

# Chisholm Trail Parkway Widening Project

FALL 2023

The Chisholm Trail Parkway (CTP) is being widened from FM 1187 in southern Tarrant County to US 67 in Johnson County to accommodate population growth in the area.

In this area, the CTP was built as a two-lane road with auxiliary lanes for passing.

This project will design and construct two southbound lanes, and the existing CTP lanes will be converted to two northbound lanes, allowing for two lanes in each direction.

FM 1187 TO US 67	In design	

## RECENT PROGRESS

- In April 2023, NTTA's Board of Directors approved a contract for design of the southbound CTP lanes from FM 1187 to US 67.
- Design work began in summer.

## WHAT'S NEXT?

- Design is ongoing.
