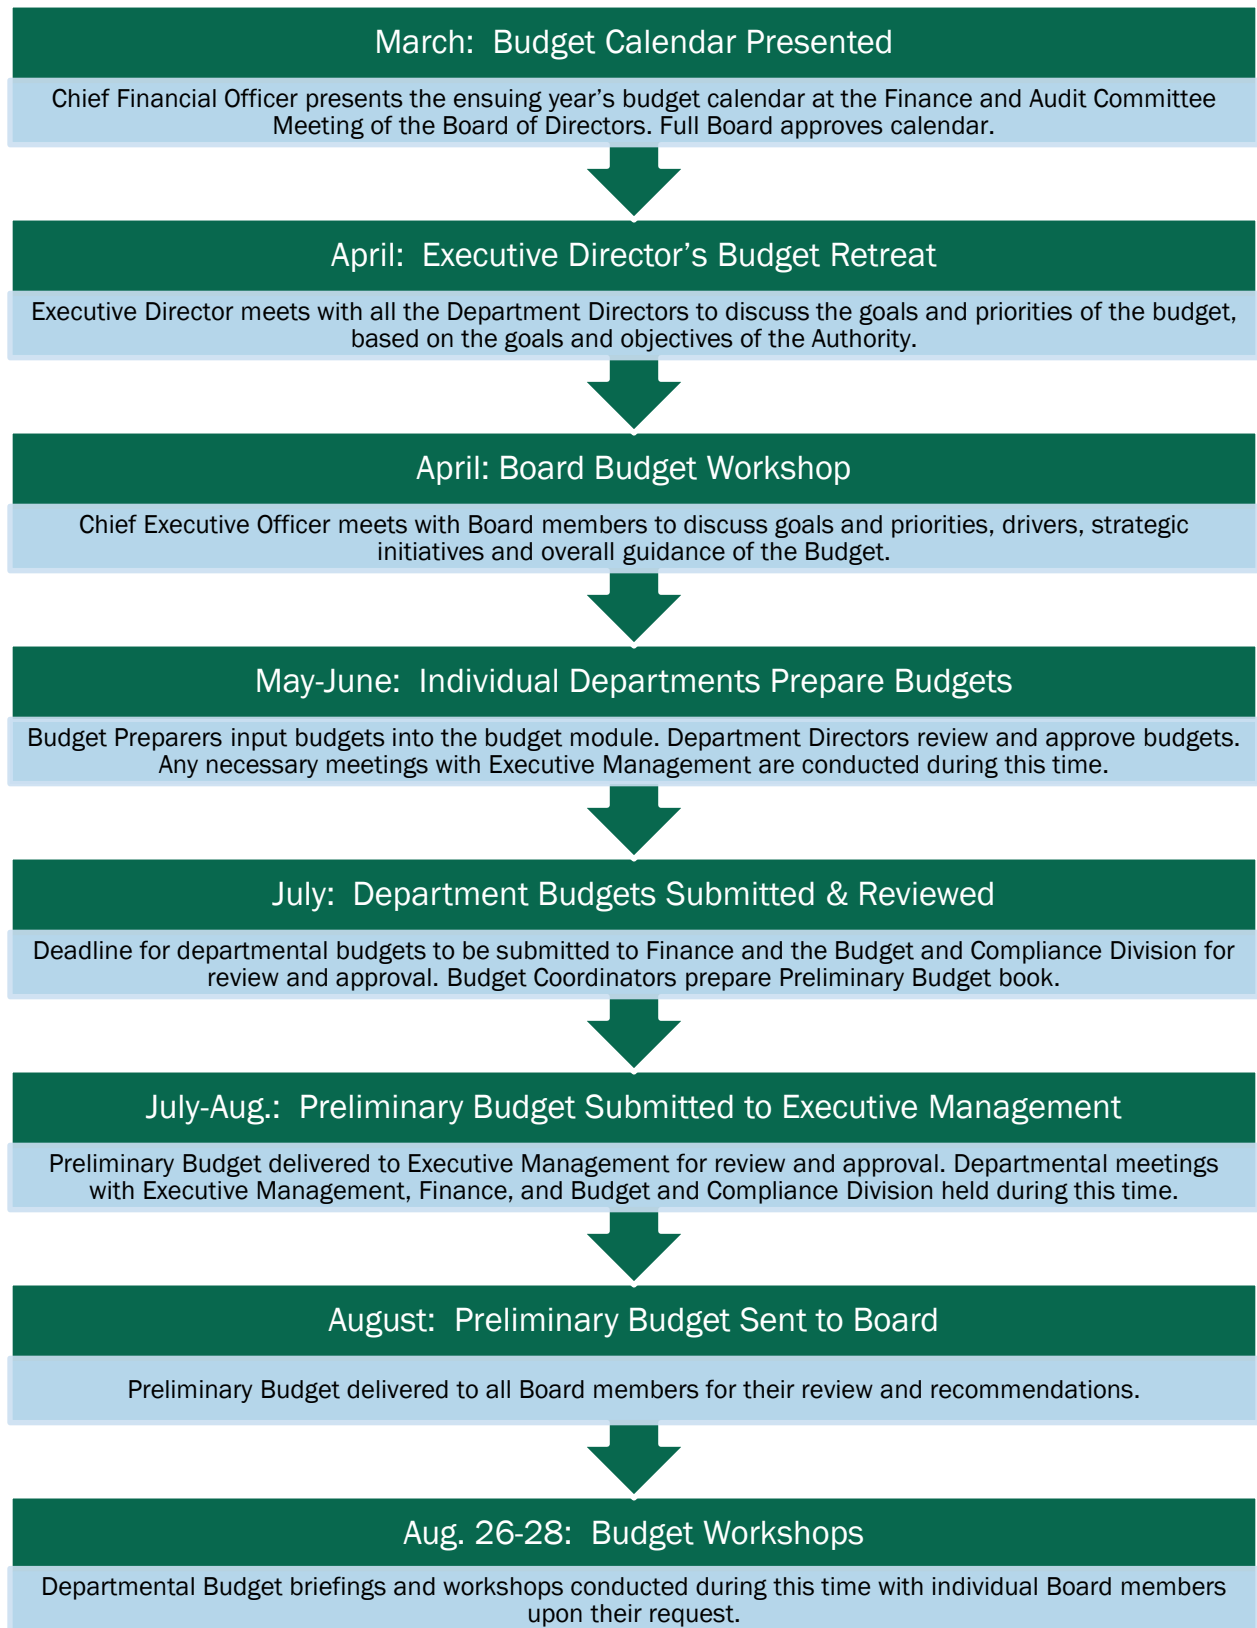

amounts expended therefore in excess of the Annual Budget shall be received by the Authority from some source other than the Net Revenues of the Tollway for such Fiscal Year.

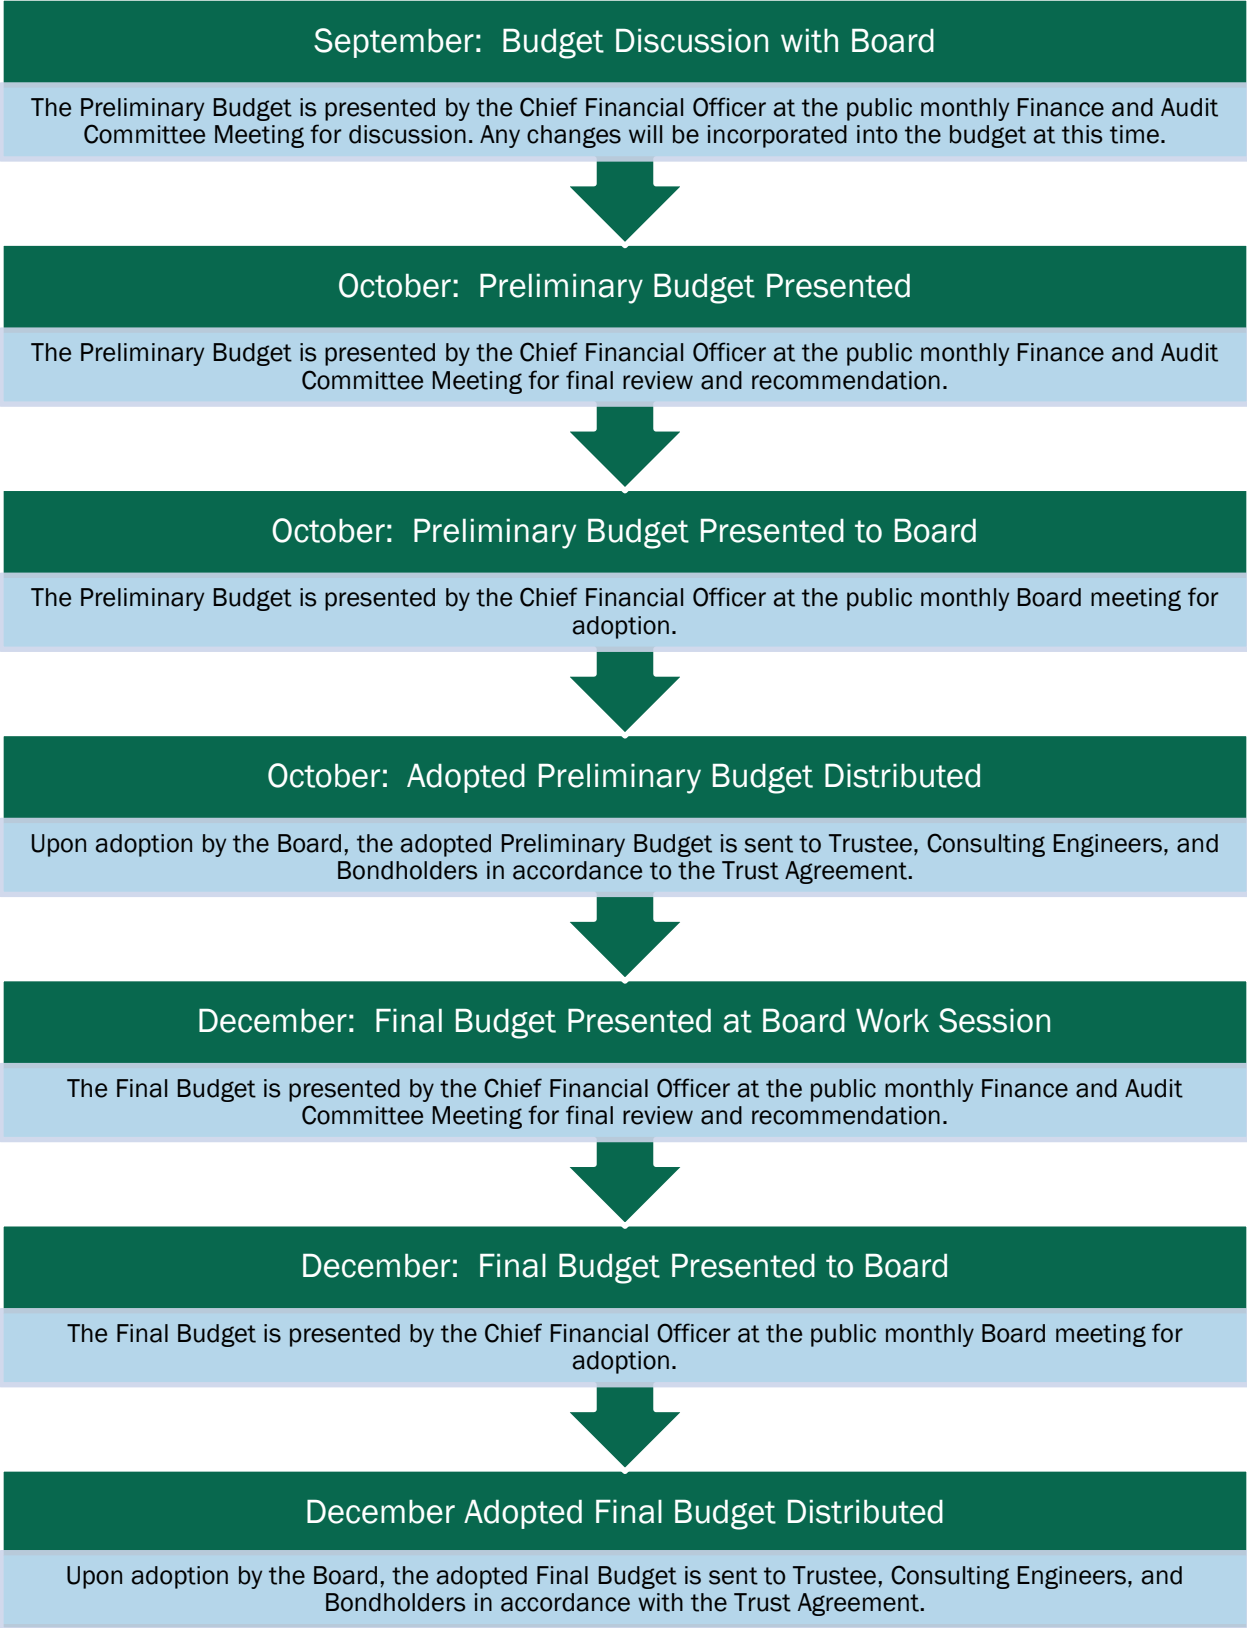

SECTION 506. PAYMENT OF CURRENT EXPENSES FROM OPERATION AND MAINTENANCE FUND.

The special fund held by the Authority and created and designated "Tollway Operation and Maintenance Fund" (hereinafter sometimes called the "Operation and Maintenance Fund") under the Original Agreement is hereby reaffirmed. On or before the first day of each month, the Trustee shall withdraw from the Revenue Fund and deposit to the credit of the Authority in the Operation and Maintenance Fund, on written request of the Authority, an amount which the Chairman or Vice Chairman and the Chief Financial Officer shall certify to be required to make the total amount in the Operation and Maintenance Fund equal to one-sixth (1/6) of the amount of the total Current Expenses scheduled for the then current Fiscal Year in the then current Annual Budget, plus all prior accruals for insurance and other periodic or regularly recurring expenses. All Current Expenses shall be paid directly by the Authority by drawing checks or drafts on the Operation and Maintenance Fund in such manner as may be determined by the Authority and such Fund shall be used for no other purpose.

The complete Amended and Restated Trust Agreement is available at www.NTTA.org

BUDGET PROCESS

BUDGET CALENDAR

DATE	EVENT
February 5, 2016 (Friday)	Request updated revenues from Traffic and Revenue consultant
March 1, 2016 (Tuesday)	Executive Director's FY2016 Staff Budget Meeting to discuss budget priorities and overall direction, including compensation and benefits
March 1, 2016 (Tuesday)	Hyperion Budget module available for inputting Budget
March 2 - June 1, 2016	Individual departments prepare Budget
April 15, 2016 (Friday)	Updated revenues due from consultants
April 15, 2016 (Friday)	Board Budget Workshop
June 1, 2016 (Wednesday)	Department budgets due to Financial Planning And Analysis (FP&A) including FY2017 department objectives supporting the 5-Year Strategic Goals.
June 8, 2016 (Wednesday)	Preliminary budget distributed to Executive Management
June 15 - June 24, 2016	Departmental meetings with Executive Management and FP&A
July 8, 2016 (Friday)	Review by Executive Management completed
August 12, 2016 (Friday)	Preliminary Budget delivered to Board Members
August 15 - Aug. 31, 2016	Department Budget Briefings (If requested by Board Members)
September 21, 2016 (Wednesday)	Board Meeting First Preliminary Budget Review
October 6, 2016 (Thursday)	Finance and Audit Committee Second Preliminary Budget Review
October 19, 2016 (Wednesday)	Board Meeting Preliminary Budget Approval
December 1, 2016 (Thursday)	Finance and Audit Committee Final Budget Review

Assumes Thursday Committee Meetings and Wednesday Board Meetings

Appendix B: Financial Policies

INTRODUCTION

The North Texas Tollway Authority's financial policies are mainly guided by the Trust Agreement and are developed to conform to accounting principles generally accepted in the United States of America.

BASIS OF ACCOUNTING

The operations of the Authority, including the Feasibility Study Fund and the DFW Turnpike Transition Trust Fund, are accounted for as an enterprise fund on an accrual basis in order to recognize the flow of economic resources. Under this basis, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred, and all assets and liabilities associated with the operation of the Authority are included in the Statement of Net Assets. The assets of the Authority are stated at cost with the exception of certain investments, which are stated at fair value.

The Authority applies all applicable GASB pronouncements, as well as all FASB Statements and Interpretations, APB Opinions and Accounting Research Bulletins issued on or before November 30, 1989, unless those statements conflict with or contradict GASB pronouncements.

The principal revenues of the Authority are toll revenues received from patrons. Operating expenses for the Authority include the costs of operating and maintaining the Authority and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The Trust Agreement requires that certain funds and accounts be established and maintained. The Authority consolidates these Authority funds and accounts for the purpose of enterprise fund presentation in its external financial statements.

In accordance with House Bill 749, an act of the 72nd Legislature of Texas, the Authority may transfer an amount from a surplus fund (currently Capital Improvement Fund) established for a turnpike project to the North Texas Tollway Feasibility Study Fund (Feasibility Study Fund). However, the Authority may not transfer an amount that results in a balance in the surplus fund that is less than the minimum balance required in the trust agreement for that project, if any.

The costs of studies funded by the Feasibility Study Fund are deferred until such time as the feasibility of the project is determined. If the project is pursued, the Feasibility Study Fund is reimbursed for related study costs from the proceeds of the project's bond issue. However, the study costs associated with projects determined to be unfeasible are removed from the statement of assets and liabilities and written off to expense when approved by the Executive Director.

(a) Restricted Assets

Certain proceeds of the Revenue Bonds are restricted by applicable bond covenants for construction or restricted as reserves to ensure repayment of the bonds. Also, certain other assets are accumulated and restricted on a monthly basis in accordance with the Trust Agreement for the purpose of paying interest and principal payments that are due on a semiannual and annual basis, respectively, and for the purpose of maintaining the reserve funds at the required levels. Payments from these restricted accounts are strictly governed by the Trust Agreement and can only be made in compliance with the Trust Agreement. Limited types of expenses may be funded from these accounts. Expenses that do not meet these requirements are funded from unrestricted accounts.

The funds and accounts that have been established in accordance with the Trust Agreement are as follows:

- **Construction and Property Fund** – The Construction and Property Fund was created to account for that portion of the proceeds from the sale of the Authority Revenue Bonds, which were required to be deposited with the trustee in order to pay all costs of construction. There also may be deposited in the Construction and Property Fund any monies received from any other source for paying the cost of the Authority.
- **Revenue Fund** – The Revenue Fund was created to account for all revenues (all tolls, other revenues, and income) arising or derived by the Authority from the operation and ownership of the Authority. All revenues of this fund are distributed to other funds in accordance with the Trust Agreement.
- **Operation and Maintenance Fund** – The Operation and Maintenance Fund (OMF) was created to account for and pay current operating expenses of the Authority.
- **Reserve Maintenance Fund** – The Reserve Maintenance Fund (RMF) was created to account for those expenses of maintaining the Authority that do not recur on an annual or shorter basis. As defined in the Trust Agreement, such items include repairs, painting, renewal, and replacements necessary for safe or efficient operation of the Authority or to prevent loss of revenues, engineering expenses relating to the functions of the Authority, equipment, maintenance expenses, and operating expenses not occurring at annual or shorter periods.
- **Capital Improvement Fund** – The Capital Improvement Fund (CIF) was created to account for the cost of repairs, enlargements, extensions, resurfacing, additions, renewals, improvements, reconstruction and replacements, capital expenditures, engineering, and other expenses relating to the powers or functions of the Authority in connection with the Authority, or for any other purpose now or hereafter authorized by law. This CIF fund will also be combined with a revolving fund, called the Feasibility Study Fund (FSF) to use exclusively for payment of studying the cost and feasibility and any other expenses relating to; (1) the preparation and issuance of bonds for the acquisition and construction of a proposed turnpike project for the Authority; (2) the financing of the improvement, extension or expansion of an existing turnpike for the Authority; (3) private participation, as authorized by law, in the financing of a proposed turnpike project for the Authority, the refinancing of an existing turnpike project for the Authority or the improvement, extension or expansion of a turnpike project for the Authority.
- **First, Second and Third Tier; Bond Interest Accounts** – The Bond Interest Accounts were created to account for the payment of the interest requirements of the revenue bonds.
- **First, Second and Third Tier; Reserve Accounts** – The Reserve Accounts were created for the purpose of paying interest and principal of the bonds whenever and to the extent that the monies held for the credit of the Bond Interest Accounts and the Redemption Accounts shall be insufficient for such purpose. The required reserve is an amount equal to the average annual debt service requirements of all bonds outstanding.
- **First, Second and Third Tier; Redemption Accounts** – The Redemption Accounts were created to account for the payment of the annual principal requirements of the revenue bonds.
- **DFW Turnpike Transition Trust Fund** – The Trust Fund is used to fund post-employment healthcare benefits for retired employees of the Dallas-Fort Worth Turnpike.

(b) Cash and Investments

Cash balances include amounts in demand deposits and overnight sweeps of the commercial account. These deposits are fully collateralized or covered by federal deposit insurance. The Authority considers other money market funds to be investments. The carrying amount of the investments is fair value. The net change in fair value of investments is recorded on the Statement of Revenues, Expenses, and Changes in Net Assets and includes the unrealized and realized gains and losses on investments.

(C) Capital Assets

All capital assets are stated at historical cost, except for donated assets, which are valued at the estimated fair value of the item at the date of its donation. This includes costs for infrastructure assets (right-of-way, highways, bridges, and highways and bridges substructures), toll equipment, buildings,

land, toll facilities; other related costs, including software and property and equipment with a value greater than \$5,000.

Highways and bridges substructure includes road sub-base, grading, land clearing, embankments, and other related costs. Also included in capital assets are the costs of certain real estate for right-of-way requirements and administrative and legal expenses incurred during the construction period.

The costs to acquire additional capital assets, which replace existing assets or improve the efficiency of the Authority, are capitalized. Under the Authority's policy of accounting for infrastructure assets pursuant to the "preservation method of accounting" or "modified approach," property costs represent an historical accumulation of costs expended to acquire rights-of-way and to construct, improve, and place in operation the various projects and related facilities. These infrastructure assets are considered to be "indefinite lived assets" that is, the assets themselves will last indefinitely and are, therefore, not depreciated. Costs related to renewing and maintaining these assets are not capitalized, but instead are considered to be period costs and are included in preservation expense classified as part of reserve maintenance and capital improvement expenses. Additional charges to preservation expense occur whenever the condition of the infrastructure assets is determined to be at a level that is below the standards adopted by the Board of Directors of the Authority.

(d) Compensated Absences

Vested or accumulated vacation leave is recorded as an expense and liability as the benefits accrue to employees. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

(e) Deferred Amount on Refunding of Revenue Bonds

The deferred amount on refunding of revenue bonds incurred on advance refunding of such bonds relates to the difference between the reacquisition price and the net carrying amount of the refunded bonds. The amount deferred is included as a reduction to revenue bonds payable and is amortized in a systematic and rational manner over the life of the refunded bonds or the life of the refunding bonds, whichever is shorter.

(f) Bond Discounts, Premiums, and Bond Issuance Costs

Costs incurred in connection with the offering and sale of bonds for construction purposes are deferred and amortized over the life of the bonds. Revenue bonds payable are reported net of unamortized bond discount or premium.

(g) Arbitrage Rebate Payable

The Tax Reform Act of 1986 imposed additional restrictive regulations, reporting requirements, and arbitrage rebate liability on issuers of tax-exempt debt. This represents interest earnings on bond proceeds in excess of amounts allowed under the Act. This Act requires the remittance to the Internal Revenue Service (IRS) of 90% of the cumulative arbitrage rebate within 60 days of the end of each five-year reporting period following the issuance of governmental bonds.

(h) Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(i) Debt Service Requirements

Each year, the Authority completes a review of its financial condition for the purpose of estimating whether the net revenues of the Authority for the year will meet its debt covenants.

Pursuant to the Trust Agreement, the Authority has agreed that it will at all times keep in effect a plan for toll collecting facilities and a schedule of rates of tolls, which will raise and produce net revenues during each fiscal year sufficient to satisfy the greatest of (1), (2), or (3) below:

- 1) 1.35 times the scheduled debt service requirements on all outstanding First Tier Bonds for the fiscal year; or
- 2) 1.20 times the scheduled debt service requirements on all outstanding First Tier Bonds and Second Tier Bonds for the fiscal year; or
- 3) 1.00 times the scheduled debt service requirements on all outstanding First Tier Bonds, Second Tier Bonds, Third Tier Bonds and all other obligations secured by net revenues for the fiscal year.

The Authority covenants that it will promptly pay the principal of and the interest on every bond, including Payment Obligations, at the places, on the dates and in the manner provided herein and in said bonds, and any premium required for the retirement of said bonds by redemption, according to the true intent and meaning thereof. The principal, interest (except interest paid from proceeds of the bonds) and premiums are payable solely in the priorities and from the sources herein described, including the tolls and other revenues derived from the ownership and operation of the Tollway, which sources, tolls, and other revenues are hereby pledged to the payment thereof in the manner and to the extent hereinabove particularly specified, and nothing in the bonds or in this Agreement shall be construed as pledging any other funds or assets of the Authority for their payment.

The Authority also covenants that, until the bonds and the interest thereon shall have been paid or provision for such payment shall have been made, none of the revenues of the Authority will be used for any purpose other than as provided in the Trust Agreement, and no contract or contracts will be entered into or any action taken by which the rights of the Trustee or of the bondholders will be impaired or diminished, except as provided in the Trust Agreement.

(j) Financial Reporting Requirements

In accordance to the Trust Agreement, the Authority covenants that it will keep an accurate record of the daily tolls and other revenues collected, of the number and class of vehicles using its toll roads and of the application of such tolls. Such record shall be open to the inspection of the bondholders and their agents and representatives.

The Authority further covenants that once each month it will cause to be filed with the Trustee and mailed to the Consulting Engineers, the Traffic Engineers, and each bondholder who shall have filed his name with the Board Representative designated for such purpose, which shall initially be the Chief Financial Officer of the Authority, copies of any revision of the Toll Rate Schedule during the preceding calendar month and a report setting forth in respect of the preceding calendar month:

- 1) the income and expense account of the Authority,
- 2) the number of vehicles in each class using the Authority,
- 3) all payments, deposits and credits to and any payments, transfers and withdrawals from each Fund and Account created under the provisions of the Trust Agreement,
- 4) all bonds issued, paid, purchased or redeemed,
- 5) the amounts at the end of such month to the credit of each Fund and Account, showing the respective amounts to the credit of each such Fund and Account, and any security held therefore, and showing the details of any investments thereof, and
- 6) the amounts of the proceeds received from any sales of property pursuant to the provisions of Section 712 of the Trust Agreement.

At the conclusion of each quarter, the Controller presents the quarterly financial reports, based on the above requirements, to the Authority's Board of Directors.

The Authority further covenants that during the month following the end of each Fiscal Year, it will cause an audit to be made of its books and accounts relating to the Authority for the previous Fiscal Year by an independent certified public accountant of recognized ability and standing. Promptly thereafter reports of each audit shall be filed with the Authority and the Trustee, and copies of such

report shall be mailed by the Authority to the Consulting Engineers, the Traffic Engineers, and each bondholder who shall have filed his name with the Board Representative designated for such purpose, which shall initially be the Chief Financial Officer of the Authority. Each such audit shall set forth in respect to the preceding Fiscal Year the same matters as are hereinabove required for the monthly reports, and also the findings of such certified public accountants whether the moneys received by the Authority under the provisions of the Trust Agreement have been applied in accordance with the provisions of the Trust Agreement. Such monthly reports and annual audit reports shall be open to the inspection of the bondholders and their agents and representatives.

At the conclusion of the Authority's fiscal year, the Finance Department assembles the above reports into a Comprehensive Annual Financial Report (CAFR) in accordance with generally accepted accounting principles established by GASB. The statement is prepared to meet the criteria of the Government Finance Officers Association's Certificate of Achievement for Excellence in Financial Reporting Program.

Appendix C: Debt Policy

PHILOSOPHY

The North Texas Tollway Authority intends to use debt wisely to maximize expansion within acceptable levels of risk. Because of the wide range of projects being considered for bond funding, this policy sets parameters within which flexibility is retained to respond to specific circumstances.

PURPOSES FOR WHICH DEBT MAY BE ISSUED

- Construction and acquisition costs of projects approved by the NTTA Board of Directors (including feasibility and engineering studies)
- Major capital improvements or repairs to existing facilities
- Refunding of outstanding debt to:
 - Realize net present value savings (with a goal of four percent (4%)),
 - Increase debt capacity,
 - Improve efficiency of debt structure, or
- Achieve such other reasonable result.
- Shall not be used to fund routine operations or maintenance or for the purpose of investing

LIMITATIONS ON LEVEL OF INDEBTEDNESS

- Level of indebtedness is governed by estimated net revenue stream.
- Toll rates necessary to meet coverage requirement should be reasonable according to toll sensitivity analysis prepared by the Traffic Engineer.
- Goal is to maintain 1.5X coverage on system senior-lien bond debt. Trust Agreement requires a 1.35X coverage.
- Must comply with all Trust Agreement and loan agreement requirements for issuance of additional debt.

CREDIT OBJECTIVES

- Maintain “A” rating or better.
- Continue required disclosure and periodic communication with rating agencies.
- Use bond insurance or other types of credit enhancement when cost effective.

PERMISSIBLE TYPES OF DEBT

- Short-term
 - Variable Rate Bonds
 - Commercial Paper may be issued to minimize capitalized interest during the design phase or construction period of an eligible project or for certain equipment purchase or capital improvements.
 - Total short-term debt should not exceed twenty percent (20%) of all outstanding debt.
 - Long-term fixed-rate bonds may only be used for funding projects approved by the NTTA Board of Directors for refunding outstanding debt or to replace/take out short-term debt.

ALLOWABLE DEBT STRUCTURES

- Term of debt may not exceed expected useful life of the project or equipment financed, and in no case may exceed 40 years.
- Debt service structure shall correspond to estimated net revenue stream.

- Use of specific structural elements (zero-coupon bonds, capital appreciation bonds, subordinate lien bonds, swaps, forward delivery, derivatives, etc.) will be based on analysis and recommendation of staff, financial advisor, senior underwriter and bond counsel.

Appendix D: Major Revenue Source

Toll revenue collected on the System is the Authority's major source of revenue. It accounted for \$703,865,300 of the FY2017 Operating Budget's total estimated revenues, or 95.8%.

TOLL REVENUE

The Authority Act authorizes the Authority to fix, revise, charge, and collect tolls for the use of the NTTA System, and provides that such tolls will be so fixed and adjusted as to provide funds sufficient with other revenues, if any, to pay the cost of maintaining, repairing and operating the NTTA System and the principal of and the interest on bonds issued in connection with the NTTA System as the same become due and payable, and to create reserves for such purposes. The Authority Act states that such tolls will not be subject to supervision or regulation by any agency of the State or any local governmental entity.

The Authority has adopted a toll rate schedule for the NTTA System in substantial conformity with the recommendations of the Traffic Engineers. The Authority covenants in the Trust Agreement that it will keep in effect a toll rate schedule that will raise and produce Net Revenues (Total Revenue less Operating Expenses) sufficient to satisfy its debt service requirements.

The toll rates on the System depend on the method of collection. TollTag rates are 17.1 cents per mile on the Dallas North Tollway, the President George Bush Turnpike and the Sam Rayburn Tollway. They are aligned with the regional toll rate adopted by the Regional Transportation Council in April 2006. TollTag rates are 59.0 cents per one way trip on both Mountain Creek Lake Bridge and Addison Airport Toll Tunnel, and \$1.18 on Lewisville Lake Toll Bridge. ZipCash rates on all facilities are 50% more than the TollTag rates. Rates are adjusted on July 1 of every odd year by 5.6%.

The Authority's traffic and toll revenue estimates are provided by its outside Traffic Engineers, currently CDM Smith. They conducted a toll sensitivity analysis of the System that shows the current and planned toll charges on the System are below the theoretical revenue maximization points. This demonstrates that, if needed, there is expected to be potential for revenue enhancement through toll increases above those assumed for traffic and revenue forecasting purposes.

The schedule below shows CDM Smith annual toll revenue estimates for the System, over the next five years.

Estimated NTTA System Annual Toll Revenue					
Roadway	FY2017	FY2018	FY2019	FY2020	FY2021
DNT	\$257,260,400	\$269,115,100	\$281,029,100	\$292,987,700	\$305,246,100
PGBT	222,529,000	229,521,100	239,032,300	250,251,300	264,804,900
AATT	1,332,800	1,385,000	1,421,900	1,460,900	1,518,000
MCLB	1,543,900	1,626,300	1,685,700	1,746,900	1,816,600
LLTB	6,598,700	7,056,400	7,498,400	7,969,200	8,453,600
PGBT EE	37,597,300	39,852,100	42,054,700	44,449,200	46,893,700
SRT	177,003,200	187,668,400	194,519,400	199,670,900	219,081,100
System Totals	\$703,865,300	\$736,224,400	\$767,241,500	\$798,536,100	\$847,814,000

The above estimated revenue numbers include the following assumptions.

NTTA SYSTEM TOLLING (EXCLUDING SRT AND PGBT EE)

- Toll rate for two-axle vehicles with TollTags is \$0.171 per mile for the DNT and PGBT starting July 1, 2015.

- Toll rate for two-axle vehicles with TollTags is \$0.59 for the MCLB and the AATT starting July 1, 2015.
- ZipCash toll for two-axle vehicles is equal to the sum of (i) the TollTag toll and (ii) the greater of (a) 50% of the TollTag toll or (b) 20 cents per transaction.
- Tolls charged to users at any tolling location are rounded to the next highest penny.
- Tolls for all vehicle classifications are calculated based on “N-1” weighting, where “N” denotes the number of axles. For example, the TollTag toll charged to a five-axle vehicle will be four times the TollTag toll charged to a two-axle vehicle and the total Video toll charged to a five-axle vehicle will be four times the total Video toll charged to a two-axle vehicle.

SRT TOLLING

- Toll rate for two-axle vehicles with TollTags is \$0.171 per mile starting July 1, 2015, and thereafter toll rates shall be determined in accordance with the SRT Project Agreement, as amended, and shall be the maximum rates allowed under the SRT Project Agreement, as amended.
- ZipCash toll for two-axle vehicles is equal to the sum of (i) the TollTag toll and (ii) the greater of (a) 50% of the TollTag toll or (b) 20 cents per transaction.
- Tolls charged to users at any tolling location are rounded to the next highest penny.
- Tolls for all vehicle classifications are calculated based on “N-1” weighting on the SRT, where “N” denotes the number of axles. For example, the TollTag toll charged to a five-axle vehicle will be four times the TollTag toll charged to a two-axle vehicle and the total Video toll charged to a five-axle vehicle will be four times the total Video toll charged to a two-axle vehicle.

PGBT EE TOLLING

- The Construction, Operation and Maintenance Agreement for the PGBT EE between the Authority and TxDOT dated December 5, 2007, (the "EE Project Agreement") provides for a supplemental toll on the PGBT EE (the "Regional Toll") to be collected by the Authority and held in trust for TxDOT for the benefit of the North Central Texas region. The Regional Toll and the toll charged by the NTTA (the "NTTA Toll") together constitute the publicly announced toll (the "Unified Toll"), but the Regional Toll will not constitute or be considered as the property or revenues of the Authority or the NTTA System.
- The Unified Toll rate for two-axle vehicles with TollTags is \$0.206 per mile as of July 1, 2015. The NTTA Toll rate for two-axle vehicles with TollTags is \$0.171 per mile for PGBT EE as of July 1, 2015. The Regional Toll rate for two-axle vehicles with TollTags is \$0.035 per mile for PGBT EE as of July 1, 2015. The Unified Toll rate for two-axle vehicles with TollTags is increased 3.0% per year thereafter, with toll adjustments made July 1 of every odd year thereafter. Unified TollTag tolls for two-axle vehicles with TollTags at any tolling location are rounded to the next highest nickel. The ratio between the NTTA Toll and the Unified Toll remains constant at 80 percent
- Toll rates shall be subject to the assumptions, qualifications and agreements set forth in Section 21 of the EE Project Agreement, as amended (as so amended, the "Amended EE Project Agreement").
- ZipCash toll for two-axle vehicles is equal to the sum of (i) the TollTag toll and (ii) the greater of (a) 50% of TollTag toll or (b) 20 cents per transaction, increased 3.0% per year and adjusted on each July 1 of odd years thereafter. The ZipCash toll for two-axle vehicles with TollTags at any tolling location is rounded to the next highest nickel.
- Tolls for all vehicle classifications are calculated based on “N-1” weighting on the PGBT EE, where “N” denotes the number of axles. For example, the TollTag toll charged to a five-axle vehicle will be four times the TollTag toll charged to a two-axle vehicle and the total Video toll charged to a five-axle vehicle will be four times the total Video toll charged to a two-axle vehicle.

REVENUE DISTRIBUTION

The Authority covenants that all gross revenues (all tolls, other revenue, and income) arising or derived by the Authority from the operation and ownership of the Tollway (excepting investment income from all Funds and Accounts other than the Revenue Fund) will be collected by the Authority and deposited daily, as far as practicable, with the Trustee for the credit of the Revenue Fund. Notwithstanding the foregoing, tolls collected on behalf of TxDOT pursuant to a project agreement that provides for revenue sharing with TxDOT are required to be collected by the Authority and to be held and transferred to or upon the order of TxDOT as set forth in such project agreement. The Trustee is required to disburse amounts which are required to be on deposit in the various funds and accounts described below from the Revenue Fund on the required dates.

Under the Trust Agreement, the tolls and other revenues of the System on deposit in the Revenue Fund are applied in the following manner with each deposit being made as specified below in the sequence noted:

- 1) *First*, on or before the first day of each month, funds are deposited to the Operation and Maintenance Fund in an amount sufficient to make the balance of the Operation and Maintenance Fund equal to one-sixth (1/6) of the amount of the total Current Expenses in the current Annual Budget, plus all prior accruals for insurance and other periodic or regularly scheduled recurring expenses.
- 2) *Second*, on or before the last Business Day preceding each interest payment date or principal (or sinking fund redemption) payment date for the First Tier Bonds (including First Tier Payment Obligations) or such other day as set forth in a Supplemental Agreement, funds are deposited to the applicable account in the First Tier Sinking Fund (or to a fund or account created to pay or repay amounts owed under a Credit Agreement entered into in connection with a series of First Tier Bonds in lieu of either of the foregoing) in the amounts due on any First Tier Bond (including First Tier Payment Obligations).
- 3) *Third*, on or before the first day of each month, funds are deposited to the credit of the First Tier Reserve Account (1) in the amount, if any, required to restore any deficiency in the First Tier Reserve Account due to a withdrawal or change in value of Authorized Investments in order to make the amount on deposit in the First Tier Debt Reserve Account equal to the First Tier Reserve Requirement, which restoration is intended to occur within 12 months of the occurrence of any such deficiency in 12 substantially equal monthly installments, and (2) in the amount set forth in a Supplemental Agreement if an amount different from the First Tier Reserve Requirement is required.
- 4) *Fourth*, on or before the last Business Day preceding each interest payment date or principal (or sinking fund redemption) payment date for the Second Tier Bonds (including Second Tier Payment Obligations) or such other day as set forth in a Supplemental Agreement, funds are deposited to the applicable account in the Second Tier Sinking Fund (or to a fund or account created to pay or repay amounts owed under a Credit Agreement entered into in connection with a series of Second Tier Bonds in lieu of either of the foregoing) in the amounts due on any Second Tier Bond (including Second Tier Payment Obligations).
- 5) *Fifth*, on or before the first day of each month, funds are deposited to the credit of the Second Tier Reserve Account or subaccount therein, if one is provided for in a Supplemental Agreement, in the amounts set forth in the Supplemental Agreement establishing the Second Tier Reserve Requirement or authorizing Additional Second Tier Bonds.
- 6) *Sixth*, on or before the last Business Day preceding each interest payment date or principal (or sinking fund redemption) payment date for the Third Tier Bonds (including Third Tier Payment Obligations) or such other day as set forth in a Supplemental Agreement, funds are deposited to the applicable account in the Third Tier Sinking Fund (or to a fund or account created to pay or repay amounts owed under a Credit Agreement entered into in connection with a series of Third Tier Bonds in lieu of either of the foregoing) in the amounts due on any Third Tier Bond (including Third Tier Payment Obligations).

- 7) *Seventh*, on or before the first day of each month, funds are deposited to the credit of the Third Tier Reserve Account or subaccount therein, if one is provided for in a Supplemental Agreement, in the amounts set forth in the Supplemental Agreement establishing the Third Tier Reserve Requirement or authorizing Additional Third Tier Bonds.
- 8) *Eighth*, on or before the first day of each month, funds are required to be deposited in the Reserve Maintenance Fund in an amount equal to one-twelfth of the amount necessary in such fiscal year to accumulate in the Reserve Maintenance Fund an amount equal to the greater of (1) \$5,000,000, and (2) the amount as may be required in the then current Annual Budget to be deposited to the credit of the Reserve Maintenance Fund during the then current fiscal year; provided, however, that if the amount so deposited to the credit of the Reserve Maintenance Fund in any fiscal year is less than the budgeted amount, the requirement therefore will nevertheless be cumulative and the amount of any deficiency in any fiscal year is required to be added to the amount otherwise required to be deposited in each fiscal year thereafter until such time as such deficiency has been made up, unless such budget requirement has been modified by the Authority.
- 9) *Ninth*, at the end of each fiscal year any remaining funds on deposit in the Revenue Fund may be transferred to the Capital Improvement Fund.

Subject: NTTA System - 2017 Traffic and Revenue Estimates

Dear Mr. Porter:

To assist with NTTA's annual budgeting process, CDM Smith is pleased to submit monthly traffic and revenue (T&R) estimates for the NTTA System for calendar year 2017. The NTTA System includes the Dallas North Tollway (DNT), President George Bush Turnpike (PGBT), Sam Rayburn Tollway (SRT), President George Bush Turnpike Eastern Extension (PGBT-EE), Addison Airport Toll Tunnel (AATT), Mountain Creek Lake Bridge (MCLB), and Lewisville Lake Toll Bridge (LLTB). Additionally, T&R estimates for SH 360, which is anticipated to open to traffic in September 2017, have also been developed as part of this analysis.

NTTA System Transaction and Revenue Estimates

The T&R estimates for 2017, separated into TollTag and ZipCash, are shown for the NTTA System in Table 1 and for each NTTA facility in Tables 2 through 8. It should be noted that the T&R estimates categorized as "TollTag" in these tables also include T&R from V-toll transactions (transactions that are first identified as ZipCash but are subsequently determined to be valid TollTag transactions). The V-toll transactions that are included in the "TollTag" category in this letter are those that are identified in the first 90 days after a transaction has occurred. The ZipCash toll revenue estimates shown also include the ZipCash toll surcharge collected from ZipCash transactions, but they do not include the fees and fines that are collected through the ZipCash invoicing process ("fee revenue"). It should be noted that fee revenue is estimated by NTTA.

The NTTA System transaction and revenue estimates for 2017 are 724.1 million and \$703.9 million, respectively. It is assumed that 78.9 percent of the transactions on the NTTA System in 2017 will be TollTag transactions, and the corresponding toll revenue contribution from TollTags will be 83.3 percent. The expected transactions in 2017 are about 2.1 percent greater than the estimated annual transactions of 709.0 million in 2016. The toll revenue in 2017 is expected to be 5.7 percent greater than the estimated annual revenue of \$665.9 million in 2016. The transaction and revenue growth in 2017 is driven by the following:

- Increase in toll transactions due to continued population/employment growth
 - SRT, DNT (north of SRT), PGBT (east of US 75 and west of IH 35E) and PGBT-EE are big contributors to NTTA System-wide transaction growth
 - Development continues to progress rapidly along NTTA facilities particularly SRT and the northern portion of DNT
- Toll rate increase of 5.6 percent that will go into effect on July 1, 2017 on all NTTA facilities

Table 1. Estimated 2017 NTTA System Traffic and Revenue

Month	Monthly Transactions			Monthly Toll Revenue		
	Total	TollTag	ZipCash	Total	TollTag	ZipCash
January	58,618,400	46,240,800	12,377,600	\$55,629,100	\$46,099,700	\$9,529,400
February	54,840,900	43,247,500	11,593,400	\$52,245,000	\$43,192,300	\$9,052,700

As seen in Tables 2 and 3, the DNT and PGBT are expected to generate \$257.3 million and \$222.5 million in toll revenue, respectively. Transactions on the DNT in 2017 are expected to be 271.2 million, which represents a growth of 2.1 percent from the forecasted 2016 transactions. Overall, transactions on the PGBT in 2017 are expected to be 247.4 million, representing a growth of 1.0 percent between 2016 and 2017. As shown in Table 4, the PGBT-EE is expected to continue growing and generate \$37.6 million in toll revenue (NTTA's share of the PGBT-EE toll revenue) from 37.7 million transactions in 2017. The transaction growth on PGBT-EE is expected to be 3.9 percent between 2016 and 2017. The SRT (see Table 5) is expected to generate \$177.0 million in toll revenue and 157.2 million transactions in 2017, representing a transaction growth of 3.6 percent from 2016. The AATT, MCLB and LLTB (Tables 6 through 8) are anticipated to produce \$1.3 million, \$1.5 million and \$6.6 million in toll revenue, respectively. These three facilities are expected to generate a combined total of \$9.5 million in toll revenue from 10.6 million transactions in 2017.

CDM Smith has also estimated the amount of ZipCash revenue that is expected to be invoiced, the expected amount of unrecovered revenue and the resulting recovered ZipCash revenue. This information is shown in Table 9. The total ZipCash revenue invoiced is expected to be \$187.8 million and the net ZipCash revenue recovered is expected to be \$117.6 million.

Table 9. Estimated 2017 NTTA System ZipCash Revenue Invoiced and Recovered (thousands)

SH 360 Transaction and Revenue Estimates

The T&R estimates for 2017, separated into TollTag and ZipCash, are shown for SH 360 in Table 10. The total SH 360 transaction and revenue estimates for 2017 are 2.8 million and \$1.5 million, respectively. It is assumed that about 60 percent of the transactions on SH 360 in 2017 will be TollTag transactions, and the corresponding toll revenue contribution from TollTags will be 95.7 percent. The facility is anticipated to open to traffic on September 21, 2017, and it would be in the initial stages of ramp-up for the revenue period included in Table 10. Additionally, please note that SH 360 is not considered part of the NTTA System, and its forecasted transactions and revenue are not included in the NTTA System totals shown in Table 1 of this report.

Five-Year Traffic and Revenue Outlook

To support the capital improvement planning process, pre-sketch level estimates were developed for the NTTA System through the year 2021. Table 11 summarizes the forecasted NTTA System annual transactions and revenue for the period. Total transactions on the system are expected to increase from 724.1 million in 2017 to 780.0 million in 2021. Annual revenue is anticipated to grow from \$703.9 million in 2017 to \$847.8 in 2021. The growth in revenue over this period is expected to be driven primarily by population and employment growth in the region, the planned toll rate increases in 2019 and 2021, and the completion of capacity expansions on DNT, PGBT and SRT.

Table 11. NTTA System Five-Year Transaction and Revenue Forecast

Year	Annual Transactions	Annual Revenue
2017	724,138,400	\$703,865,300
2018	736,132,200	\$736,224,400
2019	747,157,100	\$767,241,500
2020	758,054,400	\$798,536,100
2021	780,042,700	\$847,814,000

I trust that this information addresses your current needs. In the meantime, should any questions arise, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Justin R. Winn', written in a cursive style.

Justin R. Winn, P.E.
Project Manager CDM
Smith, Inc.

DISCLAIMER

CDM Smith used currently accepted professional practices and procedures in the development of these traffic and revenue estimates. However, as with any forecast, it should be understood that differences between forecasted and actual results may occur, as caused by events and circumstances beyond the control of the forecasters. In formulating the estimates, CDM Smith reasonably relied upon the accuracy and completeness of information provided (both written and oral) by the North Texas Tollway Authority (NTTA). CDM Smith also relied upon the reasonable assurances of independent parties and is not aware of any material facts that would make such information misleading.

CDM Smith made qualitative judgments related to several key variables in the development and analysis of the traffic and revenue estimates that must be considered as a whole; therefore, selecting portions of any individual result without consideration of the intent of the whole may create a misleading or incomplete view of the results and the underlying methodologies used to obtain the results. CDM Smith gives no opinion as to the value or merit of partial information extracted from this report.

All estimates and projections reported herein are based on CDM Smith's experience and judgment and on a review of information obtained from multiple agencies, including NTTA. These estimates and projections may not be indicative of actual or future values, and are therefore subject to substantial uncertainty. Future developments cannot be predicted with certainty, and may affect the estimates or projections expressed in this report, such that CDM Smith does not specifically guarantee or warrant any estimate or projection contained within this report.

While CDM Smith believes that the projections or other forward-looking statements contained within the report are based on reasonable assumptions as of May 2016, such forward-looking statements involve risks and uncertainties that may cause actual results to differ materially from the results predicted. Therefore, following the date of that study, CDM Smith will take no responsibility or assume any obligation to advise of changes that may affect its assumptions contained within the report, as they pertain to socioeconomic and demographic forecasts, proposed residential or commercial land use development projects and/or potential improvements to the regional transportation network.

CDM Smith is not, and has not been, a municipal advisor as defined in federal law (the Dodd Frank Bill) to NTTA and does not owe a fiduciary duty pursuant to Section 15B of the Exchange Act to NTTA with respect to the information and material contained in this report. CDM Smith is not recommending and has not recommended any action to NTTA. NTTA should discuss the information and material contained in this report with any and all internal and external advisors that it deems appropriate before acting on this information.

Appendix F: Glossary of Terms and Acronyms

A

AATT – Addison Airport Toll Tunnel, an approximately 1 mile long tunnel and road that is part of the System.

Advanced Refunding – Transaction in which new debt is issued to refinance existing debt (old debt), but the proceeds must be placed in escrow pending call date or maturity.

All-ETC – all-electronic toll collection, the cashless system of collecting tolls that the Authority has implemented.

Annual Budget – The budget of Current Expenses (or Operating Budget) and payments to the Reserve Maintenance Fund for such Fiscal Year that the Authority adopts on or before the first day of each Fiscal Year. This is the only budget required by the Trust Agreement.

Annual Revenue Days – A factor used by NTTA's Traffic and Revenue Engineers to convert the daily revenue to annual revenue estimates.

APB – Accounting Principles Board, the authoritative private sector standard-setting body that preceded the FASB. The APB issued guidance in the form of *Opinions*.

Arbitrage – In government finance, the reinvestment of the proceeds of tax-exempt securities in materially higher yielding taxable securities.

B

Balanced Budget – The recurring revenues meet or exceed the recurring expenses of operations, debt service and asset maintenance. Per the Trust Agreement, all payments for maintenance, repair and operations will not exceed the reasonable and necessary amount required, and it will not exceed amounts in the Annual Budget.

Bonds – A written guarantee to pay a principal amount and /or interest at a specified date or dates known as the maturity date(s).

Budget – Plan of coordinating estimated expenses and income for a given period of time.

C

Capital Assets – Land and improvements, easements, buildings and improvements, vehicles, machinery, equipment, infrastructure, and all other tangible and intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.

Capital Improvement Fund (CIF) – Fund created by the Trust Agreement for the purpose of paying the cost of repairs, enlargements, extensions, resurfacing, additions, renewals, improvements, acquisition of rights of way, reconstruction and replacements, capital expenditures, engineering, studies, and other expenses relating to the powers or functions of the Authority in connection with the Tollway, or for any other purpose authorized by law.

Capital Outlays – Costs which result in the acquisition of fixed assets with an individual value of \$5,000 or greater and a useful life of at least two years.

CDM – Acronym for CDM Smith, the firm the Authority currently uses for traffic and revenue estimations.

Construction Fund (CF) – Fund created by the Trust Agreement for the purpose of paying all costs of acquiring or constructing new projects or extensions of the System.

Core Competency – The essential duties and responsibilities of a position or department.

Covenants – To promise by covenant; pledge.

CTP – Chisholm Trail Parkway, an approximately 27.6-mile toll road that is being constructed as part of the Special Projects System.

D

Debt Coverage Ratio – The ratio of Net Debt Service (Debt Service less Capitalized Interest) to Net Revenues (Total Revenues less Operating Expenses) for the System.

Debt Service Funds – Funds created by the Trust Agreement for the purpose of paying principal and interest on 1st, 2nd, and 3rd Tier debt obligations.

DFW Airport – the Dallas/Fort Worth International Airport, an interoperable agency.

DMV – the Department of Motor Vehicles

D/M/W/SBES – Disadvantaged/Minority-owned/Woman-owned/Small-Business Enterprises.

DNT – the Dallas North Tollway, an approximately 31-mile portion of the System.

DPS – Department of Public Safety, which is in charge of providing police services on the System.

E

Enterprise Fund – Proprietary fund type used to report an activity for which a fee is charged to external users for goods or services.

F

FASB – Federal Accounting Standards Board, the authoritative standard-setting body responsible for establishing GAAP for the federal government.

Feasibility Study Fund (FSF) – The revolving account of the CIF created to account for the initial cost of determining if a project is viable.

Fiduciary Funds – Funds used to report assets held in a trustee or agency capacity for others and which therefore cannot be used to support the government's own programs.

First Tier Debt Service – Debt of the Authority that is secured by and payable from a lien on and the pledge of the Net Revenues of the Authority.

Fiscal Year – A 12-month period used for the annual operating budget and the reporting of financial position and results of operations of the Authority. The Authority's fiscal year begins January 1st and ends December 31st.

FTEs – full-time equivalent, a measurement of staffing. One FTE is a 40-hour week position. A part-time position working 20 hours per week or a temporary full-time position working six months would be ½ FTE.

Fund – Fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

G

GAAP – generally accepted accounting principles, the conventions, rules and procedures that serve as the norm for the fair presentation of financial statements.

GASB – Governmental Accounting Standards Board, the authoritative accounting and financial reporting standard-setting body for state and local governments.

GIS – Geographic Information System, which is used for mapping infrastructure assets and location of various aspects of the assets.

I

IBTTA – International Bridge, Tunnel and Turnpike Association

Interoperability – Term used to identify agencies with compatible systems that have agreed to honor each other's transponder transactions.

ITS – Intelligent Transportation System used by NTTA to monitor the System and communicate with System users.

ISTEA – Intermodal Surface Transportation Efficiency Act of 1991 that supplied a loan to assist with the construction of the PGBT.

L

Lane Miles – The total length of a road multiplied by the number of lanes. For example a 4-lane road that is 10 miles long has a total of 40 lane miles.

LLTB – the Lewisville Lake Toll Bridge, an approximately 2-mile long bridge and road that is part of the System.

M

MCLB – the Mountain Creek Lake Bridge, an approximately 2-mile long bridge that is part of the System.

N

NTTA – the North Texas Tollway Authority, a political subdivision of the State created by and operating pursuant to Chapter 366 of the Texas Transportation Code.

O

OPEB – other post-employment benefits liability for health care and life insurance required by GASB Statement 45.

Operation & Maintenance Fund (OMF) – Fund created by the Trust Agreement for the purpose of accounting for and paying current operating expenses of the North Texas Tollway Authority.

P

PEBC – Public Employees Benefits Cooperative that manages the Authority's health and welfare benefit plans.

PGBT – the President George Bush Turnpike, an approximately 30-mile long portion of the System.

PGBT-EE – the President George Bush Turnpike Eastern Extension, an approximately 9.9-mile portion of the System.

PGBT-WE – the President George Bush Turnpike Western Extension, an approximately 11.5-mile portion of PGBT that is a portion of the Special Projects System.

R

Ramp-up – term used for potential traffic on new toll facilities to account for the time

needed for travelers to become aware of the new toll roads and the benefits of using them.

Reserve Maintenance Fund (RMF) – Fund created by the Trust Agreement for the purpose of paying the cost of repairs, painting, renewals, replacements, improvements, and other costs and expenses necessary for safe or efficient operation of the NTTA's toll roads or to prevent loss of revenues, for engineering expenses relating to the functions of the Authority, for equipment, expenses of maintenance, and operating expenses not occurring at annual or shorter periods.

Revenue Fund – Fund created by the Trust Agreement for the purpose of depositing all gross revenues (all tolls, other revenues, and income) arising or derived by the Authority from the operation and ownership of its toll roads (excepting investment income from all Funds and Accounts other than the Revenue Fund) collected by the Authority and deposited daily, as far as practicable.

Revenue Lane Miles – Lane miles on which tolls are collected.

RITE – Regional Integrated Toll Enhancements. This is an electronic toll collection system designed specifically for the NTTA.

RTC – the Regional Transportation Council.

S

Second Tier Debt Service – Debt of the Authority that is secured by and payable from a lien on and the pledge of the Net Revenues subordinate to the First Tier Debt.

Service Roads – Non-tolled roads running parallel to the tolled lanes.

SPS – the Special Projects System created by NTTA to account for the Chisholm Trail Parkway and President George Bush Turnpike Western Extension projects.

SRT – the Sam Rayburn Tollway, an approximately 26-mile portion of the System.

SWP - Southwest Parkway, the former name for Chisholm Trail Parkway, an approximately

27.2-mile tollway being built as part of the Special Projects System.

T

TCDRS – Texas County & District Retirement System that NTTA employees belong to.

TELA – Toll Equity Loan Agreement between NTTA and TxDOT to construct PGBT-WE and CTP.

TER – Toll Enforcement Remedies which are tools the Authority is using to collect ZipCash transactions.

Third Tier Debt Service – Debt of the Authority that is secured by and payable from a lien on and the pledge of the Net Revenues subordinate to the First and Second Tier Debt.

TIFIA – the Transportation Infrastructure Finance and Innovation Act of 1998, which secured loan agreement between NTTA and United States Department of Transportation to construct PGBT-WE and CTP.

Toll Revenue – The revenue from the tolls collected by the Authority and established by the Board pursuant to the Trust Agreement. It is the main source of revenue for the Authority.

Toll Road – Road on which tolls are charged.

TollTag® – Trademark name for the transponders used by NTTA to electronically collect toll transactions.

Trust Agreement - The Amended and Restated Trust Agreement with Supplements. It is the document that governs all matters relating to the bonds and the operation of the North Texas Tollway Authority's roads, and their improvement, extension, additions enlargements, and other matters relating to the Authority and its road.

TSAs – Tolling Services Agreements, which are agreements between other agencies or companies and NTTA for the processing of toll transactions.

Turnpike – Expressway on which tolls are charged.

TxDOT – Texas Department of Transportation, a state agency responsible for the state's highway system.

U

USDOT - United States Department of Transportation

V

VRB – Vehicle registration block program utilized by NTTA that keeps a habitual toll violator from registering a vehicle until outstanding tolls are paid.

Z

ZipCash® – Trademark name for NTTA's toll transaction invoicing system based on electronic reading of vehicle license plate numbers.
