

Dallas North Tollway Widening Project

FALL 2023

The Dallas North Tollway (DNT) is being widened between the Sam Rayburn Tollway (SRT) and US 380 to accommodate population growth in the area and improve access to business and entertainment venues.

This project will add an additional lane in each direction and help traffic flow as population growth continues in northern Collin and Denton counties.

Along with widening the DNT mainlanes, the project team will reconstruct the intersection and DNT bridge over Fields Pkwy. in Frisco.

Opening date: Late 2025.

PROJECT SECTIONS	IMPROVEMENTS	SEE PROJECT MAP
SRT to US 380	Addition of a fourth lane in each direction	

RECENT PROGRESS

- All DNT traffic was shifted to the southbound bridge over Fields Pkwy. as crews demolished and rebuilt the northbound DNT bridge.
- The concrete deck was poured at Fields Pkwy. in mid-August.
- Widening work continued at the Panther Creek Pkwy. intersection.
- Excavation and drainage installation is ongoing in the center median.
- Widening work began at John Hickman Pkwy.

WHAT'S NEXT?

- Work at the Panther Creek Pkwy. intersection will continue.
- Reconstruction of the northbound DNT bridge at Fields Pkwy. will continue.
- Widening work will continue at Gaylord Pkwy. and John Hickman Pkwy.
