

# THE DRIVE TO SERVE YOU

October 2023

As we celebrate Customer Service Week through Friday, October 6, we stand poised as a customer-driven organization – 365 days a year. We continuously aim to better serve you, our valued TollTag customers. We are committed to:

- Providing a high-quality customer service experience
- Ensuring equitable collection of tolls
- Educating the public about the value of using toll roads

These commitments are to make sure all our customers are treated fairly and equally and understand that the most cost-effective way of enjoying NTTA toll roads is with a TollTag. As valued TollTag customers, you already know that a TollTag cuts your toll bill in half.

If you or someone you know are qualified to help us deliver on these commitments, then visit [www.NTTA.org/careers](http://www.NTTA.org/careers) to apply to join our highly-motivated team. Whether it's Customer Service Week or any other week, our dedication to being a customer-driven organization is unwavering – thank you for allowing us to serve you.
