

CONSTRUCTION ALERT

Dallas North Tollway Bridge Maintenance

What Work is Occurring

NTTA is improving the Dallas North Tollway (DNT) from I-35E to I-635 as part of its regularly scheduled maintenance to keep roadways safe. As part of maintenance on the south end of the DNT this fall, the north- and southbound DNT bridge decks over Lomo Alto Drive will be repaired and resurfaced.

The northbound main lanes are also being resurfaced and restriped from I-35E to I-635. This work is being completed in overnight hours only.

When and Where

Beginning Friday, November 8 at 10 p.m. through Monday, November 11 at 5 a.m.:

- Two north- and southbound lanes between University Dr. and downtown Dallas will be closed

Beginning Friday, November 22 at 10 p.m. through Monday, November 25 at 5 a.m.:

- Two north- and southbound lanes between University Dr. and downtown Dallas will be closed

During this work, southbound Lomo Alto Dr. will be closed from Lemmon Ave. to the DNT entrance ramp. See map for additional information.

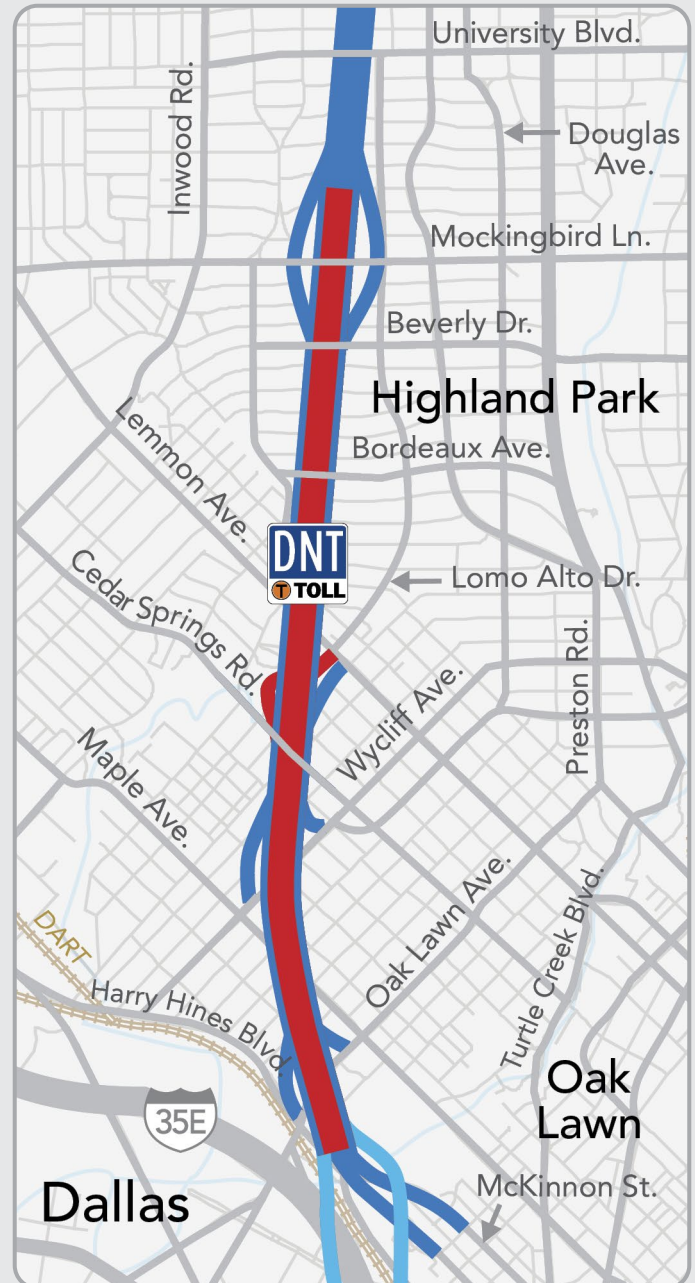

We appreciate your patience as we maintain our North Texas roadways.
